

This chapter attempts to simplify and standardise the verification process at the ADM. To this end, Depository sets out the list of people, termed “acceptable witnesses”, who may perform, among others, witnessing and certification functions for the depositor / Authorised Direct Member.

Any one of these acceptable witnesses may witness / certify relevant CDS forms and supporting documents which are required by Depository. These may include:-

- a. **Witnessing / certification of certain CDS forms and supporting documents, except as otherwise stated in this procedures manual**
- b. **Certified translated copies of documents in a foreign language**

Where a supporting document in a foreign language has been provided, it must be accompanied with an English translated copy. Both documents, i.e. the foreign document and the English copy, must be certified by an acceptable witness prior to submission to the ADM / Depository.

Please note that the examples cited above are for illustration purposes only and are not meant to be exhaustive in nature. Depository may, from time to time, introduce new procedures which require the witnessing and certification functions of an acceptable witness.
