CHAPTER 1 – DEFINITIONS AND INTERPRETATION

1.1 Definition of “core business”

Pursuant to paragraph 1.01 of the Main LR, “core business” means the business which provides the principal source of operating revenue or after-tax profit to a corporation and which comprises the principal activities of the corporation and its subsidiary companies.

The principal activities of ABC Bhd are manufacturing and property development.

(i) Scenario 1

Both principal activities of ABC Bhd generate the following operating revenue and after-tax profit for ABC Bhd:

	Manufacturing Business	Property Development Business
Operating Revenue	RM20 million	RM30 million
After-Tax Profit	RM15 million	RM24 million

Pursuant to the definition of “core business” in paragraph 1.01 of the Main LR, what is the core business of ABC Bhd?

As the operating revenue and after-tax profit of its property development business provide the higher quantitative contribution compared to the operating revenue and after-tax profit of its manufacturing business, the core business of ABC Bhd is property development.

(ii) Scenario 2

How does ABC Bhd determine its core business if both its principal activities generate the following operating revenue and after-tax profit?

	Manufacturing Business	Property Development Business
Operating Revenue	RM25 million	RM30 million
After-Tax Profit	RM18 million	RM15 million

**Chapter 1 Definitions and Interpretation
[Questions & Answers]**

If the figures in relation to the quantitative aspect of the core business definition do not clearly show the core business of ABC Bhd (i.e. where the operating revenue of its property development business is higher than that for its manufacturing business but its after-tax profit of its manufacturing business is higher than that for its property development business), ABC Bhd may take into account other relevant factors such as its corporate objectives and plans when determining its core business.

1.1A Definition of “collective investment scheme”

Pursuant to paragraph 1.01 of the Main LR, “collective investment scheme” includes REITs, ETFs and closed-end funds. Does “collective investment scheme” include business trusts?

No, the definition of “**collective investment scheme**” under the Main LR does not include business trusts. This is aligned with the definition of “**collective investment scheme**” under the SC’s Guidelines for Listed REITs.

1.2 Definition of “independent director”

(i) Is there a difference between the definition of “officer” in paragraphs (b) and (d) of the said definition of “independent director” in Chapter 1 of the Main LR (“the said definition”)?

Yes. For the purpose of paragraph (b) of the said definition, “officer” has the meaning set out in section 2 of the Companies Act 2016 (e.g. director, secretary or employee of a corporation) but excludes a director who has served as an independent director of an applicant, a listed issuer or any one or more of its related corporations for a cumulative period of less than 12 years, whereas for the purpose of paragraph (d) of the said definition, “officer” has been defined in paragraph 1.01 of the Main LR to be the chief executive, the chief operating officer, the chief financial controller or any other person primarily responsible for the operations or financial management of the applicant, listed issuer or its related corporation, by whatever name called.

(ii) Mr Y is currently a non-executive director of C Bhd, a listed issuer. Can Mr Y subsequently be designated as an independent director of C Bhd?

Mr Y can only be designated as an independent director –

- after he observes a cooling-off period of 3 years as prescribed in paragraph (b)¹ of the said definition; and
- he meets the other independence criteria stipulated in the said definition.

¹ Paragraph (b) of the said definition stipulates that an independent director is one who is not, and has not been within the last 3 years, an officer of the applicant, listed issuer or any related corporation of such applicant or listed issuer (each corporation is referred to as the “**said Corporation**”). For this purpose, “**officer**” has the meaning given in section 2 of the Companies Act 2016 but excludes a director who has served as an independent director in any one or more of the said Corporations for a cumulative period of less than 12 years.

- (iii) **Would an independent director of a subsidiary of a listed issuer, who is proposed to be appointed as an independent director of such listed issuer, be disqualified from acting as an independent director of such listed issuer pursuant to paragraph (b) of the said definition?**

No, an independent director of a subsidiary will not be disqualified from acting as an independent director of such listed issuer pursuant to paragraph (b) of the said definition if he or she has served the subsidiary or any other related corporation of such listed issuer for a cumulative period of less than 12 years.

- (iv) **If *Mr A* were to be appointed by a listed issuer to act as a non-executive director of the listed issuer's unlisted subsidiary, would such appointment disqualify him from being an independent director of the listed issuer pursuant to paragraph (e) of the said definition?**

No, the appointment of *Mr A* by the listed issuer as a non-executive director of a non-listed subsidiary of a listed issuer would not disqualify him from being an independent director of such listed issuer pursuant to paragraph (e) of the said definition.

- (v) **What are the examples of "adviser" used in paragraph (f) of the said definition?**

"**Adviser**" is as defined in paragraph 1.01 of the Main LR and includes, amongst others, Qualified Persons and Senior Officers of the Recognised Principal Adviser, advocates and solicitors, licensed investment banks, universal brokers, tax consultants, accounting firms, auditing firms etc offering professional advisory services to the listed issuer or its related corporation.

- (vi) **Paragraph 5.1 of Practice Note 13 in relation to paragraph (g) of the said definition states that a person is disqualified from being an independent director of a listed issuer if he -**

- **had engaged personally in transactions with the listed issuer or its related corporation (other than for board services as an independent director) within the last 3 years; or**
- **is presently a partner, director or major shareholder of a firm or corporation ("the Entity") (other than subsidiaries of the listed issuer) which has engaged in transactions with the listed issuer or its related corporation within the last 3 years,**

and the consideration in aggregate exceeds 5% of the gross revenue on a consolidated basis (where applicable) of the person or the Entity or RM1 million, whichever is the higher ("the said Threshold").

***Mr A* is an independent director of *X Bhd*, a listed issuer. If *Mr A* were to purchase a car from *X Bhd* for his own use, the value of which exceeds the said Threshold, would he be disqualified from being an independent director of *X Bhd* pursuant to paragraph (g) of the said definition and paragraph 5.1 of Practice Note 13?**

Chapter 1 Definitions and Interpretation
[Questions & Answers]

As clarified under paragraph 5.2(a) of Practice Note 13, an acquisition of a car from the listed issuer will not be considered a “transaction” where it is purchased for personal use provided that the transaction is on normal commercial terms. Therefore, *Mr A* would not be disqualified from being an independent director of *X Bhd* pursuant to paragraph (g) of the said definition and paragraph 5.2(a) of Practice Note 13 due to the purchase of the car, provided that the purchase is on normal commercial terms.

- (vii) ***Mr X* is a director (and not a major shareholder) of *A Bhd*, a listed issuer. He is proposed to be appointed as an independent director of *B Bhd*, another listed issuer. *A Bhd* and *B Bhd* are engaged in transactions, the consideration of which exceeds the said Threshold. Would paragraph 5.1 of Practice Note 13 preclude *Mr X* from being appointed as an independent director of *B Bhd*?**

Mr X would not be disqualified from being an independent director of *B Bhd* pursuant to paragraph (g) of the said definition and paragraph 5.2(b) of Practice Note 13 if *Mr X* is not involved in the transactions entered into between *A Bhd* and *B Bhd*, i.e. *Mr X* is not the initiator, specified shareholder, agent or is not a party to such transactions, and provided that such transactions are on normal commercial terms.

- (viii) ***Mr X* is an executive director of *A Bhd*, a listed issuer and is proposed to be appointed as an independent director of *B Bhd*, another listed issuer. *A Bhd* is a telecommunications corporation and provides telecommunications services to *B Bhd*, the amount of which exceeds the said Threshold. *Mr X*, being the executive director of *A Bhd*, is directly involved in the transactions entered into with *B Bhd*. Would paragraph (g) of the said definition preclude *Mr X* from acting as an independent director of listed issuer *B Bhd*?**

Mr X would not be disqualified from being an independent director of *B Bhd* pursuant to paragraph (g) of the said definition and paragraph 5.2(c)(i) of Practice Note 13 provided that the services rendered by *A Bhd* are based on a non-negotiable fixed price or rate, which is published or publicly quoted, and the material terms including the prices or charges are applied consistently to all customers or classes of customers.

- (ix) **In order to come within the ambit of “published or publicly quoted” as provided under paragraph 5.2(c) of Practice Note 13, must the prices be advertised to the public?**

In order to satisfy the criterion of “published or publicly quoted” under paragraph 5.2(c) of Practice Note 13, the prices need not be advertised. So long as the pre-determined prices are or can be made readily available to the public or customers, this criterion is deemed satisfied.

Chapter 1 Definitions and Interpretation
[Questions & Answers]

- (x) **Mr A is appointed a director of X Bhd, a listed issuer on 5 August 2010. Mr A is also a major shareholder of Y Sdn Bhd. 5% of Y Sdn Bhd's gross revenue for the financial years ending 31 December 2007, 31 December 2008 and 31 December 2009 amounted to RM800,000. Y Sdn Bhd supplied X Bhd with raw materials in March 2010 and April 2010 the value of which amounted to RM900,000. Is Mr A disqualified from being an independent director of X Bhd?**

The relevant threshold to be considered pursuant to paragraph 5.1 of Practice Note 13 is RM1 million or 5% of Y Sdn Bhd's gross revenue for the last 3 financial years whichever is the higher. As 5% of the gross revenue of Y Sdn Bhd for the last 3 financial years amounted to only RM800,000, the relevant threshold is RM1 million. Pursuant to paragraph 5.1 of Practice Note 13, Mr A will not be disqualified from being an independent director of X Bhd because the value of the transactions entered into with Y Sdn Bhd of which Mr A is a major shareholder does not exceed RM1 million.

- (xi) **Mr A is an independent director of X Bhd, a listed issuer. Mr A entered into a contract to provide technical services to a subsidiary of X Bhd, the consideration of which is RM5 million and constitutes 10% of Mr A's gross revenue. Does this mean that Mr A is disqualified from being an independent director insofar as that transaction is concerned?**

The disqualification to act as an independent director is not specific to a transaction. As Mr A had entered into a transaction that exceeds the said Threshold, Mr A is disqualified from being an independent director. Mr A would not qualify to act as an independent director of X Bhd until such time when he fulfils all the requirements of the said definition.

- (xii) **Would the issuance of shares by a listed issuer or its subsidiary to a director of such listed issuer constitute a "transaction" as used in paragraph (g) of the said definition?**

No, the issuance of shares by a listed issuer or its subsidiary to a director of such listed issuer would not constitute a "transaction" for the purposes of paragraph (g) of the said definition.

- (xiii) **Mr X will receive remuneration from the listed issuer for services rendered to the listed issuer as a director. Would Mr X be disqualified from being an independent director pursuant to paragraph (g) of the said definition, for receiving remuneration from the listed issuer, particularly if the remuneration exceeds the said Threshold?**

No, the receipt of remuneration for services rendered to the listed issuer as a director would not constitute a "transaction" for the purposes of paragraph (g) of the said definition.

Chapter 1 Definitions and Interpretation
[Questions & Answers]

- (xiv) Paragraph (h) of the said definition stipulates that an independent director must be one who has not served as an independent director in any one or more of the said Corporations for a cumulative period of more than 12 years from the date of his or her first appointment as an independent director. How is the 12-year period computed?

Paragraph (h) of the said definition seeks to address the issues of entrenchment, familiarity and dependency with the management of any said Corporation which affects the “independence” of a director. As such, in computing the 12-year period, a person’s tenure as independent director in all the said Corporations within the listed issuer group will be aggregated during the same service period, irrespective of the number of directorships held within the said Corporations. The table below sets out examples illustrating this:

No.	Illustrations	Tenure of service
(a)	<p><i>Mr. A</i> serves as an independent director in the-</p> <ul style="list-style-type: none"> • listed issuer from 1 January 2023 - 31 December 2025 (3 years); and • listed subsidiary from 1 January 2027 – 31 December 2029 (3 years). 	His total period of service is 6 years.
(b)	<p><i>Mr. B</i> serves as an independent director in both the listed issuer and its listed subsidiary at the same time from 1 January 2023 – 31 December 2025 (3 years).</p>	The period of service is 3 years.
(c)	<p><i>Mr C</i> serves as an independent director in the-</p> <ul style="list-style-type: none"> • listed issuer from 1 January 2023 – 31 December 2025 (3 years); • listed subsidiary I from 1 January 2024 – 31 December 2025 (2 years); and • listed subsidiary II from 1 January 2025 – 31 December 2027 (3 years). 	The period of service is 5 years (from 1 January 2023 - 31 December 2027).
(d)	<ul style="list-style-type: none"> • <i>Mr. D</i> serves as an independent director in <i>X Berhad</i> (a listed issuer) from 1 January 2023 – 31 December 2025 (3 years). • <i>Mr. D</i> is also an independent director in <i>Y Bhd</i> from 1 January 2024 – 31 December 2027 (4 years). • <i>Y Bhd</i> is a listed subsidiary of <i>X Berhad</i>. 	The period of service is 4 years (1 January 2023 – 31 December 2026 i.e. up until <i>Y Bhd</i> ceases to be a subsidiary of <i>X Berhad</i> , irrespective of whether <i>Mr. D</i> continues to be a director in <i>Y Bhd</i>).

[Questions & Answers]

No.	Illustrations	Tenure of service
	<ul style="list-style-type: none"> • On 1 January 2027, X Berhad disposes all of its equity interests in Y Bhd. 	

(xv) **Mr. E served as an independent director in K Berhad (a listed issuer) from 1 June 2012 to 30 May 2015 (3 years). After leaving K Berhad for 2 years, Mr. E was appointed as an independent director in L Bhd (a subsidiary of K Berhad) from 1 June 2017 to 30 May 2021 (4 years).**

(a) **If Mr. E is appointed as an independent director of K Berhad on 1 June 2023 after an absence of 2 years from the listed issuer group, how many years has Mr. E served as an independent director? Is his tenure as independent director refreshed from 1 June 2023?**

Computation of the 12-year period in paragraph (h) of the said definition starts from the first day a person is appointed as an independent director and is calculated based on such person's total years of service on a cumulative basis. The 12-year period will only be refreshed after such person has left the board and observed the cooling off period of at least 3 years as prescribed in paragraph (b) of the said definition.

Based on the facts above, computation of Mr. E's tenure continues from his previous years of service as independent director in the listed issuer group. Prior to his latest appointment as an independent director in K Berhad on 1 June 2023, Mr. E had served as an independent director in the listed issuer group for 7 years. Hence, he would be serving his 8th year as an independent director of K Berhad if he is appointed on 1 June 2023.

(b) **If Mr. E is appointed as an independent director of K Berhad on 1 June 2024 after an absence of 3 years from the listed issuer group, is his tenure as independent director refreshed?**

Yes, Mr. E's 12-year tenure as an independent director is refreshed from 1 June 2024.

(xvi) **Mr. F serves as an independent director in P Bhd (a listed issuer) from 1 January 2020 - 31 December 2022 (3 years). On 1 January 2023, he is re-designated as a non-independent director in M Sdn Bhd, an unlisted subsidiary of P Bhd, and serves for another 3 years. When can Mr. F be appointed as an independent director in P Bhd or any related corporation of P Bhd? Does his tenure start afresh or continue from his previous years of service as an independent director?**

Mr. F can only be considered for appointment as an independent director in P Bhd or any related corporation of P Bhd after serving a cooling-off period of 3 years as prescribed in paragraph (b) of the said definition and if he meets the other independence criteria stipulated in the said definition. In such instance, Mr. F's 12-year tenure as an independent director would start afresh from the date of his appointment in 2029.

- (xvii) **Mr. G is currently an executive director of Q Bhd, a listed issuer. Can Mr. G subsequently be designated as an independent director of Q Bhd?**

Mr. G can only be designated as an independent director –

- after he observes a cooling-off period of 3 years as prescribed in paragraph (b) of the said definition; and
- he meets the other independence criteria stipulated in the said definition.

- (xviii) **Can an independent director who has served on the board for more than 12 years be allowed to remain on the board?**

Yes, such person may remain on the board only if he or she is re-designated as a non-independent director.

- (xix) **An independent director retires after serving for 12 years on the board of a listed issuer. Can the listed issuer subsequently appoint such person again as its independent director and if so, does the person's tenure as independent director start afresh?**

The listed issuer may appoint such person as an independent director of the listed issuer provided that the following are complied with:

- (a) such person has served a cooling-off period of at least 3 years as prescribed in paragraph (b) of the said definition;
- (b) such person satisfies all the independence criteria in the said definition; and
- (c) the listed issuer must justify the appointment of such person as an independent director, and explain why there is no other eligible candidate, in the statement accompanying the notice of general meeting and immediate announcement on the appointment of such director.

In such instance, the person's 12-year tenure as an independent director in the listed issuer will start afresh from the date of his latest appointment.

Notwithstanding the above, the listed issuer is strongly encouraged to seek other suitable candidates for the independent director position.

1.3 Definition of "person connected"

- Is the stepmother of a director of a listed issuer deemed a family member of that director and hence, a person connected with that director?**

Although a stepmother would not be regarded as a family member for purposes of the Main LR, a stepmother may still be regarded as a person connected with the director if she fulfils the other criteria of the definition of "person connected" as stipulated under paragraph 1.01 of the Main LR.

1.4 Definition of “public”

- (i) **A collective investment scheme or statutory institution that is managing funds belonging to contributors or investors who are members of the public, subject to fulfilling certain conditions as set out in the Main LR, would be deemed as "public" where its interest, direct or indirect, in a listed issuer is more than 5% but less than 15% of the total number of shares of such listed issuer. Would an associate of such collective investment scheme or statutory institution also be deemed as "public"?**

No, the associate of such a collective investment scheme or statutory institution would not be deemed as "public" under paragraph (a)(iii) of the definition “public” in paragraph 1.01 of the Main LR. Accordingly, the associate’s shareholdings should be excluded from comprising the public security holding spread.

- (ii) **Scheme A is a unit trust with an interest in 10% of the total number of listed shares in X Bhd. B is the fund manager of Scheme A. B holds 3% of the total number of shares of X Bhd. In computing its public spread, can X Bhd include both Scheme A and B as part of the public spread?**

X Bhd may include Scheme A in computing its public spread provided that Scheme A satisfies certain conditions as set out in the Main LR but it cannot include B as "public". This is because B is an associate of Scheme A, which is a substantial shareholder of X Bhd.

