

AskListing@Bursa

AskListing@Bursa is an on-line portal with a dedicated telephone number designed to serve our key stakeholders with regards to interpretation and compliance with the Listing Requirements for the Main, ACE and LEAP Markets ("LR"). Via the AskListing@Bursa on-line portal, all enquiries pertaining to the interpretation and compliance with LR are handled by a dedicated team electronically or on-line. This serves as an effective and efficient platform to improve communication as well as operational efficiencies and enhance the level of service to the market.

In addition, AskListing@Bursa also hosts our InterActiveLR which serves to promote the use of our published Frequently Asked Questions ("FAQs") and provide another new experience to our key stakeholders whereby hyper-links are created and assigned to each relevant provision in the LR to the relevant FAQ. This will promote the use of our published FAQs, to facilitate the reading and understanding of the LR by our key stakeholders and matching the FAQs to the relevant provisions in the LR.