- (iii) **It is noted that a “public” shareholder excludes a person who holds or acquires shares through artificial means. What are the circumstances or examples where a person is deemed to hold or acquire shares through artificial means?**

Some examples which fall within the ambit of “artificial means” are as follows:

- (a) shares given away as free shares;
- (b) shares given as a gift; and
- (c) providing financial assistance or loans to acquire shares to nominees of the directors or substantial shareholders.

1.5 Definition of “public” in relation to a business trust

- (i) **Under paragraph 1.01 of the Main LR, the definition of “public” in relation to business trust excludes subsidiary entity as defined under the SC’s Business Trust Guidelines. What is a subsidiary entity?**

Under paragraph 2.01 of the SC’s Business Trust Guidelines, “**subsidiary entity**” is defined to mean any corporation or other entity where:

Chapter 1 Definitions and Interpretation
[Questions & Answers]

-
- (a) the trustee-manager (acting in its capacity as trustee-manager of the business trust) –
- (i) controls the composition of the board of directors of the corporation or board of persons of the entity which performs similar function as with a board of directors of a corporation, (“**Board**”);
 - (ii) controls more than half the voting shares of the corporation or voting rights of the entity; or
 - (iii) holds more than half of the issued share capital of the corporation (excluding preference shares) or its equivalent in the case of the entity; or
- (b) the corporation or entity is a subsidiary entity of another corporation or entity which is a subsidiary entity of the business trust.

Based on the above definition, apart from a corporation, a subsidiary entity of a business trust may include, among others, the following:

- a collective investment scheme;
- a management company of a collective investment scheme whose board of directors is controlled by the trustee-manager; or
- a subsidiary of the trustee-manager.

(ii) **The facts in relation to Illustration 1 below are as follows:**

- ***A Sdn Bhd* is a trustee-manager of *C Trust*, a business trust listed on the Main Market.**
- ***A Sdn Bhd* has a wholly-owned subsidiary, *B Sdn Bhd*, a management company who manages a collective investment scheme, *CIS M*.**
- ***Mr. K* is a director of *A Sdn Bhd* and *B Sdn Bhd*.**
- ***Corporation K* and *CIS M* are subsidiary entities of *C Trust* as defined under the SC’s Business Trust Guidelines.**
- ***Mr. L* is a director in *Corporation K*.**
- **Both *A Sdn Bhd* and *B Sdn Bhd* hold less than 5% in *C Trust*.**

Based on the facts above and Illustration 1 below, who are excluded from the definition of “public” under paragraph 1.01(e) of the Main LR in relation to *C Trust*, the listed business trust?

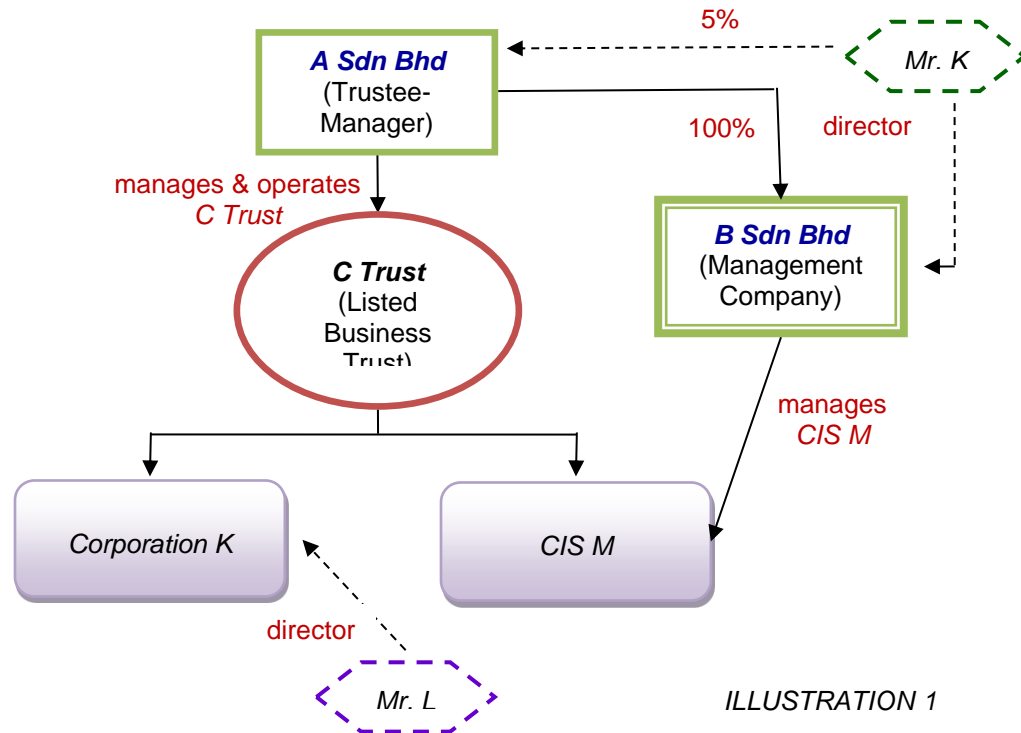

ILLUSTRATION 1

The following are excluded from the definition of public in relation to *C Trust*, the listed business trust:

Entity	Basis
(a) A Sdn Bhd	the trustee-manager
(b) Corporation K	a subsidiary entity
(c) CIS M	a subsidiary entity
(d) B Sdn Bhd	a subsidiary entity
(e) Mr. K	a director and substantial shareholder of the trustee-manager
(f) Mr. L	a director of a subsidiary entity

1.6 What is the definition of “year” in the Main LR? Does it refer to a calendar year or a financial year?

Where there is a reference to “year” in the Main LR, it refers to a calendar year. Where the reference is intended to be in relation to a “financial year”, the provision in the Main LR will clearly state so.

1.7 Definition of “Surprise Holiday” and “market day”**(i) What is a Surprise Holiday, and under what circumstances will the Exchange operate on a Surprise Holiday?**

Under paragraph 1.01 of the Main LR, Surprise Holiday means a day that is declared as a public holiday in the Federal Territory of Kuala Lumpur that has not been gazetted as a public holiday at the beginning of the calendar year. An example of a Surprise Holiday would be the declaration of a public holiday on 3 December 2021 for the Federal Territories of Kuala Lumpur, Putrajaya and Labuan in celebration of Kuala Lumpur City Football Club winning the Malaysia Cup on 30 November 2021.

Therefore, the provisions relating to Surprise Holidays in the Main LR are meant to address public holidays which are unscheduled or unanticipated only.

The Exchange will take into consideration the following factors before deciding to operate on a Surprise Holiday, i.e. whether-

- (a) the Real-Time Electronic Transfer of Funds and Securities System, being the financial market infrastructure, is also operating on such day to facilitate the clearing and settlement service; and
- (b) there is concurrence from the SC for the capital markets to remain open on the Surprise Holiday.

(ii) How soon will the Exchange notify the market before it operates on a Surprise Holiday, and how will the market be notified?

The Exchange will endeavour to provide advance notice to the industry and market in a timely manner. The Exchange will issue a media release to inform the public if it decides to operate on a Surprise Holiday.

In undertaking the assessment on the director's time commitment, the listed issuer and its nominating committee should evaluate whether sufficient time and attention is given to the affairs of the listed issuer, in light of the position(s) the director holds in the listed issuer. In this regard, the listed issuer and its nominating committee should consider, among others, the director's –

- attendance at board or committee meetings, major company events, briefings or site visitations;

Share registrar**2.11 How does a listed issuer ensure compliance with paragraph 2.21A of the Main LR in relation to the appointment of its share registrar?**

The requirements under paragraph 2.21A of the Main LR set out the general criteria and factors to be taken into account by a listed issuer when appointing and retaining a share registrar. The main objectives of the requirements are to facilitate the appointment and retention of suitable share registrars who are able to ensure the proper performance of the listed issuer's obligations under the Main LR and provide better quality services in a professional manner.

Hence, a listed issuer in appointing a share registrar, must be satisfied that the share registrar is able to provide the services that meet with its needs and expectations in line with the objectives of the requirements. For this purpose, the listed issuer may, amongst others:

- (a) make reasonable due enquiries to ensure and satisfy itself that the share registrar complies with paragraph 2.21A of the Main LR prior to the appointment of the share registrar; and
- (b) reflect the relevant provisions in paragraph 2.21A of the Main LR in the terms of engagement or service agreements entered into between the listed issuer and the share registrar, where appropriate.

2.12 How does a listed issuer ensure that the share registrar it has appointed continues to comply with the provisions set out in paragraph 2.21A of the Main LR?

A listed issuer may, for instance, monitor and review the performance of the share registrar in providing its services from time to time. Again, the listed issuer must be guided by the requirements of paragraph 2.21A where relevant, in making its assessment. For example, the listed issuer should take into account whether the share registrar had, from the last review, provided its services in a timely and efficient manner. In this regard, the listed issuer should take into account the feedback received from its shareholders, and also take the appropriate steps to investigate into complaints received from its shareholders in relation to the services provided by its share registrar.

Controlling Person**2.13 Who are the Controlling Person referred to in paragraph 2.22 of the Main LR?**

"Controlling Persons" is defined in paragraph 2.22 as a person who is, pursuant to a court order or otherwise, appointed to take possession or control over all or major assets of, or becomes responsible for the management of a listed issuer. This includes an interim liquidator appointed by the court.

2.14 Must a Controlling Person file an undertaking each time it acts for a listed issuer?

Yes, a Controlling Person must file 1 undertaking for each listed issuer it acts for. The form of the undertaking has been prescribed in Appendix 2B of the Main LR.

Issuance of documents through electronic means

- 2.15 Paragraph 2.19B of the Main LR provides that a listed issuer may send any document required to be sent under the Main LR to its securities holders (“Documents”), by electronic means subject to compliance with certain prescribed conditions. What constitutes electronic means under Paragraph 2.19B of the Main LR?**

Some of the electronic means contemplated include electronic mail (“**email**”), listed issuer’s website, or other electronic mode of communication agreed between the listed issuer and its securities holders.

- 2.16 A listed issuer which intends to send Documents to its securities holders via electronic means must, among others, ensure that its constitution provides for the use of electronic means, specifies the manner in which the electronic means is to be used and states that the contact details of a securities holder as provided to the Depository shall be deemed as the last known address provided by the securities holder to the listed issuer for purposes of communication with the securities holder.**

What are the details that a listed issuer’s constitution should specify relating to the manner in which the electronic means is to be used?

The listed issuer may set out operational details pertaining to the use of the electronic means such as information on –

- the type of electronic means adopted and specific provisions relating to such electronic means such as the requirement for separate notification for publication on website and proof of delivery for Documents issued via email;
 - the type of Documents which may be issued via electronic means;
 - the addresses or contact details in which the Documents will be sent to;
 - when a Document is deemed delivered pursuant to the electronic means; and
 - alternative arrangements to send the Documents to securities holders in the event of delivery failure.
- 2.17 If a listed issuer chooses website as the mode of communication with its securities holders, how may the listed issuer give the separate notification in writing as required under paragraph 2.19B(b) of the Main LR?**

The listed issuer may give the separate notification in writing in hard copy (e.g. letter) or by way of electronic means other than through the listed issuer’s website (e.g. email, short messaging service (“**SMS**”)) or any other form of communication permitted under the listed issuer’s constitution for purposes of written notification.

-
- 2.18 Paragraph 2.19B(c) of the Main LR stipulates that there must be proof of delivery if a Document or notification is sent to securities holders through email. How does a listed issuer show proof of email delivery?**

An email is deemed delivered if there is no written notification of delivery failure and there is record of the email being sent. This would serve as proof of email delivery as required under the Main LR.

- 2.19 Where a listed issuer sends the Documents via email to its securities holders, what should a listed issuer do in the event of a delivery failure?**

In the event of a delivery failure, the listed issuer must immediately send the Documents to the affected securities holders by other appropriate means as permitted under the listed issuer's constitution, such as in hardcopies. In this regard, the listed issuer should ensure that its constitution sets out, among others, the manner of which the Documents are to be sent to the affected securities holders in the event of a delivery failure.

- 2.20 What are the additional information which a listed issuer should provide to its securities holders when sending them the Documents by electronic means?**

A listed issuer should, among others, inform the securities holders that they have the right to request for a hard copy of the Documents and how may they make such a request.

- 2.21 Paragraph 2.19B(e) of the Main LR stipulates that a listed issuer must send documents required to be completed by securities holders for a rights issue or offer for sale ("Rights Issue and Offer for Sale Documents") through electronic mail, in hard copy or in any other manner as the Exchange may prescribe from time to time. What are the documents that fall within the ambit of Rights Issue and Offer for Sale Documents?**

The Rights Issue and Offer for Sale Documents are documents or forms that securities holders need to complete and submit to the listed issuer within a specified timeframe in relation to a rights issue or offer for sale. These include, the notices of provisional allotment and rights subscription forms (in the case of a rights issue), notices of provisional offer and offer acceptance forms (in the case of an offer for sale).

- 2.22 Is the Notice of Election and Dividend Reinvestment Form ("DRS Document") in relation to the Dividend Reinvestment Scheme subject to the requirements set out in paragraph 2.19B(e) of the Main LR which must be sent via email, hardcopy or in any other manner prescribed by the Exchange?**

No, the DRS Document is not subject to the requirements set out in paragraph 2.19B(e). A listed issuer may determine how the DRS Document should be sent to its securities holders in accordance with its constitution to encourage greater participation.

- 2.23 Is a listed issuer in compliance with paragraph 2.19B(e) of the Main LR if it publishes its abridged prospectus in relation to a rights issue on its website and forward the rights subscription form in hardcopies to its securities holders?**

Yes. The listed issuer is in compliance with the requirement under the Main LR so long as the documents which are required to be completed by securities holders in relation to the rights issue (e.g. notices of provisional allotment and rights subscription forms) are sent in hardcopy, by way of email, or in any other manner as the Exchange may prescribe from time to time.

- 2.24 A listed issuer has opted to send the Rights Issue and Offer for Sale Documents via email to its shareholders who have given their email addresses to the Depository. Must the listed issuer forward hard copies of the documents if these shareholders request for hard copies of the same?**

Yes, the listed issuer is still required to send hard copies of the notices of provisional allotment and rights subscription forms to its shareholders who request for the same pursuant to paragraph 2.19B(d) of the Main LR.

- 2.25 Paragraph 2.19B(d) of the Main LR requires a listed issuer to forward a hard copy of the Document to the securities holder as soon as reasonably practicable after the receipt of the request. What is the reasonably practicable timeframe for a listed issuer to forward hard copies of the Document after the receipt of such request?**

Generally, hardcopies of the Rights Issue and Offer for Sale Documents, should be given within 2 market days after the receipt of the request. This is to ensure that securities holders have sufficient time to understand the procedures involved and act immediately or promptly to complete the forms within the specified timeframe for the rights issue or offer for sale.

As for Documents other than the Rights Issue and Offer for Sale Documents, hardcopies of such documents should be given within 4 market days after receipt of the request.

Obligation to comply with the Main LR on a Surprise Holiday which is a market day

- 2.26 Will a listed issuer be required to fulfill its obligations under the Main LR if the Exchange operates on a Surprise Holiday? Will the answer be any different if the listed issuer is not open on such day?**

Yes, a listed issuer is expected to make the necessary arrangements to execute its duties and obligations on the Surprise Holiday, irrespective whether it remains open or otherwise.

There may be some instances of Surprise Holidays that are sudden, or announced pursuant to the Holidays Act 1951 with short notice. The Exchange will take into consideration all facts and circumstances before deciding if any variation to the obligations or timelines applicable to the listed issuer under the Main LR should be considered on a case-to-case basis, in such instances.

A listed issuer may consult the Exchange for guidance if it foresees any issues with meeting its obligations.

2.27 How will a period of market days be computed if there is a Surprise Holiday within that period where the Exchange is open for trading in securities?

The Surprise Holiday will be included in the computation of the period of market days. This means that a listed issuer must also comply with, or give effect to, the provisions in the Main LR within a stipulated timeframe which falls on, or includes, the Surprise Holiday.

CHAPTER 4 – ADMISSION FOR SPECIFIC APPLICANTS

- 4.1 There appears to be no requirement for closed-end funds to provide undertakings in this Chapter. Does it mean that such funds need not provide any undertaking at all?**

No, closed-end funds must provide undertakings to Bursa Securities in the same way as other types of companies. Pursuant to paragraph 4.01(1) of the Main LR, the requirements in Chapter 4 are to be complied with in addition to the requirements in Chapter 3. If there is a requirement in Chapter 4 which conflicts with the requirements in Chapter 3, the requirements in Chapter 4 will prevail.

- 4.2 *ETF A* which has been approved by the SC to list on Bursa Securities has an initial size of 300 million units. However, the management company of *ETF A* intends to issue and list only 160 million *ETF* units at the initial listing stage. What is the total number of *ETF* units that the management company must apply for listing in the Initial Listing Application that is submitted to Bursa Securities for approval, pursuant to paragraph 9.0 of Practice Note 23?**

The management company of *ETF A* must apply for listing of the maximum number of *ETF* units based on its initial size of 300 million *ETF* units, even though the number of *ETF* units to be issued upon listing is only 160 million units. The management company must also apply for quotation of the same quantum of *ETF* units i.e. up to 300 million units in its application for quotation. In view of the nature of an *ETF* with the in-kind creation and redemption feature, the number of *ETF* units issued and listed may increase and decrease from time to time, depending on the demand and supply of the *ETF* units traded on Bursa Securities. Thus, in order to facilitate and expedite the in-kind creation and redemption of *ETF* units, no additional application for listing and quotation will be required by the management company as long as it is within its initial size.

- 4.3 Based on the same facts as in Question 4.2 above, assuming that the management company of *ETF A* plans to issue and list new *ETF* units subsequent to the listing in addition to the 160 million *ETF* units but which is less than the initial size of 300 million units, do they need to submit a new additional listing application and application for quotation for these additional 140 million *ETF* units to Bursa Securities for approval?**

No, the management company of *ETF A* need not apply for listing and quotation of the additional units issued, i.e. 140 million units, as the total number of *ETF* units to be issued, i.e. 300 million *ETF* units is still within the initial size of the *ETF* as approved under the Initial Listing Application.

**Chapter 4 Admission for Specific Applicants
[Questions & Answers]**

- 4.4 This question is independent from Question 4.3 above. Based on the same facts as in Question 4.2 above, assuming that the management company intends to issue an additional 340 million units, can it still proceed without applying to Bursa Securities for listing and quotation of the additional units?**

No, in this case, as the total number of ETF units to be issued, i.e. 500 million units (160 million units issued in Question 4.2 above plus the additional 340 million units issued under this Question) will exceed the initial size of *ETF A* i.e. 300 million units which listing and quotation had been approved by Bursa Securities at the initial listing stage, the management company must file with Bursa Securities an application for listing and quotation of the additional 200 million new ETF units in accordance with the requirements under Chapter 6 of the Main LR.

- 4.5 Based on the examples given in Questions 4.2 and 4.4 above, what are the initial listing fee and additional listing fee payable by the management company respectively?**

Based on the Main Market Schedule of Fees, in relation to an ETF, a management company must pay the listing fee on the initial size of fund that has been approved for listing by Bursa Securities. As such, for Question 4.2 above, the initial listing fee payable by the management company will be based on the initial size of 300 million ETF units. This fee is payable to Bursa Securities upon the submission of application for listing by the management company to Bursa Securities pursuant to paragraph 7.0 of Practice Note 23. As for Question 4.4 above, the additional listing fee payable will be based on the additional 200 million ETF units. This additional listing fee is payable upon submission of the application for listing and quotation of the 200 million new ETF units by the management company to Bursa Securities pursuant to Chapter 6 of the Main LR.

- 4.6 Is an ETF required to comply with any unit spread requirements under the Main LR?**

Pursuant to paragraph 4.12 of the Main LR, Bursa Securities may require a management company seeking listing of units of an ETF on Bursa Securities to comply with such unit spread requirements as may be prescribed by Bursa Securities. However, unless otherwise prescribed by Bursa Securities generally, an ETF will not be required to comply with any unit spread requirement upon listing or as a continuing listing obligation.

- 4.6A With the deletion of the requirements pertaining to the contents of the deed or constituent document governing ETFs in paragraph 4.13 and Appendix 4B, does it mean that ETFs are no longer required to comply with any prescribed contents of the deed or constituent document?**

No. The requirements on the contents of the deed or constituent document are deleted from the Main LR as the SC's Guidelines on Exchange-Traded Funds already prescribe comprehensive provisions that must be contained in the deed or constituent document. As such, an ETF must still ensure that its deed or constituent document comply with the requirements in the SC's Guidelines on Exchange-Traded Funds.

Stapled Securities**4.7 Can each applicant/ issuer of stapled securities appoint its own agent or representative to be responsible for communication with the Exchange thereby having 2 agents or representatives to act for the stapled group?**

No, applicants/issuers of stapled securities can appoint only one agent or representative to be the single contact person responsible for communications with the Exchange, on behalf of the stapled group.

4.8 Who can be an agent or representative for the stapled group?

The Exchange does not prescribe any eligibility criteria for such person.

4.9 Are both issuers of stapled securities (i.e. the anchor issuer and other stapled issuer) required to issue its quarterly reports to the Exchange?

No, for purposes of paragraph 9.22 of the Main LR, only the anchor issuer of stapled securities must announce to the Exchange the quarterly report of the stapled group on a consolidated or combined basis.

4.10 Are both issuers of stapled securities (i.e. the anchor issuer and other stapled issuer) required to issue its annual reports to the Exchange?

Pursuant to paragraph 9.1 of Practice Note 31 only the anchor issuer is required to issue and announce its annual report to the Exchange. The other stapled issuer is not required to do so. However, if it does, it must also announce the annual report to the Exchange.

4.11 Who is required to comply with the requirements relating to dealings in listed stapled securities under Chapter 14 of the Main LR?

The respective directors and principal officers of both the issuers of stapled securities are required to comply with the relevant requirements set out in Chapter 14 of the Main LR, when dealings in listed stapled securities.

4.12 Can issuers of stapled securities unstackle their securities any time after listing?

No, issuers of stapled securities must ensure that the securities remain stapled at all times after listing. The Exchange may de-list any of all the securities from the Official List if the securities are no longer stapled.

Chapter 4B Listing of Sukuk and Debt Securities [Questions & Answers]

QUESTIONS AND ANSWERS IN RELATION TO BURSA MALAYSIA SECURITIES BERHAD MAIN MARKET LISTING REQUIREMENTS (As at 27 January 2015)

CHAPTER 4B - LISTING OF SUKUK AND DEBT SECURITIES

Exchange Traded Bonds (“ETB”)

4B.1 What is the main difference between a listing of sukuk or debt securities on Bursa Securities as ETB and under the Exempt Regime?

ETB are sukuk or debt securities which are listed and quoted for trading on Bursa Securities. As trading is available on Bursa Securities’ platform, it allows all investors, including retail, sophisticated and institutional investors to participate in bonds trading in a transparent manner.

Listing of sukuk or debt securities under the Exempt Regime means the sukuk or debt securities sought to be listed on Bursa Securities will not be quoted or traded on Bursa Securities. This regime is specifically for issuers which intend to list its sukuk or debt securities on Bursa Securities for listing status and for profiling purposes, and where the targeted group of investors is sophisticated investors. Trading of sukuk or debt securities under the Exempt Regime takes place over-the-counter and is inaccessible to retail investors.

4B.2 Must an issuer of ETB obtain SC’s approval before it submits its listing application to Bursa Securities?

An issuer of ETB needs to obtain SC’s approval if it is required under Section 212 (4) of the CMSA. In that case, an issuer may only submit its listing application to Bursa Securities after it has received its approval from SC.

4B.3 Can an issuer issue ETB which is convertible or exchangeable into listed securities?

An issuer may only issue ETB which is convertible or exchangeable into listed shares, and not any other type of securities. Such issuer must comply with Chapter 4B and the provisions in Part I of Chapter 6 of the Main LR (which relates to the requirements for an issue of convertible securities), as if it were the listed issuer, with the necessary modifications.

4B.4 Paragraph 4B.06 of the Main LR requires additional provisions relating to a meeting of sukuk or debt securities holders to be included in a trust deed or any other document governing the rights of the sukuk or debt securities holders. Does it mean that all ETB issuers must have a trust deed?

No, it depends on whether the issuer is required to have a trust deed under the CMSA 2007 and SC’s Private Debt Securities Guidelines.

Where an issuer of ETB has a trust deed, the trust deed must include the provisions relating to a meeting of sukuk or debt securities holders as set out in Appendix 4B-A of the Main LR. In the absence of a trust deed, an issuer must include the provisions set out in Appendix 4B-A in any other document governing the rights of the sukuk or debt securities holders.

Chapter 4B Listing of Sukuk and Debt Securities [Questions & Answers]

However, an issuer of ETB is not required to include the provisions set out in Appendix 4B-A of the Main LR if the ETB is:

- (a) issued by the Federal Government of Malaysia, State Government of Malaysia or any statutory body ; or
- (b) guaranteed by the Federal Government of Malaysia or Bank Negara Malaysia,

Chapter 4B Listing of Sukuk and Debt Securities [Questions & Answers]

4B.11 What is meant by listing of sukuk or debt securities under an “Exempt Regime”?

This regime is specifically for issuers who intend to list its sukuk or debt securities on Bursa Securities for the listing status and for profiling purposes, and where the targeted group of investors is sophisticated investors.

4B.12 Must an issuer obtain the SC’s approval before it submits its listing application to Bursa Securities?

In that case, an issuer may submit its listing application to Bursa Securities at the same time it submits its application for approval to the SC. However, Bursa Securities’ approval for listing, if given, will be conditional upon to the SC’s approval being granted for the issue or offer of the sukuk or debt securities.

4B.13 What is the currency in which the sukuk or debt securities may be listed under an Exempt Regime?

CHAPTER 5 - STRUCTURED WARRANTS

General

5.1 What are the roles of SC and Bursa Securities respectively in approving the issuance and listing of structured warrants (“SW”)?

SC approves the eligibility of an issuer of SW, and registers the prospectus and term sheet for specific issuance of SW in accordance with the CMSA. Bursa Securities approves the listing and quotation of SW on Bursa Securities pursuant to the Main LR.

SW where underlying financial instrument is exchange-traded fund (“ETF”)

5.1A Are the market capitalisation requirements still applicable to ETF in the case of an issuance and listing of SW where the underlying financial instrument is units in the ETF?

Yes, if the ETF is listed on a securities exchange outside Malaysia which is a member of World Federation of Exchanges or which is approved by Bursa Securities. In such instance, the issuer must ensure that the underlying ETF meets the market capitalisation requirements in paragraph 5.04 of the Main LR.¹ However, there are no market capitalisation requirements applicable if the underlying ETF is listed on Bursa Securities.

Listing of SW pending listing of underlying financial instrument

5.2 Can an issuer submit a listing application to Bursa Securities for the issuance and listing of SW where the underlying corporation or ETF has not been listed but is seeking listing either on Bursa Securities or on a securities exchange outside Malaysia?

Yes, the issuer may do so provided that it complies with the following requirements:

¹ Paragraph 5.04(1)(b) of the Main LR stipulates, among others, that where the underlying ETF is listed on a securities exchange outside Malaysia which is a member of the World Federation of Exchanges or is approved by the Exchange, the underlying ETF must have an average daily market capitalisation equivalent to at least –

- (a) RM3 billion in the past 3 months ending on the last market day of the calendar month immediately preceding the date of issue; or
- (b) RM5 billion for newly listed ETF that does not meet the 3 month market capitalisation track record.

Paragraph 5.04(2) of the Main LR stipulates that if the underlying ETF will be listed on a securities exchange outside Malaysia which is a member of the World Federation of Exchanges or which is approved by the Exchange, the underlying ETF must have a market capitalisation equivalent to at least RM5 billion based on the issue price of the units in the ETF as set out in the prospectus.

- (b) in the case of an underlying ETF, paragraph 5.04A⁴ of the Main LR and in addition, paragraph 5.04(2) of the Main LR (if the ETF is seeking listing on a securities exchange which is a member of the World Federation of Exchanges or is approved by Bursa Securities).

5.3 Since listing of SW where the underlying corporation or ETF is seeking listing on Bursa Securities is permitted under the Main LR, when will such SW be listed on Bursa Securities?

Generally, the listing of SW shall only take place 5 market days after the date of the listing of the underlying shares in a corporation or units of an ETF on Bursa Securities (“**5 Market Day Requirement**”).

5.4 Is the 5 Market Day Requirement applicable to a listing of SW on Bursa Securities where the underlying corporation or ETF is seeking listing on a securities exchange outside Malaysia?

No, the 5 Market Day Requirement does not apply to such listing of SW on Bursa Securities.

Underlying shares for put warrants**5.4A Can an issuer issue put warrants based on underlying shares listed on Bursa Securities, including the non-Approved Securities?**

No. Pursuant to paragraph 5.06 of the Main LR, an issuer can only issue put warrants based on underlying shares which are part of the Approved Securities as defined in Rule 1.01 of the Rules of Bursa Securities.

5.4B What are considered as “Approved Securities”?

Pursuant to paragraph 5.02 of the Main LR, “Approved Securities” has the meaning given in Rule 1.01 of the Rules of Bursa Securities. The list of the “Approved Securities” may be obtained at Bursa Securities’ website at:

⁴ The underlying ETF must not be a leveraged ETF or inverse ETF.

Admission Processes & Procedures**5.5 Is an issuer required to submit an application for quotation?**

No, an issuer is not required to file a separate application for quotation. An issuer needs to submit only one application (in a template as set out in Annexure PN27-A of Practice Note 27) together with all supporting documents, confirmations and undertakings prescribed in Practice Note 27.

5.6 In respect of a single issue of SW, when should an issuer file its listing application to Bursa Securities?

Pursuant to paragraph 2.1(a) of Practice Note 27, an issuer should file its listing application to Bursa Securities concurrently, i.e. on the same day it submits a registrable prospectus to the SC.

5.7 What is the reason for making the announcement pursuant to paragraph 6.2 and 7.1(i) of Practice Note 27?

An issuer must announce the relevant information pursuant to paragraph 6.2 and 7.1(i) of Practice Note 27 via a template available in the Bursa Link System to inform the investors of the actual listing date and details of the SW in place of the listing circular which Bursa Securities has ceased to issue.

5.8 What is the cut-off time for the issuer to make the announcement pursuant to paragraph 6.2 and 7.1(i) of Practice Note 27?

An issuer must make the announcement not later than 1 p.m. on the market day immediately before the actual listing date in order to provide a reasonable notice period to the investors and Bursa Securities.

5.9 In view of the cut-off time referred to in Question 5.8 and the condition that the announcement can only be made after receipt of a confirmation from Bursa Depository that the SW are ready to be credited into the respective securities accounts, what is the cut-off time for the issuer to submit the final allotment information and the warrant certificate to Bursa Depository?

If an issuer wants the listing to take place on a particular date, it must submit an error-free final allotment information and the warrant certificate to Bursa Depository at the earliest time practicable and in any event not later than 9.00 a.m. on the market day immediately before the actual listing date.

5.10 Do the issuer of SW and its directors have to provide any undertakings to Bursa Securities?

Yes, an issuer of SW has to furnish to Bursa Securities an undertaking in the form as prescribed in Annexure PN27-C of Practice Note 27 while its directors have to provide undertakings in the form as prescribed in Annexure PN27-D of Practice Note 27.

- 5.11 In respect of an issuer undertaking a multiple issuance of SW pursuant to paragraph 3.0 of Practice Note 27, is the issuer required to submit a letter of undertaking executed by the issuer and a letter of undertaking executed by each of its directors together with each of its listing application submitted to Bursa Securities?**

An issuer may submit a letter of undertaking executed by the issuer and a letter of undertaking executed by each director in the format prescribed in Annexure PN27-C and Annexure PN27-D respectively in its first listing application submitted under each base prospectus. This undertaking letter will be applicable for all subsequent listing applications made within the validity period of the base prospectus.

For an issuer whose base prospectus is issued before the effective date of Annexure PN27-C and Annexure PN27-D (i.e. 3 August 2009), the issuer must submit the said letters of undertaking in the format prescribed in Annexure PN27-C and Annexure PN27-D respectively in its first listing application submitted to Bursa Securities after 3 August 2009.

- 5.12 Reference is made to Question 5.11. When should a new director (who is appointed after the first listing application) submit the letter of undertaking to Bursa Securities?**

Pursuant to paragraph 5.37 of the Main LR, an issuer must ensure the new director submits the letter of undertaking in the format prescribed in Annexure PN27-D of Practice Note 27 within 14 days after his appointment date.

Market making

- 5.13 Can an issuer of SW opt not to place out the SW to the prescribed minimum number of holders (“Required Placement”) upon issuance?**

Yes, pursuant to paragraph 5.11(2)(b) of the Main LR, if an issuer provides liquidity for the SW via market making, it need not comply with the Required Placement.

- 5.14 Can an issuer provide market making for its SW issue even if it complies with the Required Placement at issuance?**

Yes, an issuer may choose to provide market making for its SW even though it has already complied with the Required Placement.

- 5.15 How many market makers are allowed for each SW issue?**

Pursuant to paragraph 5.12 of the Main LR, only 1 market maker is allowed for each SW issue.

- 5.16 Can an issuer be a market maker for its SW issues?**

An issuer can be a market maker provided that it is registered as a market maker under the Rules of Bursa Securities. If the issuer decides not to market make for its SW issues, it can appoint a third party to carry out the market making.

Terms and conditions**5.17 Can an issuer issue additional units of SW to the existing holder as a result of an adjustment arising from the Corporate Proposals⁵?**

No, pursuant to paragraph 5.17 of the Main LR, where an issuer proposes an adjustment to the terms of the SW arising from a Corporate Proposal, the issuer may only adjust the exercise price, conversion ratio or call price of its SW. It is not allowed to issue additional units to the existing holders.

Further Issue**5.18 Can the issuer place out or offer the additional units of SW issued under a further issue of its SW (“Further Issue”) which form part of the existing listed series of SW (“Existing Issues”) to the public directly?**

No, issuance of additional units of SW under Further Issue pursuant to paragraph 5.29 of the Main LR is only allowed for market making purpose.

In this respect, the additional units will be listed as additional units to the Existing Issue and will be traded under the same stock code, stock short name and ISIN Code as the Existing Issue.

5.19 Is there any additional listing fee chargeable for the listing of additional units under Further Issue?

No.

Continuing listing obligations**5.20 Does the obligation to submit financial statements in accordance with paragraph 5.34(1) of the Main LR apply to an issuer which issues a bull equity linked structure on 1 September 2009 with an expiry date of 6 months and the issuer has a financial year ending on 31 December?**

No, pursuant to paragraph 5.34(2) of the Main LR, the obligation to submit financial statements does not apply to an issuer of bull equity linked structure with an expiry date which takes place before the due date to submit financial statements. In this instance, the bull equity linked structure will expire on 28 February 2010 whilst the due date to issue the financial statement is within 3 months of 31 December 2009 i.e. by 31 March 2010. Therefore, the obligation to submit financial statements in accordance with paragraph 5.34(1) does not apply.

⁵ Based on paragraph 5.02 of the Main LR, “Corporate Proposal” means -

- (a) a corporate exercise undertaken by the underlying corporation or the issuer of the underlying financial instrument, such as capitalisation issues, rights issue, consolidation or subdivision of shares or capital reduction exercises; or
- (b) any event which has a dilutive or concentrative or other effect on the theoretical value of the underlying financial instruments.

**Chapter 5 Structured Warrants
[Questions & Answers]**

5.21 In respect of the bull equity linked structure referred to in Question 5.20 above, how often does the periodic information referred to in paragraph 5.35(1)⁶ of the Main LR have to be furnished to Bursa Securities?

As the expiry date of the bull equity linked structure in this case is 6 months, pursuant to paragraph 5.35(2)(b) of the Main LR, an issuer must furnish to Bursa Securities the periodic information prescribed in paragraph 5.35(1), on a fortnightly basis.

5.22 In respect of the bull equity linked structure referred to in Question 5.20 above, when does the notice of expiry have to be issued?

As the expiry date of the bull equity linked structure in this case is 6 months, pursuant to paragraph 5.36(1)(a) of the Main LR, the notice of expiry must be issued not less than 2 weeks before the expiry date.

5.23 What is the rationale for requiring an issuer to announce the number and percentage of SW not held by the issuer or its market maker on a monthly basis under paragraph 5.35(5) of the Main LR?

Such reporting requirement is to ensure transparency of all pertinent information related to the SW to investors earlier and on a more frequent basis.

5.24 Is the draft notice of expiry of SW subject to Bursa Securities' review before issuance?

No, Bursa Securities will not peruse the draft notice of expiry of SW. In this respect, an issuer must include a statement in the notice that Bursa Securities has not perused the notice of expiry prior to issuance.

5.25 Is an issuer required to despatch the notice of expiry of its SW to the holders of the SW?

Pursuant to paragraph 5.36(2) of the Main LR, only an issuer of SW without an automatic exercise feature is required to despatch the physical notice of expiry to the holders of the SW. However, all issuers must prepare and announce a notice of expiry in accordance with paragraph 5.36(1) of the Main LR.

5.26 In the case of expiry of a SW, when will the suspension of the trading in SW take place?

Generally, the trading in SW will be suspended before its expiry date, i.e. at 9.00 a.m. on the relevant date as follows:

		Commencement of suspension
(i)	SW with automatic exercise feature (other than bull equity-linked structure)	2 market days before the expiry date

⁶ The periodic information prescribed under paragraph 5.35(1) of the Main LR is –

- (a) the number of SW exercised during the relevant timeframe;
- (b) the cumulative number of SW exercised to date; and
- (c) the number of SW outstanding.

		Commencement of suspension
(ii)	SW other than specified in (i) above (other than bull equity-linked structure)	11 market days before the expiry date
(iii)	Bull equity-linked structure	4 market days before the expiry date

5.27 What is the information required to request for suspension pursuant to paragraph 5.41 of the Main LR?

An issuer must provide the relevant information as required under Practice Note 2 of the Main LR together with the supporting documents/announcements.

5.28 Does an issuer of SW have any other continuing listing obligations apart from those stated in Chapter 5 of the Main LR?

Yes, pursuant to paragraph 5.42 of the Main LR, an issuer must also comply with Chapters 1, 2 and 16. The other Chapters of the Main LR do not apply to an issuer of SW.

5.29 Does an issuer of SW have to comply with the provisions relating to corporate governance, for example, the requirement to set up an audit committee?

No, pursuant to paragraph 5.42 of the Main LR, an issuer is not required to comply with the provisions on corporate governance as set out in Chapter 15 of the Main LR. However, an issuer is encouraged to maintain good corporate governance in its company.

Announcements

5.30 In announcing the books closing date (“BCD”) for the adjustment to the terms of the SW (“Adjustment”) pursuant to paragraph 5.43(3) of the Main LR, must an issuer fix the BCD for the Adjustment on the same date as the BCD for the corporate proposal of the underlying corporation or underlying financial instrument?

Yes, where the underlying corporation or underlying financial instrument is listed on Bursa Securities, an issuer must ensure that the BCD for the Adjustment is the same as the BCD for the corporate proposal of the underlying corporation or underlying financial instrument.

However, if the underlying corporation or underlying financial instrument is listed on a securities exchange outside Malaysia, the settlement period of the foreign underlying corporation or underlying financial instrument may be different from Bursa Securities. In this instance, an issuer need not ensure that the BCD of the Adjustment is the same as the BCD for the corporate proposal of the foreign underlying corporation or underlying financial instrument. However, the issuer must ensure that the ex-entitlement date of the Adjustment is the same as the ex-entitlement date for the corporate proposal of the foreign underlying corporation or underlying financial instrument.

Callable Bull/Bear Certificate (“CBBC”)

5.31 Does a CBBC issuer have to comply with the same obligation as an issuer of SW?

Unless otherwise provided in the Main LR, an issuer of CBBC must comply with all the requirements in the Main LR which are applicable to an issuer of SW.

5.32 Issuer A intends to issue 100 million callable bear certificates on 1 June 2010. The callable bear certificates issued will be based on PLC X’s shares listed on Bursa Securities. In what situation can Issuer A issue the callable bear certificates?

Pursuant to paragraph 5.06(a) of the Main LR, Issuer A may only issue the callable bear certificates if the shares are part of the Approved Securities⁷.

5.33 [Deleted]

5.34 If the underlying financial instrument of a callable bear certificate is an ETF, must the issuer issue the callable bear certificates together with the callable bull certificates?

No, the issuer need not issue the callable bear certificates together with any callable bull certificates if the underlying financial instrument is -

- (a) an ETF;
- (b) an index; or
- (c) Approved Securities.

5.35 On 1 June 2010, Issuer A issues 100 million of callable bull certificates based on PLC X’s shares listed on Bursa Securities. The certificates have the following features:

Call Price : RM1.50
Exercise Price : RM1.00
Expiry Date : 30 Dec 2010

On 2 August 2010, the transacted prices of PLC X’s shares as at 10.30 a.m. are as follows:

Time (a.m.)	Transacted Price (RM)
9.00	1.60
9.20	1.70
9.30	1.40
10.00	1.70
10.30	1.50

⁷ See also Question and Answer 5.4B for more information on the Approved Securities.

(a) When does the MCE⁸ for the callable bull certificates occur?

The MCE for the callable bull certificates occurs at 9.30 a.m. on 2 August 2010, when the transacted price is RM1.40, which is below the call price.

(b) What happens to the callable bull certificate when a MCE occurs?

When a MCE occurs, the certificates will be called and terminated by Issuer A immediately.

5.36 Settlement of CBBCs where the call price is different from the exercise price

This Question is based on the same facts as Question 5.35 above. For the purpose of this Question, it is assumed that the next trading session after the MCE occurs at 9.30 a.m. contains at least 1 hour of continuous trading for *PLC X's* shares as defined in paragraph 5.25A(2) of the Main LR.

(a) Assuming the traded prices of *PLC X's* shares during the various trading phases on 2 August 2010 are as follows:

No	Trading Phase	Time	Traded Price of PLC X's Shares (RM)
1	Opening	9.00 a.m.	2.00
2	Continuous Trading	9.30 a.m.	1.40
		10.00 a.m.	1.70
		10.30 a.m.	1.50
		11.30 a.m.	1.60
		12.30 p.m.	1.30
Lunch			
3	Opening	2.30 p.m.	0.90
4	Continuous Trading	3.00 p.m.	1.20
		3.30 p.m.	1.35
		4.00 p.m.	1.40
5	Closing	4.50 p.m.	0.90

Are the callable bull certificate holders in this case entitled to receive a cash amount upon the MCE?

Yes. Pursuant to paragraphs 5.25A(1)(b)(i) and 5.25A(2)(a) of the Main LR, where the call price of a callable bull certificate is different from the exercise price, the certificate holders will receive a cash amount if the lowest traded price transacted during the main trading

⁸ "MCE" or "mandatory call event" is defined in paragraph 5.02 as the first occurrence at any time before the certificate's expiry date where the transacted price of the underlying financial instrument is –

- (a) at or below (in respect of a callable bull certificate); or
- (b) at or above (in respect of a callable bear certificate),

the call price and upon which the callable bull/bear certificate will be called by the issuer.

**Chapter 5 Structured Warrants
[Questions & Answers]**

phase as prescribed by Bursa Securities (“**Main Trading Phase**”)⁹ of an underlying financial instrument from the MCE up to the end of the next trading session, is above the exercise price.

In this case, MCE occurs at 9.30 a.m. The lowest traded price transacted during the Main Trading Phase** of PLC X’s shares from the MCE (9.30 a.m.) up to the end of the afternoon trading session, is higher than the exercise price of RM1.00.

As such, the callable bull certificate holders in this case are entitled to receive a cash amount upon the MCE.

***For the purpose of the lowest traded price during the Main Trading Phase, the opening and closing prices are not taken into account. As such, the opening and closing prices of RM0.90 which is lower than the exercise price of RM1.00 is not taken into account. Instead, RM1.20 which is the lowest traded price during the continuous trading phases is regarded as the lowest traded price for settlement purpose.*

Note: The requirement that only the lowest/highest traded price that occurs during the “Main Trading Phase” can be taken into account in computing the settlement price of a CBBC, is only applicable when the underlying financial instrument is shares or ETF listed on the Exchange.

- (b) **This Question is independent from Question (a) above. Assuming the traded prices of PLC X’s shares during the various trading phases on 2 August 2010 are as follows:**

No	Trading Phase		Traded Price of PLC X’s Shares (RM)
1	Opening	9.00 a.m.	2.00
2	Continuous Trading	9.30 a.m.	1.40
		10.00 a.m.	1.70
		10.30 a.m.	1.50
		11.30 a.m.	1.60
		12.30 p.m.	1.30
Lunch			
3	Opening	2.30 p.m.	1.10
4	Continuous Trading	3.00 p.m.	0.90
		3.30 p.m.	1.20
		4.00 p.m.	1.30
5	Closing	4.50 p.m.	0.90

⁹ The Main Trading Phase is set out in paragraph 2.3 of Chapter 2 (Trading Phases & Marketing Timing) of the Bursa Trade Securities II - Participating Organisation’ Trading Manual. This is available on Bursa Securities website at https://www.bursamalaysia.com/trade/trading_resources/equities/manual_guidelines_po.

Are the callable bull certificate holders in this case entitled to receive a cash amount upon the MCE?

No. As explained in (a) above, pursuant to paragraph 5.25A(1)(b)(i) of the Main LR, the callable bull certificate holders will only receive a cash amount if the lowest traded price transacted during the Main Trading Phase of *PLC X's* shares from the MCE up to the end of the next trading session, is above the exercise price.

In this case, the MCE occurs at 9.30 a.m. The lowest traded price transacted during the Main Trading Phase of *PLC X's* shares from the MCE (9.30 a.m.) up to the end of the afternoon trading session (excluding the opening and closing prices), is RM0.90 which occurs during the continuous trading at 3.00 p.m. RM0.90 is below the exercise price of RM1.00.

As such, the callable bull certificate holders in this case are not entitled to receive a cash amount upon the MCE.

- 5.37 On 1 June 2010, Issuer B issues 100 million of callable bull certificates based on *PLC X's* shares listed on Bursa Securities. The certificates have the following call and exercise price:**

Call Price : RM1.00
Exercise Price : RM1.00

Will the callable bull certificate holders receive any cash amount if a MCE occurs?

No. As stipulated in paragraph 5.25A(1)(a) of the Main LR, where the call price of a CBBC is equal to its exercise price, the certificate holder will not receive any cash amount if a MCE occurs.

- 5.38 If a MCE occurs, paragraph 5.41A(2)(c) of the Main LR requires a CBBC issuer to announce the date when the CBBC will be de-listed by Bursa Securities. When will the CBBC be de-listed if a MCE occurs?**

The CBBC will be de-listed from the Official List on the 4th market day after the MCE occurs.

- 5.39 If a MCE occurs, will the CBBC be terminated at the time when the trading of the CBBC is suspended or when the MCE occurs?**

Pursuant to paragraph 5.17A(1) of the Main LR, if a MCE occurs, a CBBC will be terminated at the time when its trading is suspended.

Example

If a MCE occurs at 10 a.m. and the suspension is effected at 10.01 a.m., the CBBC will be terminated when it is suspended at 10.01 a.m. All trades effected until the suspension are valid.

- 5.40 When must a CBBC issuer announce the settlement amount payable to the holders?**

Paragraph 5.44A(b) of the Main LR requires a CBBC issuer to announce the settlement amount payable to the holders within 1 market day from the end of the next trading session after the MCE.

Examples:

The examples below are on the assumption that the next trading session after the MCE contains at least 1 hour of continuous trading for the underlying financial instrument.

- (a) If a MCE occurs during a morning trading session on Monday, the issuer must announce the settlement amount by Tuesday; and
- (b) If the MCE occurs during an afternoon trading session on Monday, the issuer must announce the settlement amount by Wednesday.

- 6.1 Pursuant to paragraph 6.02(3)(d) of the Main LR, Bursa Securities when granting approval for the listing of a new issue of securities by listed issuers, will consider amongst others, whether the listed issuer has satisfactory corporate governance practices. What will Bursa Securities consider in determining whether that is fulfilled?**

Bursa Securities in considering a proposal, would take into account a listed issuer's corporate governance record, including any previous actions taken against the listed issuer for any breach of any relevant laws, guidelines or rules issued by the SC or Bursa Securities, or for failure to comply with any written notice or condition imposed by the SC or Bursa Securities.

In addition, Bursa Securities will also consider the past corporate conduct of the board of directors.

- 6.2 Is a listed issuer allowed to submit its listing application for a new issue of securities to Bursa Securities on its own?**

Yes, but only in certain specified instances under paragraph 6.02(4) of the Main LR. Pursuant to the said requirement, a listing application in relation to a Specified Bonus Issue¹ of equity securities or an issue of new units by an exchange-traded fund, may be submitted by the listed issuer on its own or the management company of the exchange-traded fund, as the case may be, without a Recognised Principal Adviser. Apart from this, listing applications for all the other new issue of securities must be submitted through a Recognised Principal Adviser.

Listing procedures

- 6.3 What is the key difference between the procedures under paragraph 2.0 and 4.0 of Practice Note 28?**

Pursuant to paragraph 2.0 of Practice Note 28, the listed issuer is required to submit 2 applications to Bursa Securities for approval -

- (i) Additional Listing Application (“**ALA**”) - of which the approval from Bursa Securities will be sought for the listing of new securities; and

¹ A “**Specified Bonus Issue**” is a bonus issue of securities which –

- (i) is not conditional upon any other corporate proposal, or
(ii) is conditional upon another corporate proposal but –
(aa) that other corporate proposal is a subdivision or consolidation of shares; or
(bb) that other corporate proposal has been completed or become unconditional.

- (ii) Quotation Application – of which listed issuer is required to furnish Bursa Securities with the requisite documents/confirmations to facilitate the listing and quotation of the new securities on Bursa Securities.

However, under paragraph 4.0 of Practice Note 28, the Quotation Application is merged with the ALA. Hence, only 1 application is required to be submitted to Bursa Securities (“**Consolidated Application**”). All the requisite documents/confirmations required under the Quotation Application will be procured in the form of undertakings when the listed issuer submits its Consolidated Application.

The procedures under paragraph 4.0 of Practice Note 28 are similar to paragraph 3.0 of Practice Note 28 in relation to the listing of bonus issue of securities and convertible securities arising from the bonus issue, which was implemented successfully in April 2007 with the objective of shortening the time to market.

6.4 When a listed issuer undertakes a new issue of securities and a draft circular for such proposal is required to be submitted to Bursa Securities for its review before issuance to the shareholders, must the listed issuer submit the draft circular to Bursa Securities together with the listing application?

Yes, the listed issuer must submit the draft circular together with its listing application for the new issue of securities and supporting documents for Bursa Securities’ review. Bursa Securities will revert with the decision on the listing application and comments on the draft circular at the same time.

6.5 Please elaborate further on the type of proposals to which the procedures under paragraph 4.0 of Practice Note 28 apply.

This procedure is applicable to the additional securities which will be listed and quoted as the existing listed securities of the same type and class.

Examples where paragraph 4.0 is applicable

Example 1

PLC A proposes to issue additional new ordinary shares pursuant to the exercise of Share Issuance Scheme where the new ordinary shares arising from the Share Issuance Scheme will be listed and quoted as the existing listed ordinary shares.

In this instance, *PLC A* will adhere to the procedures under paragraph 4.0 for the listing and quotation of the new ordinary shares issued pursuant to the Share Issuance Scheme as it involves the same class of securities.

Example 2

PLC B has existing ordinary shares and warrants listed on Bursa Securities. *PLC B* proposes to undertake a rights issue of 100 million new ordinary shares on the basis of 1 new ordinary share for every 2 existing ordinary shares held ("**Rights Issue**"). Pursuant to the provision in the deed poll, additional warrants will be issued arising from the adjustment pursuant to the Rights Issue ("**Additional Warrants**").

In this instance, *PLC B* will adhere to the procedures under paragraph 4.0 provided that the additional 100 million new ordinary shares and the Additional Warrants will be listed and quoted as the existing listed ordinary shares and warrants respectively.

Example 3

PLC E undertakes a corporate exercise which entails the following:

- (a) Proposed acquisition of *ABC company* for a purchase consideration of RM100 million to be satisfied by the issuance of 50 million new ordinary shares at RM2.00 per share ("**Acquisition**").
- (b) Rights issue of 80 million new ordinary shares on the basis of 1 new ordinary share for every 1 share held ("**Rights Issue**").

Facts

- (i) The Acquisition shares and Rights Issue will be listed and quoted as the existing listed ordinary shares; and
- (ii) The Acquisition and Rights Issue are inter-conditional upon each other and hence, the new ordinary shares arising from both the Rights Issue and Acquisition must be listed and quoted at the same time.

In this instance, *PLC E* will adhere to the procedures under paragraph 4.0 of Practice Note 28 because both the new shares arising from the Acquisition and Rights Issue will be listed and quoted as the existing listed shares.

Examples where paragraph 4.0 of Practice Note 28 is NOT applicable**Example 4**

PLC C proposes to undertake a private placement of new ordinary shares and these new ordinary shares will not be entitled to the final dividend for the financial year ended 30 March 2009.

As the new ordinary shares to be issued pursuant to the private placement will not be listed and quoted as the existing listed ordinary shares to which the procedures under paragraph 4.0 apply, *PLC C* must follow the procedure under paragraph 2.0 of Practice Note 28.

Example 5

PLC D has existing ordinary shares and warrants listed on Bursa Securities and proposes to undertake a rights issue of 80 million new ordinary shares and RM80 million nominal value of Irredeemable Convertible Loan Stocks ("**ICULS**") to its shareholders.

As the rights issue involves the issuance of a new type of securities i.e. ICULS, which is not currently listed, *PLC D* must follow the listing procedures under paragraph 2.0 of Practice Note 28 similar to Example 3 above.

Example 6

PLC F undertakes a corporate exercise which entails the following:

- (a) Proposed acquisition of *DEF company* for a purchase consideration of RM100 million to be satisfied by the issuance of 50 million new ordinary shares at RM2.00 per share ("**Acquisition**").
- (b) Rights issue of 80 million new ordinary shares on the basis of 1 new ordinary share for every 1 share held ("**Rights Issue**").

Facts

- (i) The new ordinary shares arising from the Acquisition will not be entitled to the Rights Issue;
- (ii) The Rights Issue shares will be listed and quoted as the existing listed ordinary shares; and
- (iii) The Acquisition is not conditional upon the Rights Issue.

In this instance, *PLC F* will adhere to the following procedures:

- Procedures under paragraph 2.0 of Practice Note 28 for new ordinary shares arising from Acquisition as it involves the issuance of a new class of securities i.e. "A" shares; and
- Procedures under paragraph 4.0 of Practice Note 28 for Rights Issue because the new shares arising from the Rights Issue will be listed and quoted as the existing listed shares.

Please refer to Annexure PN28-A of Practice Note 28 for a better understanding on the application of each additional listing procedure set out under paragraphs 2.0, 3.0 and 4.0 of Practice Note 28.

6.6 When will the listing and quotation of the additional securities be effected under paragraph 4.0 of Practice Note 28?

Pursuant to the procedures under paragraph 4.0 of Practice Note 28, the additional securities will be listed and quoted on the next market day after the listed issuer has -

- (a) submitted the relevant certificate together with a covering letter containing the summary of the corporate proposal to Bursa Depository before **10 a.m.** on the market day before the listing date;
- (b) received confirmation from Bursa Depository that the additional securities are ready for crediting into the respective account holders; and
- (c) announced pursuant to paragraph 13.2 of Practice Note 28 through *Bursa Link* via a dedicated template, "*ALA template*" before **3 p.m.** on the market day before the listing date the following:
 - (i) details of corporate proposal;
 - (ii) total number of securities issued under each proposal and its issue price, if any ;
 - (iii) date of listing and quotation; and
 - (iv) latest share capital and number of issued shares after the proposal indicating the number of shares (in units and RM).

6.7 A controlling shareholder which is a statutory institution managing funds belonging to the public is no longer required to list down its directorships or substantial shareholdings in all other listed issuers in Malaysia for the past 3 years, in the additional listing application for new issue of securities under paragraph 12, Part A of Annexure PN28-B. What are some examples of "statutory institutions managing funds belonging to the public"?

Examples of statutory institutions managing funds belonging to the public include the Employees Provident Fund ("**EPF**"), Lembaga Tabung Angkatan Tentera ("**LTAT**"), Kumpulan Wang Persaraan (Diperbadankan) ("**KWAP**") and Lembaga Tabung Haji.

6.8 Paragraph 1(c) of Part C Annexure PN28-B of Practice Note 28 requires a listed issuer to enclose among others, a confirmation from the listed issuer that Bursa Depository is ready to credit the new securities to the accounts of the entitled holders. Are there any specific requirements to be complied with by a listed issuer with regard to providing this confirmation?

In order to provide the confirmation that Bursa Depository is ready to credit the new securities to the accounts of the entitled holders, a listed issuer must procure a confirmation from Bursa Depository as set out below when the listed issuer submits the new scrip in respect of new securities to Bursa Depository. The listed issuer must include the following confirmation in its cover letter to Bursa Depository when submitting the said new scrip:

"(To be completed by Bursa Malaysia Depository Sdn Bhd)

We hereby confirm that Bursa Malaysia Depository Sdn Bhd has received all the relevant documents from the share registrar/ issuer to facilitate the crediting of the above allotment. The above securities will be credited into the designated CDS accounts one (1) market day prior to the listing/quotation of the above securities.

.....
Name : (Authorised signatory)
Date : "

Bursa Depository will then acknowledge on the said cover letter. The listed issuer must submit a copy of the cover letter duly acknowledged by Bursa Depository to Bursa Securities as the confirmation required under paragraph 1(c) of Part C, Annexure PN28-B, together with the other documents as required under Part C of Annexure PN28-B in support of an application for quotation of new issue of securities.

General requirements for new issue of securities

6.9 When should a listed issuer seek a general mandate from its shareholders to issue new securities?

A listed issuer is encouraged to seek a general mandate from its shareholders only when it has a clear purpose for the utilization of the general mandate, such as for working capital or debt repayment.

6.10 The facts are as follows:

- On 31 July 2017, *PLC A* obtained a general mandate from its shareholders under paragraph 6.03(1) of the Main LR to issue shares at any time until the conclusion of its next annual general meeting provided that the aggregate number of shares to be issued does not exceed 10% of its total number of issued shares for the time being.
- *PLC A's* total number of issued shares as at 31 July 2017 was 95 million shares.
- On 1 September 2017, *PLC A's* total number of issued shares increased to 100 million shares pursuant to a private placement exercise of 5 million shares issued under the general mandate.
- On 31 December 2017, *PLC A* issued another 50 million shares pursuant to a rights issue exercise which has been approved under a specific shareholders' approval.
- *PLC A* intends to undertake another private placement exercise by 30 June 2018.

What is the maximum amount of shares that *PLC A* can issue for the private placement exercise under the general mandate?

As at 30 June 2018, *PLC A's* total number of issued shares is 150 million. Therefore, the maximum amount that *PLC A* can issue under the general mandate is 15 million shares. Since *PLC A* has issued 5 million shares under the general mandate in the preceding 12 months, the maximum number of shares that can be issued under the general mandate as at 30 June 2018 is 10 million shares.

- 6.11 The minimum information that is to be disclosed in an announcement or circular in relation to a new issue of securities has been prescribed in Chapter 6 of the Main LR. Would a listed issuer be in compliance with the disclosure requirement if it merely complies with the minimum content of information prescribed in Chapter 6?**

No, in addition to complying with the minimum content of information prescribed under the Main LR, a listed issuer must always also ensure compliance with other applicable disclosure obligations such as the standard of disclosure prescribed under paragraph 9.35A of the Main LR.

- 6.12 *B Sdn Bhd* is a subsidiary company of *A Bhd*, a listed issuer. *B Sdn Bhd* intends to issue shares to its own director. This director is not a director or major shareholder of *A Bhd* or its holding company or a person connected with such director or shareholder. Must *A Bhd* obtain shareholder approval for this issuance of securities?**

Subject to paragraph 8.21 of the Main LR, *A Bhd* need not obtain shareholder approval for the above issuance of securities under the Main LR. However, pursuant to paragraph 6.06(4) of the Main LR, the board of directors of *A Bhd* must approve the allotment/issuance to the director and ensure that it is fair and reasonable to the listed issuer, and is in its best interests. Further, *A Bhd* must make an announcement which contains the prescribed information under paragraph 6.06(4)(c) and since it is not an exempted transaction under paragraph 10.08(11)(a) of the Main LR, the announcement must also comply with paragraph 10.08(1) of the Main LR.

- 6.13 *A Bhd*, a listed issuer, is issuing shares to a director of its subsidiary, *C Sdn Bhd* for cash. The director is not a director or major shareholder of *A Bhd* or its holding company or a person connected with such director or shareholder. Must *A Bhd* obtain shareholder approval for the issuance of securities?**

No, paragraph 6.06 of the Main LR does not impose any obligation on *A Bhd* in relation to such issuance of securities. Hence, shareholder approval is not required pursuant to paragraph 6.06. In addition, *A Bhd* need not comply with the requirements of Part E of Chapter 10 of the Main LR as this is an issuance of securities by the listed issuer for cash and hence, exempted under paragraph 10.08(11)(a) of the Main LR. However, please note that the general disclosure obligations under Chapter 9 of the Main LR may apply.

- 6.14 *D Sdn Bhd*, a subsidiary of *A Bhd*, a listed issuer. *D Sdn Bhd* intends to issue shares to a director of *A Bhd*. What are the obligations set out in paragraph 6.06 and Part E of Chapter 10 of the Main LR that *A Bhd* must comply with?**

Pursuant to paragraph 6.06(1) of the Main LR, *A Bhd* must obtain shareholder approval for the proposed allotment/issuance. *A Bhd* must also comply with the requirements of Part E of Chapter 10 of the Main LR as this is not a transaction exempted under paragraph 10.08(11)(a) of the Main LR. As such, the announcement in relation to the issuance/allotment must include the information set out in Appendices 10A and 10C of Chapter 10 and the circulars to shareholders must include the information in Appendices 10B and 10D of Chapter 10.

Requirements relating to placement

- 6.15** Under paragraph 6.14(2) of the Main LR, one of the requirements in a back-to-back placement is that the listed issuer must give Bursa Securities a declaration from its existing shareholders involved in the back-to-back placement arrangement, that they will not derive any financial benefit from such an arrangement, directly or indirectly. When must such declaration be given to Bursa Securities?

The declaration must be submitted to Bursa Securities as part of the supporting documents for its listing application for new issue of securities.

Requirements relating to a rights issue

- 6.16** What are the corporate exercises which will be processed under SPEEDS?

The following corporate exercise will be processed under SPEEDS:

A listed issuer is required to announce the important relevant dates concurrently with the announcement of the BCD for a rights issue. A listed issuer must make the announcement via Bursa Link by using the relevant templates for announcements of the BCD and important relevant dates i.e. the "Entitlements (Notice of Books Closure)" and "Important Relevant Dates for Renounceable Rights" templates respectively.

6.20 What is the cut-off time for a listed issuer to submit to Bursa Securities a copy of the abridged prospectus ("AP") in respect of a rights issue pursuant to paragraph 6.25 of the Main LR?

A listed issuer must submit to Bursa Securities a copy of the AP together with a soft copy in PDF file format before 3.00 p.m. at least 1 market day before the commencement of trading of Rights.

6.21 Is the issuer required to submit any document to Bursa Depository before the BCD for the purpose of processing the Rights under SPEEDS?

6.22 If a shareholder maintains his shares in a few Central Depository System ("CDS") accounts and the Rights are processed under SPEEDS, how will the Rights arising from the process under SPEEDS be calculated and credited into the shareholder's CDS accounts?

All Rights will be calculated separately based on the shareholder's shareholdings in the respective CDS accounts. The Rights will be credited into the respective CDS accounts. Notice of Provisional Allotment Letter with details of the transaction for each CDS account will be issued to the shareholder.

6.23 When is the share registrar required to submit the Provisional Allotment Letter (“PAL”) to Bursa Depository for the Rights to be processed under SPEEDS?

For share registrars located within Klang Valley, the PAL must reach Bursa Depository by 5.30 p.m. on the BCD and in respect of outstation share registrars, the new certificates and PAL must be faxed to Bursa Depository by 5.30 p.m. on the BCD before being delivered to Bursa Depository.

The SPEEDS entitlement file will be made available to the relevant share registrar on the morning of the listing date (BCD+1). After processing based on the SPEEDS entitlement file, the share registrar will print and despatch the Notice of Provisional Allotment Letter and Rights Subscription Form together with the prospectus not later than 2 market days after the BCD of the rights issue.

Requirements in relation to bonus issue

6.29 What are the circumstances where the listed issuer, or the external auditors/reporting accountants, is required to provide confirmations that the available reserves for capitalization are sufficient to cover the capitalisation issue under paragraph 6.30(2)(b)⁴ of the Main LR and paragraph 1(dA) in Part B, Annexure PN28-B⁵ of Practice Note 28?

The following table clarifies the obligations of the listed issuer and the external auditors/reporting accountants in providing the relevant confirmations required for purposes of complying with paragraph 6.30(3) of the Main LR and paragraph 1(dA) in Part B, Annexure PN28-B of Practice Note 28:

	SCENARIO	FINANCIAL STATEMENTS RELIED UPON			OBLIGATIONS	
		Latest audited financial statements	Latest audited financial statements adjusted for subsequent events	Latest unaudited financial statements	Must the listed issuer confirm the sufficiency of reserves for capitalization?	Must the reserves for capitalization be verified and confirmed by the external auditors (or reporting accountants) and the report be submitted to Bursa Securities?
Are the available reserves for capitalization sufficient?	Scenario 1	Yes	N/A	Yes	Yes	No
	Scenario 2	Yes	N/A	No	Cannot undertake bonus issue	N/A

⁴ Paragraph 6.30(2)(b) stipulates that a listed issuer undertaking a bonus issue by way of capitalisation must ensure that it has sufficient reserves to cover the capitalisation issue. If the reserves for capitalisation are not based on the annual audited financial statements of the listed issuer, such reserves must be verified and confirmed by the external auditors or reporting accountants of the listed issuer. Where a confirmation by the external auditors or reporting accountants is required, the reserves for capitalisation, which may be adjusted for subsequent events, must be based on the latest audited financial statements or the latest quarterly report, whichever is the later.

⁵ Paragraph 1(dA) of Part B, Annexure PN28-B provides that a listed issuer must file the following documents in support of the listing application for a bonus issue by way of capitalisation:

- (a) confirmation from the listed issuer on the sufficiency of the reserves to cover the capitalization; and
- (b) where the confirmation from the external auditors or reporting accountants is required, the report from the external auditors or reporting accountants.

	SCENARIO	FINANCIAL STATEMENTS RELIED UPON			OBLIGATIONS	
		Latest audited financial statements	Latest audited financial statements adjusted for subsequent events	Latest unaudited financial statements	Must the listed issuer confirm the sufficiency of reserves for capitalization?	Must the reserves for capitalization be verified and confirmed by the external auditors (or reporting accountants) and the report be submitted to Bursa Securities?
	Scenario 3	No	Yes	N/A (Latest quarterly financial statements subsequent to the audited financial statements is not due for release)	Yes	Yes
	Scenario 4	No	N/A	Yes	Yes	Yes

6.30 In circumstances where the reserves for capitalization are based on the latest unaudited financial statements and such reserves must be verified and confirmed by the external auditors or reporting accountants, what is the required scope of the such audit verification or confirmation?

The audit verification or confirmation must be made in accordance with the approved auditing standards applied in Malaysia for review of interim financial statements.

In relation to a foreign issuer with primary listing on Bursa Securities, the audit verification or confirmation may also be made in accordance with the International Standards on Auditing.

- 6.31 Paragraph 6.31 of the Main LR requires a listed issuer which makes a bonus issue by way of capitalization of reserves arising from revaluation of real estate to submit 2 copies of the valuation report on the real estate to Bursa Securities immediately after the listed issuer announces the bonus issue or as soon as the valuation report is ready. Must the listed issuer submit the valuation report to the SC as well?**

No, a valuation report required under paragraph 6.31 of the Main LR must be submitted to Bursa Securities only. A listed issuer need not submit the report to the SC.

- 6.32 Must a valuer who is required to submit an undertaking to Bursa Securities under paragraph 6.31 of the Main LR, file an undertaking each time it acts for a listed issuer?**

No, a valuer is only required to provide Bursa Securities its letter of undertaking to comply with the Main LR once. The same undertaking will be applicable for all listed issuers which the valuer acts for.

- 6.33 *C Bhd*, a listed issuer is undertaking a bonus issue by capitalising its reserves arising from the revaluation of real estate. The valuation figure of the real estate is RM100 million. Pursuant to paragraph 6.31(4) of the Main LR, Bursa Securities obtains a second opinion valuation, by which the real estate is valued at RM80 million. *C Bhd* is required to retain at least 20% of the valuation amount of the real estate in the revaluation reserves after undertaking the bonus issue in accordance with the provisions of the Main LR. How much should *C Bhd* retain?**

C Bhd should retain at least RM16 million in the revaluation reserves after taking into account/undertaking the bonus issue (i.e. based on the lower of the 2 valuation figures). The 20% is computed based on the valuation amount for the real estate set out in the valuation report. Where a second opinion valuation is required, the 20% would be based on the lower of the 2 valuation figures.

- 6.34 *ABC Bhd* is considering a proposal to undertake a capitalisation issue. Based on its latest consolidated audited accounts, *ABC Bhd* has revaluation reserves of RM60 million. *ABC Bhd* however has accumulated losses of RM80 million. Can *ABC Bhd* undertake a capitalisation issue?**

Yes, *ABC Bhd* can undertake a capitalisation issue provided that it complies with Part F in Chapter 6 of the Main LR including ensuring that the reserves are sufficient for the capitalisation issue and its share price adjusted for a bonus issue is not less than RM0.50 based on the daily volume weighted average share price during the 3-month period before the application date.

- 6.35 [Deleted]**

Requirements relating to a Share Issuance Scheme**6.36 With paragraph 6.41(d) of the Main LR, who can confirm adjustments (other than on a bonus issue, subdivision or consolidation of shares) under a Share Issuance Scheme?**

Pursuant to paragraph 6.41(d) of the Main LR, either the listed issuer's external auditor or Recognised Principal Adviser may confirm adjustments (other than on a bonus issue, subdivision or consolidation of shares) under a Share Issuance Scheme. However, this is subject to the provisions contained in the listed issuer's bylaws of the Share Issuance Scheme.

6.37 Pursuant to paragraph 6.38(1) of the Main LR, the total number of shares to be issued under a Share Issuance Scheme must not exceed 15% of the total number of issued shares at any one time. How is this percentage calculated?

Where a listed issuer has issued a percentage out of the 15% allowed under paragraph 6.38(1) of the Main LR, for the following issue, the listed issuer would need to deduct from the total number of issued shares, the number of shares already issued and paid for under the Share Issuance Scheme. The result from the deduction would be the new basis for calculating the percentage allowed for the scheme.

Illustration:

PLC A procured shareholder approval to implement a 5-year Share Issuance Scheme of up to 15% of its total number of issued shares on 8 February 2017. *PLC A* has a total number of issued shares of 100 million but arising from a rights issue implemented on 28 March 2017, the total number of issued shares is now 120 million. In addition, arising from the exercise of all the options offered by *PLC A* pursuant to the Share Issuance Scheme, as at December 2017, 10 million new shares were issued. Pursuant to paragraph 6.38 of the Main LR, what is the number of shares under the Share Issuance Scheme that can be offered by *PLC A* to its employees in year 2018?

Based on this example, the computation of the shares under the Share Issuance Scheme that may be offered by *PLC A* is as follow:

	Total Number of Issued Shares
8 February 2017	100 million
28 March 2017 (Issuance of new shares arising from rights issue – 20 million)	120 million
December 2017 (Total issuance of shares under the Share Issuance Scheme – 10 million)	130 million

Shares under the Share Issuance Scheme that can be offered by *PLC A* in year 2018:

= (15% x 130 million shares) LESS shares already issued under the Share Issuance Scheme (i.e. 10 million shares)

= 9.5 million new shares

6.38 Can a listed issuer establish more than 1 Share Issuance Scheme at any point in time?

Yes, a listed issuer may establish more than 1 Share Issuance Scheme provided that the aggregate number of shares available under all the Share Issuance Schemes does not exceed 15% of its total number of issued shares (excluding treasury shares).

Share Issuance Scheme by subsidiary**6.39 Is a Share Issuance Scheme undertaken by a subsidiary of a listed issuer subject to the approval of the listed issuer's shareholders?**

Generally, any Share Issuance Scheme implemented by a subsidiary of a listed issuer is no longer subjected to the approval of the listed issuer's shareholders under paragraph 6.44 of the Main LR. The Share Issuance Scheme implemented by the subsidiary will only require the approval of the listed issuer's shareholders if such Share Issuance Scheme is –

- (a) undertaken by a principal subsidiary⁶ and results in, or could potentially result in, a dilution amounting to 25% or more of the listed issuer's equity interest in the principal subsidiary under paragraph 8.21 of the Main LR; or
- (b) very material and triggers the percentage ratio of 25% or more under paragraph 10.07 of the Main LR where it will be considered as a "disposal of asset" by the listed issuer, due to dilution of its equity interest in the subsidiary.

In determining whether the obligations under paragraphs 8.21 or 10.07 of the Main LR are triggered, the listed issuer must compute the relevant thresholds prior to implementation of the Share Issuance Scheme of the subsidiary based on the assumption that the Share Issuance Scheme is implemented in full.

Dividend Reinvestment Scheme**6.40 Will the shareholders having registered addresses outside Malaysia be entitled to participate in the Dividend Reinvestment Scheme?**

In addition to the requirements in Chapter 6 of the Main LR, a listed issuer which intends to issue shares pursuant to a Dividend Reinvestment Scheme must also comply with the relevant provisions of law governing such issuance.

Hence, the listed issuer must ensure that there is no prohibition under the relevant laws in determining whether shareholders having registered addresses outside Malaysia are entitled to participate in the Dividend Reinvestment Scheme.

⁶ A "principal subsidiary" is defined in paragraph 1.01 of the Main LR as a subsidiary which accounts for 25% or more of the profit after tax or total assets employed of the listed issuer based on the latest published or announced audited financial statements of the listed issuer or audited consolidated financial statements of the listed issuer, as the case may be.

Issuance of convertible securities

6.40A Can a listed issuer revise the provisions in its deed poll or trust deed pertaining to the following changes as set out in paragraph 6.54(3) of the Main LR (“said restrictions”):

- **the tenure of the convertible securities; or**
- **the number of shares received for the exercise or conversion of each convertible security or pricing mechanism for the exercise or conversion price (other than adjustments following certain corporate exercises),**

if there are provisions allowing for alteration or adjustment in the deed poll or trust deed and the listed issuer complies with such provisions?

No, and this is clarified in paragraph 6.55(b)⁷ of the Main LR. The said restrictions are imposed on convertible securities (other than debt securities⁸) to provide certainty to the holders of such securities and avoid changes or adjustments to the terms and conditions of the securities which may be detrimental to them.

Requirements for new issue of securities by REITs

6.41 Is the SC’s approval required for any new issuance of securities by a REIT?

No, except for debt securities. A REIT may issue new securities such as placement, bonus issue, rights issue or issuances of new securities as consideration for an acquisition by procuring approval from Bursa Securities only.

Electronic mode for submission and payment of specified corporate exercises

6.42 Can a listed issuer offer the electronic mode as the only way of performing the corporate exercises as specified under paragraph 6.08A of the Main LR?

No, a listed issuer must still provide the manual method in addition to the electronic mode. This is to ensure that securities holders may continue to use the manual method to perform the relevant steps or procedures specified, if they choose to do so.

6.43 Where can a securities holder find out about the procedures for the subscription and payment of a rights issue?

The securities holder can obtain such information from the abridged prospectus of a rights issue.

⁷ Paragraph 6.55 of the Main LR stipulates that a listed issuer may make an alteration or adjustment to the terms of the convertible securities during the tenure of the securities only if such alteration or adjustment –

- (a) is provided upfront in the deed poll or trust deed governing the securities; and
- (b) does not relate to the provisions set out in paragraph 6.54(3) above.

⁸ Paragraph 6.54(4) of the Main LR.

6.44 The facts of the matter are as follows:

- *PLC A* announces its issuance of convertible securities on 30 June 2020.
- *PLC A* issues the convertible securities on 1 July 2021.
- *Shareholder B* intends to exercise/convert its convertible securities on 31 November 2021.

The requirements under paragraph 6.08A of the Main LR comes into effect for any rights issue, Dividend Reinvestment Scheme or issue of convertible securities announced on or after 2 February 2021. Based on the facts above, must *PLC A* facilitate the exercise/conversion of convertible securities by its securities holders electronically as required under paragraph 6.08A of the Main LR?

No. *PLC A* is only required to offer the electronic mode for issuance of convertible securities announced on or after 2 February 2021. However, *PLC A* may opt to offer the electronic mode to the securities holders provided that –

- it complies with all the requirements relating to the provision of electronic mode including the disclosure of the process involved in the notice of conversion or exercise of convertible securities; and
- the trust deed or deed poll in respect of the convertible securities facilitates such electronic mode.

Others**6.45 With the removal of prescription on how due diligence is to be conducted for additional listing applications for new issue of securities to Bursa Securities under the Main LR, are the applicant/listed corporation, Recognised Principal Advisers and all other parties accepting responsibility for all or any part of the information and documents submitted to the Exchange (“the relevant parties”) no longer required to undertake a due diligence exercise?**

No. Whilst the Main LR no longer prescribes how a due diligence should be conducted nor what is the applicable standards for such exercise, the relevant parties must still ensure that due diligence and enquiry is done so that any submission to Bursa Securities, as well as disclosures to the market meet the prescribed standards of disclosure under the Main LR⁹. The relevant parties may undertake the necessary due diligence exercise in accordance with industry practices, to ensure this obligation is met. For this purpose, the Sponsor/Adviser may refer to the Malaysia Equity Capital Markets and Debt Capital Markets Due Diligence Guides¹⁰ issued by the Malaysian Investment Banking Association.

⁹ Paragraph 2.18 of the Main LR stipulates that any application, proposal, statement, information or document presented, submitted or disclosed pursuant to the ACE LR must be clear, unambiguous and accurate; does not contain any material omission; and is not false or misleading.

Similar standards are also imposed on any prospectus prepared, submitted or issued pursuant to the Main LR under announcements and circulars issued to securities holders under paragraph 9.35A of the Main LR.

CHAPTER 7 – ARTICLES OF ASSOCIATION***General***

7.1 [Deleted]

7.2 **If a listed corporation undertakes amendments to its constitution, is there a requirement for the listed corporation to submit a letter of compliance and checklist of compliance similar to the requirement of paragraph 3.07 of the Main LR?**

Pursuant to paragraphs 2.11 and 2.12 of the Main LR, any amendments made to the constitution by listed corporations must be submitted to Bursa Securities no later than 5 market days after the effective date of the amendment together with a letter of compliance. In relation to a checklist of compliance for such amendment, there is no requirement for submission of the same unless Bursa Securities requests for it.

Enhancements to proxy requirements

7.3 **Under paragraph 7.21 of the Main LR, where a member of a listed corporation is an exempt authorised nominee, there is no limit to the number of proxies which the exempt authorized nominee may appoint in respect of each omnibus account it holds. Who is an “exempt authorised nominee” for purposes of paragraph 7.21 of the Main LR?**

Under the Rules of Bursa Depository, an authorised nominee is defined as a person who is authorised to act as a nominee in accordance with the schedule prescribed under Part VIII of the Rules. This means that such person can hold securities on behalf of another person. On the other hand, an exempt authorised nominee is an authorised nominee who may hold deposited securities for more than one beneficial owner in respect of each securities account it holds, or commonly known as the omnibus account.

Annual shareholder approval for directors’ fees and benefits

7.4A **Given that section 230 of the Companies Act 2016 already requires that the fees of directors, and any benefits payable to directors to be approved at a general meeting, why must a listed corporation amend its constitution to the effect that the fees of directors, and any benefits payable to directors (“Directors Fees and Benefits”) shall be subject to annual shareholder approval at a general meeting pursuant to the Main LR?**

This is to make clear that apart from seeking shareholder approval on director’s fees on an annual basis pursuant sections 230 and 340(1)(c) of the Companies Act 2016, a listed corporation must also seek its shareholder approval for benefits payable to directors on an annual basis. This will provide greater clarity on the frequency of shareholder approval for directors’ benefits as the Companies Act 2016 is silent on this point.

7.4B Is a listed corporation required to seek shareholder approval for its Directors' Fees and Benefits even though there is no increase in such fees and benefits?

Yes. A listed corporation must seek shareholder approval for its Directors' Fees and Benefits annually irrespective of whether there is an increase in the amount of such fees and benefits or otherwise.

Effect of the Main LR

7.5 In the event a listed corporation has incorporated the deeming provision under paragraph 7.36(4) of the Main LR in its constitution, is the listed corporation still required to amend its constitution if there are amendments made to Chapter 7 of the Main LR which are not already in its constitution?

Yes, a listed corporation is still required to amend its constitution in accordance with the relevant amendments of Chapter 7 of the Main LR. This is to ensure that shareholders have access to constitution which are updated and comprehensive.

In addition, where appropriate, Bursa Securities may also take such enforcement action as it deems fit against *D Bhd* pursuant to paragraph 16.19 of the Main LR.

8.3 On 5 August 2009, pursuant to a take-over offer, *Company P* holds 76% of the listed shares (excluding treasury shares) of *Y Bhd*, a listed issuer. Y Bhd must take immediate steps to comply with the public security holding spread requirement.

Pursuant to paragraph 8.02(3) of the Main LR, *Y Bhd* must announce that it does not comply with the required security holding spread prescribed in paragraph 8.02(1) of the Main LR. *Y Bhd* must include the information set out in paragraph 3.2 of Practice Note 19 in its announcement.

[Questions & Answers]**

Lower security holding spread

8.4A Do “security holding” and “securities” under the public security holding requirements in paragraphs 3.06 and 8.02 of the Main LR include securities other than shares or units?

In the context of public security holding requirements under paragraphs 3.06 and 8.02 of the Main LR, securities refer only to shares (excluding treasury shares) in a corporation and units in a collective investment scheme such as the real estate investment trust or business trust.

8.4B Pursuant to paragraph 2.2 of Practice Note 19, the Exchange may accept a public security holding percentage of lower than the 25% threshold as prescribed in paragraph 3.06(1) and paragraph 8.02(1) of the Main LR if the quantitative market capitalisation criteria¹ under paragraph 2.2(a) of Practice Note 19 and qualitative criteria² under paragraph 2.2(b) of Practice Note 19 are met. In this regard, how would the Exchange assess whether the qualitative criteria have been met?

In assessing or determining that the qualitative criteria have been met, the Exchange may consider or take into account (among others) the following:

Qualitative criteria	Consideration
Sufficient liquid market	<ul style="list-style-type: none"> • The concentration of security holdings in the applicant or listed issuer • Number of securities in issue in the applicant or listed issuer • The spread between the bid and ask price and trading volume of the securities of the listed issuer
Orderly and fair trading	<ul style="list-style-type: none"> • Any queries issued to the listed issuer relating unusual market activities • Any circumstances indicating manipulative activities or any issuance of market alerts in respect of the securities of the applicant or listed issuer.
Satisfactory corporate governance conduct and compliance record	<ul style="list-style-type: none"> • If there is any enforcement proceeding or action commenced or taken against the applicant or listed issuer or its directors by the relevant authorities, including the Exchange and the Securities Commission.

¹ A listed issuer must meet the quantitative market capitalisation of RM1 billion or more but less than RM3 billion for minimum acceptable lower spread of 20% or market capitalisation of RM3 billion or more for minimum acceptable lower public spread of 15%.

² In respect of the qualitative criteria, the Exchange may accept lower public spread for an applicant or listed issuer if the Exchange is satisfied that:

- (a) there is, or will be, sufficient liquid market in the securities of the applicant or listed issuer;
- (b) there is, or will be, orderly and fair trading in the securities of the applicant or listed issuer;
- (c) the applicant or listed issuer and its directors have satisfactory corporate governance conduct and compliance record with the Listing Requirements and securities laws; and
- (d) there is reasonable justification necessitating the Lower Public Spread for the applicant or listed issuer.

**Chapter 8 Continuing Listing Obligations
[Questions & Answers]**

Qualitative criteria	Consideration
Reasonable justification necessitating the lower public spread	<ul style="list-style-type: none"> • All relevant facts and circumstances that warrant a lower public spread such as actual non-compliance of required public spread • Where the circumstance is that of actual non-compliance of required public spread, whether the non-compliance is beyond the reasonable control of the listed issuer, its controlling shareholders or its directors.

8.4C Pursuant to paragraph 2A.1 of Practice Note 19, a listed issuer that has been granted with lower public spread is required to immediately notify the Exchange when it becomes aware of any of the Specified Decreases³. What are the examples of instances when a listed issuer would be deemed to become aware of any of the Specified Decreases?

A listed issuer would be deemed to become aware of the Specified Decrease (if any) -

- when it requests for a copy of the Record of Depositors from Bursa Malaysia Depository Sdn Bhd;
- during the preparation of its semi-annual returns or annual reports; or
- when it undertakes a corporate exercise or corporate proposal;

as the listed issuers would have sufficient information in the said circumstances to be able to reasonably discover whether there is any Specified Decrease.

Notwithstanding the above, a listed issuer must also immediately notify the Exchange if it becomes aware of any Specified Decrease in any circumstances other than those stated above.

Cash Companies

8.5 If a listed issuer's assets on a consolidated basis, consist of 70% or more of cash or short term investments, or a combination of both ("Cash Criterion"), is the listed issuer automatically considered a "Cash Company"?

No, it is not. The listed issuer must notify Bursa Securities immediately of the fact and Bursa Securities will determine as to whether the listed issuer should be considered a "Cash Company". Bursa Securities will notify the listed issuer of its determination.

³ Under paragraph 2A.1 of Practice Note 19, a listed issuer approved with a lower public spread must immediately notify the Exchange when it becomes aware of any of the following:

- (a) any decrease in its issued share capital;
- (b) any decrease in the percentage of the public spread below the percentage approved by the Exchange; and
- (c) any decrease of the said listed issuer's average market capitalisation for the preceding 12 months to below the prescribed threshold as set out in paragraph 2.2(a) above.

(collectively "the Specified Decreases").

Chapter 8 Continuing Listing Obligations
[Questions & Answers]**8.6 What are the “short-dated securities” referred to in paragraph 8.03(4) of the Main LR?**

“Short-dated securities” include money market instruments, structured deposits, debt securities, or any other type of deposit or products which are short term in nature (i.e. less than 12 months) offered by financial institutions.

8.7 A Bhd has disposed of its core business resulting in it triggering the Cash Criterion. Before it is classified as a Cash Company, A Bhd has existing investments in short-dated securities with institutions other than financial institutions licensed by Bank Negara Malaysia (“BNM”). How does A Bhd comply with paragraph 8.03(4) of the Main LR?

Upon triggering the Cash Criterion, these short-dated securities must be placed with a custodian. When these short-dated securities mature or are converted into cash, A Bhd must immediately place the funds with an account opened with financial institutions licensed by BNM, and operated by the custodian.

8.8 In year 2010, X Bhd disposes of its core business relating to printing and has been classified as a Cash Company by Bursa Securities. X Bhd intends to expand its other existing business, which is cartridge manufacturing. Can X Bhd regularise its condition by developing this cartridge manufacturing as its new core business?

No, a regularisation proposal under paragraph 8.03 of the Main LR must involve an acquisition of a new core business and not by developing the Cash Company’s existing business.

8.9 Once a Cash Company submits its proposal to acquire a new core business to the SC for approval within 12 months from the date it is considered as a Cash Company by Bursa Securities, is there any timeframe for the Cash Company to procure the SC’s approval?

No, the Main LR does not prescribe the timeframe by which a Cash Company must procure the SC’s approval for the proposal. However, a Cash Company is expected to take all reasonable steps to procure the SC’s approval expeditiously. Since the Cash Company has submitted its proposal to the SC for approval, Bursa Securities will await the outcome of the Cash Company’s application to the SC.

8.10 Is a Cash Company required to disclose its failure to comply with any obligation imposed pursuant to paragraph 8.03(5)(a) of the Main LR?

Yes, the Cash Company must announce its failure to comply with a particular obligation imposed pursuant to Practice Note 16 and ensure that the announcement complies with the standard of disclosure set out in paragraph 9.35A of the Main LR with regard to the contents of the announcement. In addition, the Cash Company must also include the consequences of such failure in its announcement.

8.11 Can a Cash Company include the announcement on the status of its proposal as required under paragraph 2.1(b) of Practice Note 16 (“status report”) in its quarterly report?

No, the quarterly announcement of the status report must be made separately.

Chapter 8 Continuing Listing Obligations
[Questions & Answers]

- 8.12** *X Bhd* has been classified as a Cash Company by Bursa Securities. Pursuant to paragraph 8.03(5)(a)(i) of the Main LR, *X Bhd* submits a proposal to acquire a new core business to the SC for approval. While *X Bhd* is awaiting SC's approval, it has ceased to trigger the Cash Criterion. Can *X Bhd* apply to Bursa Securities for it to be no longer considered a Cash Company?

No, pursuant to paragraph 8.03(8) of the Main LR, *X Bhd* **must** complete the implementation of the proposal before it can apply to Bursa Securities for it to be no longer considered a Cash Company. So, even though *X Bhd* has ceased to trigger the Cash Criterion, that would not entitle it to be no longer considered as a Cash Company until it has completed its proposal to regularise its condition.

Listed issuers with inadequate level of operations

- 8.13** Is there any difference in the obligations of an affected listed issuer⁴ under the previous framework set out in Practice Note 17 and the new framework in paragraph 8.03A of the Main LR?

Under the new framework in paragraph 8.03A of the Main LR, generally the obligations of the affected listed issuer remain the same as that of a PN17 Issuer including the requirement to submit and implement a regularisation plan within the prescribed timeframe. However, taking into consideration that there are differences between these listed issuers (an affected listed issuer vis-a-vis a PN17 Issuer), under the new framework -

- (a) an affected listed issuer will not be tagged or classified as a "PN17" Issuer;
- (b) if the affected listed issuer fails to regularise its condition, the Exchange has the discretion to suspend and delist its securities, whilst in the case of a PN17 Issuer, the suspension and delisting is automatic; and
- (c) there is an express provision in paragraph 8.03A for the affected listed issuer to apply not to undertake any regularisation plan if it is able to demonstrate to Bursa Securities' satisfaction that its remaining business is viable, sustainable and has growth prospects with appropriate justifications, and its level of operations remains suitable for continued listing.

- 8.14** Which regularization obligation must a listed issuer comply with in the following scenarios:

Scenario 1

The listed issuer first triggers the criteria for inadequate level of operations set out in paragraph 8.03A of the Main LR and subsequently triggers the Prescribed Criteria set out in Practice Note 17.

⁴ As stipulated in paragraph 8.03A(3) of the Main LR, an affected listed issuer refers to a listed issuer which has triggered the criteria of inadequate level of operations under paragraph 8.03(2) of the Main LR namely that the listed issuer has –

- (a) suspended or ceased all of its business or its major business; or
- (b) suspended or ceased its entire or major operations; or
- (c) an insignificant business or operations.

Scenario 2

The listed issuer first triggers the criteria for inadequate level of operations set out in paragraph 8.03A of the Main LR and subsequently triggers the Cash Criterion in paragraph 8.03 of the Main LR.

The general principle is that the listed issuer must comply with the stricter obligations.

Hence in Scenario 1, the listed issuer must comply with the obligations imposed on a PN17 Issuer under paragraph 8.04 and Practice Note 17 of the Main LR.

In Scenario 2, the listed issuer must comply with the obligations imposed on a Cash Company under paragraph 8.03 and Practice Note 16 of the Main LR.

In both the Scenarios, the timeframe for the listed issuer to regularize its condition commences 12 months from the date the listed issuer announces that it triggers the criteria for inadequate level of operations under paragraph 8.03A of the Main LR.

PN17 Issuers**8.15 When must a listed issuer assess whether it is a PN17 Issuer?**

All listed issuers must on a continuing basis undertake a self assessment of their financial condition and level of operations. At any given time if a listed issuer finds that it triggers any one or more of the criteria prescribed in paragraphs 2.1 or 2.1A of Practice Note 17 (“**Prescribed Criteria**”), the listed issuer must comply with the requirements of paragraph 8.04 of the Main LR and Practice Note 17.

8.16 *X Bhd* is a PN17 Issuer. Pursuant to paragraph 8.04(3)(a)(i)(bb) of the Main LR, *X Bhd* submits a plan to regularise its conditions to Bursa Securities for approval. While *X Bhd* is awaiting Bursa Securities’ approval, it has ceased to trigger the Prescribed Criteria. Can *X Bhd* apply to Bursa Securities for it to be no longer considered a PN17 Issuer?

No, pursuant to paragraph 8.04(8) of the Main LR, *X Bhd* **must** complete the implementation of the plan to regularise its condition before it can apply to Bursa Securities for it to be no longer considered a PN17 Issuer. So, even though *X Bhd* has ceased to trigger the Prescribed Criteria, that would not entitle it to be no longer considered as a PN17 Issuer until it has completed its plan to regularise its condition.

8.17 Which type of accounts can be used by a listed issuer in order to make a determination of “shareholders’ equity”, “total assets employed”, “major” and “insignificant business or operations” under the Prescribed Criteria?

The determination of “shareholders’ equity”, “total assets employed”, “major” and “insignificant business or operations” under the Prescribed Criteria must be based on either the audited or unaudited accounts, which includes the management accounts of the listed issuer.

8.18 Paragraph 2.2(a) of Practice Note 17 provides that “shareholders’ equity” refers to the equity attributable to equity holders of the listed issuer. Is non-controlling interest included in determining “shareholders’ equity”?

No, shareholders’ equity excludes non-controlling interest.

8.19 Paragraph 2.1(c) of Practice Note 17 sets out a criterion of a winding up of the listed issuer's subsidiary or associated company which accounts for at least 50% of the total assets employed of the listed issuer on a consolidated basis ("Criterion 2.1(c)").

(a) If a winding-up order has been made against such subsidiary or associated company of a listed issuer but the winding-up order is either stayed or under appeal, will the listed issuer still be classified as a PN17 Issuer?

Yes, a stay order only has the effect of suspending the operation of the winding-up order. It does not change the fact that Criterion 2.1(c) has been triggered. Thus the classification as a PN17 Issuer will take effect. Similarly, if the winding-up order is pending appeal, the listed issuer will nonetheless be classified as a PN17 Issuer, pending the outcome of the appeal.

(b) Will a winding-up order against a listed issuer, instead of such subsidiary or associated company of a listed issuer, trigger Criterion 2.1(c)?

No. However, pursuant to paragraph 16.11(2)(d) of the Main LR, Bursa Securities shall delist a listed issuer where a winding up order has been made against the listed issuer itself.

8.20 The auditors of XYZ Bhd highlighted a material uncertainty related to going concern on XYZ Bhd in its latest audited financial statements for the financial year ended 30 June 2017 ("Financial Statement"). XYZ Bhd's shareholders' equity on a consolidated basis based on the Financial Statement was 60% of its share capital (excluding treasury shares).

However, XYZ Bhd's subsequent quarterly results for the period ended 30 September 2017 ("quarterly results") shows that its shareholders' equity has reduced to 35% of its share capital (excluding treasury shares).

Will XYZ Bhd trigger the Prescribed Criteria upon the release of its quarterly results?

Yes, since XYZ Bhd's auditors have highlighted a material uncertainty related to going concern on XYZ Bhd in its latest Financial Statement and based on XYZ Bhd's latest available results which is the quarterly results, its shareholders' equity is less than 50% of its share capital (excluding treasury shares), XYZ Bhd will trigger the Prescribed Criteria pursuant to paragraph 2.1(e) of Practice Note 17. In this event, XYZ Bhd must immediately make the First Announcement under paragraph 4.1(a) of Practice Note 17 upon the release of its quarterly results.

8.21 Are the obligations of a PN17 Issuer whose securities have been suspended from trading different from the obligations of a PN17 Issuer whose securities have not been suspended from trading?

No, the obligations are the same irrespective of whether the securities of the PN17 Issuer have been suspended or not from trading.

Chapter 8 Continuing Listing Obligations
[Questions & Answers]

8.22 On 3 February 2010, *X Bhd* triggers the Cash Criterion and announces that it is a Cash Company. On 2 June 2010, *X Bhd* also triggers one of the Prescribed Criteria and announces that it is a PN17 Issuer.

X Bhd must comply with the stricter obligations i.e. those imposed on a Cash Company under paragraph 8.03 and Practice Note 16 of the Main LR. Among others, the listed issuer must place at least 90% of its cash and short-dated securities in an account opened with a financial institution licensed by Bank Negara Malaysia and operated by a custodian.

(b) What is the applicable timeframe for *X Bhd* to submit its proposal to regularise its condition as a Cash Company and PN17 Issuer?

X Bhd must regularise its condition by submitting a proposal to SC within 12 months from the date *X Bhd* announces that it is a Cash Company, i.e. by 2 February 2011.

(c) Must *X Bhd* regularise its condition by undertaking a regularisation proposal/plan under paragraph 8.03(5)(a) or that under paragraph 8.04(3)(a)(i) of the Main LR?

X Bhd must undertake a regularisation proposal under paragraph 8.03(5)(a) of the Main LR. This proposal must be able to regularise *X Bhd*'s condition as a Cash Company and PN17 Issuer. In this regard, the proposal must be one to acquire a new core business as required under paragraph 8.03(5)(a)(i) of the Main LR, and which will also fulfill the conditions set out in paragraphs 5.4 and 5.5 of Practice Note 17.

8.23 What are the measures that will be taken by Bursa Securities to assist investors in identifying listed issuers which are PN17 Issuers?

The full list of PN17 Issuers and announcements relating to them are available on Bursa Malaysia's website. Hence, investors may access Bursa Malaysia's website to be kept informed and updated on the status of the financial condition of the PN17 Issuers.

Compliance with enhanced regularisation plan requirements

8.24 *X Bhd* triggers the Prescribed Criteria under Practice Note 17 on 29 December 2014 but has not submitted its regularisation plan to Bursa Securities. Is *X Bhd* required to comply with the enhanced requirements on regularisation plan in paragraphs 5.5, 5.6 and 5.7 of Practice Note 17 which takes effect on 27 January 2015?

X Bhd must comply with the enhance requirements on regularisation plan in paragraphs 5.5, 5.6 and 5.7 of Practice Note 17 if it submits its regularisation plan to Bursa Securities on or after 27 January 2015.

Chapter 8 Continuing Listing Obligations
[Questions & Answers]

8.24A *Y Bhd* is a PN17 Issuer which intends to undertake a regularisation plan which will not result in a significant change in its business direction or policy. In the regularisation plan submitted to Bursa Securities, *Y Bhd* has included information relating to its financial forecast. What are the specific requirements under the Main LR that *Y Bhd* must comply with in relation to the disclosure of financial forecast in the regularisation plan?

Y Bhd and its Recognised Principal Adviser must ensure that the preparation and disclosure of the financial forecast in the regularisation plan complies with Chapters 9 and 10 in Division 1, Part II of the SC's Prospectus Guidelines in relation to future financial information ("**SC FFI Standards**") as required under paragraph 2.19A of the Main LR. *Y Bhd* must also ensure that its reporting accountant reviews and reports on the underlying accounting policies and assumptions relied on in the preparation of the financial forecast in accordance with the SC FFI Standards.

In addition to the above, *Y Bhd* must, amongst others, ensure that -

- the contents of the regularisation plan submitted to Bursa Securities comply with the requirements as set out in paragraph 2.18 of the Main LR; and
- the draft circular submitted to Bursa Securities together with the regularisation plan complies with the standard of disclosure for circulars as prescribed under paragraph 9.35A of the Main LR.

PN17 Business Trust

8.25 *ABC Trust* is a PN17 Business Trust. As part of its proposal to regularize its condition, *ABC Trust* proposes to do the following:

(a) Scenario 1

ABC Trust proposes to issue new securities via a rights issue as part of its regularization plan. Which regulator should *ABC Trust* submit its regularization plan to?

ABC Trust should submit its regularisation plan to Bursa Securities for approval pursuant to paragraph 8.04(3)(a)(i)(bb) of the Main LR as it involves only a rights issue.

(b) Scenario 2

ABC Trust proposes to undertake a proposal which results in a significant change in the business direction or policy of *ABC Trust* together with a rights issue as part of its regularisation plan. Which regulator should *ABC Trust* submit its regularisation plan to?

ABC Trust should submit its regularisation plan to SC for approval pursuant to paragraph 8.04(3)(a)(i)(aa) of the Main LR. So long as the regularisation plan involves a proposal which requires the SC's approval, such regularisation plan must be submitted to the SC. Hence, in addition to the existing requirement for submission to the SC of a regularisation plan which will result in a significant change in the business direction or policy of the business trust, any regularisation plan which involves the new issue of units other than a rights issue, must also be submitted to the SC for approval.

- 8.26** Under paragraph 5.3 of Practice Note 17, a PN17 Business Trust must, among others, record either a net profit or positive operating cash flow in 2 consecutive quarterly results immediately after the completion of the implementation of the regularisation plan. If a PN17 Business Trust records positive cash flow but negative profits, would the PN17 Business Trust be considered as complying with this obligation to regularise its condition?

Yes. So long as any one of the requirement is fulfilled (whether it records a net profit or positive operating cash flow), the PN17 Business Trust is deemed to have complied with the requirement.

Material variation

- 8.27** Paragraph 8.22(1)(b) of the Main LR requires a listed issuer to issue a circular to its shareholders and seek its shareholder approval for any material amendment, modification or variation to a proposal which has been previously approved by shareholders in general meeting. When is an amendment, modification or variation considered as “material”?

Pursuant to paragraph 8.22(2)(b) of the Main LR, an amendment, modification or variation is considered material if it can be reasonably expected to have a material effect on the decision of a holder of securities of the listed issuer in relation to such proposal.

- 8.28** Pursuant to paragraph 8.22(3) of the Main LR, an amendment, modification or variation to a proposal which has been approved by shareholders resulting from the direction or condition imposed by the relevant authorities does not require shareholder approval under paragraph 8.22(1)(b) of the Main LR.

Company A obtains shareholder approval for its corporate proposal i.e. to purchase a 10% interest in **Company B**. Subsequently, before making a submission for approval to the relevant authority, **Company A** revises its proposed purchase to a 30% interest in **Company B**. **Company A** then submits the amended proposal to the relevant authority for approval. The amended proposal is approved by the relevant authority. Although the amendment is material, it is already approved by the relevant authority. Would **Company A** still need to obtain shareholder approval for the amendment?

Yes, the material amendment to **Company A**'s proposal would still require shareholder approval under paragraph 8.22(1)(b) of the Main LR. Although the amended proposal may have been approved by the relevant authority, the amendment was not made pursuant to a direction or condition imposed by such authority.

- 8.28A** **ABC Bhd** raised RM50 million in its initial public offering (“IPO”) for the purposes as set out in items (1) to (3) of the table below and as represented in its prospectus. As at 30 April 2019, **ABC Bhd** had utilized RM29 million from the total proceeds raised as set out in column (i) of the table below. Yes, pursuant to paragraph 8.22(1)(a) of the Main LR, ABC Bhd is required to seek shareholder approval for the change to the utilisation of IPO proceeds since the proposed change of utilisation of proceeds amounting to RM13 million is material as it exceeds 25% of the total IPO proceeds raised:

RM13 million/RM50 million x 100 = 26%.

8.29 Is paragraph 8.22 of the Main LR only applicable to proposals where Bursa Securities will conduct a full review of the circulars i.e. the Full Review Circulars?

No, the approved proposal referred to in paragraph 8.22 of the Main LR covers all proposals that require shareholder approval.

No, a listed issuer must obtain its shareholder approval before completing or implementing its transaction or corporate proposal.

Financial assistance

- 8.31 Paragraph 8.23(1) of the Main LR stipulates that the requirements relating to the provision of financial assistance in the Main LR are applicable to a listed issuer and its subsidiaries which are not listed on any stock exchange. Does this mean that a subsidiary listed on a stock exchange outside Malaysia is not required to comply with paragraph 8.23 of the Main LR if such subsidiary provides financial assistance?**

Yes, the subsidiary listed on a stock exchange outside Malaysia is not subjected to the requirements under paragraph 8.23 of the Main LR. Instead, such subsidiary, in giving financial assistance, will be required to comply with its home exchange rules.

- 8.32 What are the disclosure requirements of a listed issuer in respect of financial assistance provided by the listed issuer or its subsidiaries not listed on any stock exchange pursuant to paragraph 8.23(1)(ii) of the Main LR?**

Pursuant to paragraph 3.1 of Practice Note 11, the listed issuer must announce any financial assistance provided by such listed issuer or its subsidiaries not listed on any stock exchange pursuant to paragraph 8.23(1)(ii) of the Main LR for each quarter of its financial year, simultaneously with its quarterly results pursuant to paragraph 9.22 of the Main LR and in any event no later than 2 months after the end of each quarter of its financial year. In this respect, the listed issuer must ensure that the announcement includes such information as set out in Annexure PN11-A of Practice Note 11 and Appendix 8D (if applicable) of the Main LR.

- 8.33 Will a listed issuer (other than a listed issuer whose activities are regulated by any written law relating to banking, finance companies or insurance and are subject to supervision by Bank Negara Malaysia or an equivalent foreign regulatory authority as Bursa Securities deems appropriate) which lends money pursuant to a moneylending licence ("Moneylending") be exempted from compliance with paragraph 8.23 of the Main LR?**

No, a listed issuer which is involved in Moneylending is subject to and hence, must ensure compliance with paragraph 8.23 of the Main LR notwithstanding that it has a valid moneylending licence.

- 8.34 Will the Moneylending carried out by a listed issuer automatically fall within the ambit of paragraph 8.23(1)(ii) of the Main LR, as being those "necessary to facilitate the ordinary course of business of the listed issuer or its subsidiaries"?**

No, the listed issuer must ascertain whether the Moneylending is "necessary to facilitate the ordinary course of business of the listed issuer or its subsidiaries" in accordance with Practice Note 11.

- 8.35 In the absence of a specific regulatory framework governing 'scheduled institutions' in the Financial Services Act 2013 which replaces the Banking and Financial Institutions Act 1989 ("BAFIA"), paragraph 8.23(4)(c) of the Main LR has been deleted, which previously exempted scheduled institutions which were registered and supervised by Bank Negara Malaysia under the BAFIA from complying with the requirements in paragraph 8.23. Does it mean that all corporations which were previously "scheduled institutions" under the BAFIA must now comply with paragraph 8.23 in full?**

**Chapter 8 Continuing Listing Obligations
[Questions & Answers]**

Only corporations which were previously “scheduled institutions” and which are no longer subjected to Bank Negara Malaysia’s regulation and supervision⁵ must now adhere strictly to the requirements set out in paragraph 8.23 when providing financial assistance.

On the other hand, previous “scheduled institutions” such as the development finance institutions which are prescribed under the Development Financial Institutions Act 2002⁶, and therefore, still regulated and supervised by Bank Negara Malaysia will continue to enjoy the exemption from the provision on financial assistance under paragraph 8.23(4)(b) of the Main LR.

8.36 A listed issuer grants a corporate guarantee to a third party for services rendered by the third party to the listed issuer’s non-wholly owned subsidiary. Is the corporate guarantee subject to disclosure requirements under Practice Note 11?

No, a corporate guarantee granted to a subsidiary by a listed issuer would not be subject to Practice Note 11 as it is provided pursuant to paragraph 8.23(1)(iii) of the Main LR and not paragraph 8.23(1)(ii). In the circumstances, the quarterly disclosure under paragraph 3.1 of Practice Note 11 is not applicable.

8.37 What is a moneylending company under paragraph 8.23 of the Main LR? Are corporate guarantees or loans granted to non-wholly owned subsidiaries and contractors regarded as moneylending under the Main LR?

A moneylending company is defined under paragraph 8.23(2)(a)(ii) of the Main LR as a listed issuer or its subsidiary that lends or advances money in the ordinary course of business as a moneylender pursuant to the Moneylenders Act 1951. As such, provision of corporate guarantees or advances necessary to facilitate the ordinary course of business of the listed issuer or its subsidiary (i.e. for purposes of getting a contract or to enable a sub-contractor to commence work) would not be regarded as moneylending operations.

8.38 Under paragraph 8.23(2)(c) of the Main LR, a listed issuer must procure its shareholders’ prior approval for any provision of financial assistance to an associated company or joint arrangement where the aggregate amount provided compared to the net tangible assets of the group is 5% or more. In such circumstances, what is the prescribed content of the circular to be issued to the shareholders?

The minimum content of a circular for purposes of seeking shareholder approval for provision of financial assistance which is not a related party transaction is not specifically prescribed under the Main LR. However, a listed issuer can seek guidance from the minimum content prescribed for circulars in relation to transactions as set out under Appendix 10B of the Main LR.

⁵ For example, corporations which carry out building credit business, factoring or leasing business or development finance institutions which are not prescribed under the Development Financial Institutions Act 2002.

⁶ The existing prescribed development finance institutions are:

- (a) Bank Pembangunan Malaysia Berhad;
- (b) Bank Perusahaan Kecil & Sederhana Malaysia Berhad (SME Bank);

**Chapter 8 Continuing Listing Obligations
[Questions & Answers]**

- 8.39 Pursuant to paragraph 8.23(2)(a)(i) of the Main LR, where a listed issuer or any of its subsidiaries provides financial assistance, the board of directors must ensure, amongst others, that the provision of financial assistance is fair and reasonable to the listed issuer. What would be considered as “fair and reasonable”?**

What would be considered as “fair and reasonable” is subjective and varies from case to case. To ascertain the fairness and reasonableness of the financial assistance granted, the board of directors is required to make an assessment of the circumstances and terms of the provision of financial assistance including comparisons with market practices. For instance, if the proposal is for a one-off lump sum payment to be given to a sub-contractor for services rendered in the listed issuer’s housing development project when the market practice is typically for advances to be given by way of instalments and subject to certification of staggered work done by the sub-contractor, the board of directors should scrutinise the proposal to see whether there are exceptional circumstances to justify that such an advance is nonetheless fair and reasonable.

- 8.40 Pursuant to paragraph 8.23(2)(e) of the Main LR, a moneylending company must make quarterly disclosures of certain information as prescribed not later than 7 market days after the end of each quarter of a financial year (“Quarterly Disclosure”). A moneylending company does not lend or advance any money in a particular quarter. Does it still have to make the Quarterly Disclosure?**

In a situation where there is no new money lending activities in that particular quarter and no outstanding advances or loans from the previous quarters, then for subsequent Quarterly Disclosure, the listed issuer would only need to make a negative statement to that effect in its Quarterly Disclosure. If there are still outstanding advances or loans, the listed issuer is required to comply with paragraph 8.23(2)(e) of the Main LR.

- 8.41 Can a listed issuer or any of its subsidiaries commence or continue to lend or advance monies to third party(ies) pursuant to its moneylending business?**

Pursuant to paragraph 8.23(1)(ii) of the Main LR, a listed issuer or any of its subsidiaries can provide such financial assistance where it is made pursuant to or where it is necessary to facilitate the ordinary course of business of the listed issuer or its subsidiaries. As such, loans/advances made to a third party by the listed issuer or any of its subsidiaries in the ordinary course of its moneylending business is permitted. However, unless the listed issuer or its wholly owned subsidiary is exempted under paragraph 8.23(4), the conditions set out in paragraph 8.23 of the Main LR must be satisfied and in particular, paragraph 8.23(2). In this respect, the board of directors of the listed issuer would have to oversee the moneylending operations and the management of credit risk of the moneylending company including ensuring adequate policies and procedures are in place in relation to the matters set out in paragraph 8.23(2)(a)(ii)(aa)-(dd).

In addition to this, the listed issuer will have to make the relevant quarterly announcements for each of the moneylending company not later than 7 market days after the end of each quarter of the financial year as prescribed under paragraph 8.23(2)(e) of the Main LR.

**Chapter 8 Continuing Listing Obligations
[Questions & Answers]****8.42 What are “problem credits” as referred to in paragraph 8.23(2)(a)(ii)(dd) of the Main LR?**

“Problem credits” means such problems arising from, amongst others, the borrower’s non-compliance with the terms of the financial assistance including failure to meet repayment of principal/interest or collateral obligations. It is to be noted that the assessment as to what “problem credits” are by the listed issuer/board of directors should not be limited to actual occurrence of default only but may include possible defaults such as signs of the borrower having difficulties in complying with the terms of the financial assistance (e.g. making or requesting for partial or late payments).

8.43 Do all listed issuers which are subject to the requirements in paragraph 3.1 of Practice Note 11 also have to make the quarterly disclosures stipulated in paragraph 8.23(2)(e) of the Main LR?

No, paragraph 8.23(2)(e) is only applicable where a listed issuer or its subsidiary lends or advances money in the ordinary course of its business as a moneylender.

Electronic payment of cash distributions**8.44 Must a listed issuer amend its constitution to allow for payment of cash dividends electronically to its shareholders pursuant to paragraph 8.26A of the Main LR?**

By virtue of paragraph 7.36 of the Main LR, a listed issuer is in a position to pay cash dividends to its shareholders electronically pursuant to paragraph 8.26A of the Main LR regardless of what may be stated in its constitution in relation to cash dividend payment.

Notwithstanding this, to ensure that the listed issuer’s constitution are updated and comprehensive, it should proceed to amend the relevant provisions in its constitution that may be inconsistent with the requirements for the listed issuer to pay cash dividends electronically as set out in paragraph 8.26A of the Main LR.

8.45 What should a listed issuer do if its securities holders have not provided their bank account information to the Depository?

No. SR/TAC/ro/LD07/10) (“**Directive**”), and encourage its securities holders to provide their bank account information to the Depository. If, after taking such steps, the securities holders still do not provide their bank account information to the Depository, the listed issuer may continue to pay cash distributions to these securities holders in the existing manner as authorized under the listed issuer’s constituent documents or issuing documents such as the constitution, trust deed or terms of issuance.

8.46 Where can a listed issuer obtain its securities holders' relevant contact details for purposes of compliance with paragraph 8.26A(2) of the Main LR?

A listed issuer can obtain its securities holders' relevant contact details from the Depository when requesting for the bank account information.

8.47 Must a listed issuer notify all its securities holders electronically for purposes of electronic notification under paragraph 8.26A(2) of the Main LR?

Currently, a listed issuer must provide electronic notification to all its securities holders who have provided their email details to the Depository to receive electronic notification. In addition, the listed issuer may also, at its discretion, provide other means of electronic notification such as notification via SMS to securities holders who have provided their mobile phone numbers only.

8.48 For purposes of compliance with paragraph 8.26A(2) of the Main LR, must a listed issuer provide the electronic notification to its securities holders by itself?

No, while a listed issuer is at liberty to issue the electronic notification itself, this function can also be done by the listed issuer's service provider such as the bank which debits the cash distributions from the listed issuer's account or through its share registrar.

8.49 When must a listed issuer notify its securities holders electronically under paragraph 8.26A(2) of the Main LR?

A listed issuer must notify its securities holders electronically, as soon as practicable after the cash distributions have been paid out of its account.

8.50 Who can be the service providers for the electronic payment of cash distributions?

The service providers for the electronic payment of cash distributions include the share registrars (whether external or in-house), the paying agents providing cash management services for payment to third parties such as the banks or lead arrangers of the listed issuers who offer such facilities, and the Depository.

8.51 Can a listed issuer appoint another share registrar or the Depository to be its service provider for the electronic payment of cash distributions such as cash dividends whilst at the same time maintaining its existing share registrar for other services?

Yes, a listed issuer may appoint another share registrar or the Depository to be its service provider for the electronic payment of cash distributions such as cash dividends.

8.52 Does a listed issuer have to procure the consent of each of its securities holders to receive payment of the cash distributions electronically?

No. The consent will be procured by the Depository when the securities holders provide their bank account information to the Depository.

8.53 Is a listed issuer required to provide the services for electronic payment of cash distributions to its securities holders if payment of the dividend is satisfied by an issue of shares (dividend in specie) and in cash?

Where payment of dividend is to be satisfied by an issue of shares (dividend in specie) and in cash, a listed issuer is still required to provide the services for electronic payment of cash distributions to its securities holders in respect of the cash dividend portion. However, electronic payment of cash distributions is not applicable to the dividend in specie.

Yes, a listed issuer may voluntarily pay the other types of cash payments not falling within paragraph 8.26A(3) of the Main LR, to its securities holders via direct crediting into the bank accounts of its securities holders who have provided their bank account details to the Depository. Yes, the listed issuer’s external auditor can be appointed as the scrutineer for the general meeting so long as the external auditor is independent of the person undertaking the polling process and refrains from acting in a resolution that it may be interested in, e.g. the resolution seeking its reappointment.

Is *X Bhd* required to make an immediate disclosure of the corporate proposal?

X Bhd would be required to make an assessment of the circumstances and must make an immediate announcement pursuant to the paragraph 9.06(3) of the Main LR if the suspicious circumstances aforesaid would reasonably lead to the belief that the material information has been inadvertently disclosed. It is to be noted that the illustration provided above is not exhaustive and the circumstances which may cause a listed issuer to believe that material information may have been inadvertently disclosed are varied and subjective on a case to case basis. It may include situations where a listed issuer is of the view that the necessary degree of confidentiality cannot be maintained or suspicious 'leak' of the information by party(ies) privy to the material information have occurred. In such circumstances, the listed issuer would have to make an immediate announcement notwithstanding that there is no unusual market activity or insider trading in the listed issuer's securities or rumours/reports concerning the information.

9.07A What are some of the examples where a listed issuer cannot rely on the exceptional circumstance of "prejudicing the ability of a listed issuer to pursue its corporate objectives" to delay disclosure of material information?

The following are some examples where the listed issuer **cannot** rely on this exceptional circumstance to delay disclosure of material information:

- (a) when there is a material default in a loan by a listed issuer and it is in the process of negotiating with the bank;
- (b) when a listed issuer is involved in a material litigation which adversely impacts the listed issuer; or
- (c) when there is a termination of a material contract and the listed issuer is renegotiating with the counter party.

In the above examples, while disclosure of the information may have an unfavourable impact to the listed issuer, such information is critical for investors to make informed investment decision. In such instances, non-disclosure of the material information is prejudicial to the interest of investors. Hence, announcement of the default, litigation or termination of contract must be made immediately.

9.07B Paragraph 9.05(2) of the Main LR stipulates that disclosure of material information may be temporarily withheld if the facts are in a state of flux and a more appropriate moment for disclosure is imminent. In this regard, what constitutes facts that are in a state of flux?

This refers to information that, although material, is subject to rapid change. If the situation is about to stabilise or resolve itself in the near future, it may be proper to withhold public announcement until a firm announcement may be made, since successive public announcements concerning the same subject but based on changing facts may confuse or mislead the public rather than enlighten it.

As an illustration, a listed issuer is in negotiations for the acquisition of another corporation. In the course of the successful negotiation, the only information known to each party at the outset may be the willingness of the other to hold discussions. Shortly after that, it may become apparent to the parties that it is likely an agreement can be reached. Finally, an agreement in principle is reached on specific terms.

In such circumstances, the listed issuer need not issue a public announcement at each stage of the negotiations to describe the current state of constantly changing facts, but may wait until agreement in principle is reached on specific terms. If, on the other hand, progress in the negotiations should stabilise at some other point, disclosure should then be made if the information is material.

9.07C Can a listed issuer withhold immediate disclosure of material information -

- **due to confidentiality obligations pursuant to the terms of negotiations or agreements; or**
- **where consent is required from the counter party for the disclosure of the terms of the agreements?**

No. A listed issuer must avoid putting itself in a position where it is bound by confidentiality obligations or required to seek consent from the counter party that may defeat its obligation to disclose material information on an immediate basis.

Clarification, confirmation or denial of rumours or reports

9.07D Paragraph 9.10(1)(a) of the Main LR requires a listed issuer to immediately announce a denial or clarification of erroneous rumour or report and take reasonable effort to bring the announcement to the attention of the party that initially distributed such rumour or report. How does the listed issuer comply with taking “reasonable effort to bring the announcement to the attention of the party that initially distributed the erroneous rumour or report”?

The listed issuer may do so by sending a copy of the announcement to such party, for e.g. the newspaper's editor (in the case of an erroneous newspaper article), or the broker responsible for the erroneous market report.

Thorough public dissemination**9.08 Is selective disclosure of material information allowed under the Main LR?**

Pursuant to paragraph 9.08(2) of the Main LR, listed issuers must ensure that under no circumstances disclosure of material information is made on an individual or selective basis to analysts, shareholders, journalists or other persons unless such information has previously been fully disclosed and disseminated to the public.

However, pursuant to paragraph 9.08(3) of the Main LR, under limited circumstances, selective disclosure to such persons where it is necessary towards achieving certain corporate objectives is permitted subject to the requirements in the said paragraph. Hence, disclosure of unpublished material information to solicitors and advisers in undertaking a corporate or due diligence exercise is permitted provided that the strictest confidentiality is imposed and maintained, and the market activity of the listed issuer is closely monitored.

Prescribed events which require immediate announcement

9.11 A Bhd does not have a chief financial officer. Financial matters fall under the responsibility of its general manager, Mr. X. These matters include signing cheques, monitoring cash flow, financial planning and preparing the financial statements. Mr. X is also responsible for signing the statutory declaration in relation to the accounts of A Bhd. Mr. X has recently resigned from A Bhd. Must A Bhd announce Mr. X's resignation and provide reasons for the resignation in accordance with paragraph 9.19(14A)(b) of the Main LR?

Under paragraph 9.19(14A) of the Main LR, A Bhd is required to announce the cessation of office of its chief financial officer and to include the reasons for such cessation. Paragraph 1.01 of the Main LR further defines “**chief financial officer**” to mean the person primarily responsible for the management of the financial affairs of the corporation (such as record keeping, financial planning and financial reporting) by whatever name called. As Mr. X is primarily responsible for the management of A Bhd's financial affairs, Mr. X would fall within the definition of “**chief financial officer**”. Hence, A Bhd is required to make the relevant announcement under paragraph 9.19(14A)(b) of the Main LR in relation to the resignation of Mr. X.

- 9.12** Listed issuers are required to immediately announce the reasons given for cessation of office of a director¹, chief executive² and chief financial officer³ including but not limited to any information relating to his disagreement with the board and a statement as to whether or not there are any matters that need to be brought to the attention of the shareholders. If the reasons for cessation are contentious in nature, for example, where the reasons are defamatory or where there is an existing dispute in relation to the cessation of office, how does a listed issuer ensure compliance with such requirement?

Listed issuers must adhere to the standard of disclosure set out in paragraph 9.35A under the Main LR. Amongst others, the listed issuers must ensure that its announcement is factual, clear, unambiguous, accurate, succinct and contains sufficient information to enable securities holders and investors to make informed investment decisions. Further, the announcement must be balanced and fair, and does not contain any language which is inflammatory, defamatory or scandalous of another person. In instances where the reasons for cessation of office are contentious in nature, the listed issuer should seek prior legal advice in the preparation of the announcement required.

- 9.13** A director resigns from a listed issuer and does not provide reasons for his resignation. Is the listed issuer still required to provide reasons for the resignation of the director in the announcement under paragraph 9.19(12)(b) of the Main LR?

Under paragraph 9.19(12)(b), the listed issuer is required to disclose the reasons for the cessation of office of its director. Hence, the listed issuer must engage with the relevant director for the reasons of his resignation.

- 9.14** If a listed issuer's shareholders requisition for the removal of a director or auditor of the listed issuer, is the listed issuer required to disclose the reasons for removal pursuant to the shareholders' requisition, under paragraphs 9.19(12)(b) or 9.19(15) of the Main LR respectively?

The listed issuer is expected to use its best endeavours to obtain the reasons for such removal from the shareholders making the requisition, and subsequently announce the reasons under paragraphs 9.19(12)(b) or 9.19(15) of the Main LR, as the case may be.

¹ See paragraph 9.19(12)(b) of the Main LR.

² See paragraph 9.19(14)(b) of the Main LR.

³ See paragraph 9.19(14A)(b) of the Main LR.

- 9.15 A chief executive resigns and provides the official reasons for his resignation in his letter to the listed issuer. The listed issuer makes the announcement required under paragraph 9.19(14)(b) of the Main LR. Subsequently, the actual reasons for the resignation of the chief executive surfaced. Will there be any enforcement action taken against the listed issuer in this instance by Bursa Securities?**

In making an announcement, the listed issuer must ensure adherence to the requirements under the Main LR including paragraph 9.35A(1) which requires the listed issuer to make, amongst others, clear, factual and accurate announcements. Where there are discrepancies in the said announcement, Bursa Securities will investigate to see whether the listed issuer has done all that is necessary to ensure factual and accurate disclosure of facts. Additionally, under 9.35A(5) of the Main LR, the listed issuer is required to immediately notify Bursa Securities when it becomes aware that the announcement does not fulfil the requirements of paragraph 9.35A(1) of the Main LR, and do the necessary to rectify the earlier announcement made. If, in the course of Bursa Securities' investigation, it is found that the listed issuer has not taken the necessary steps to ensure accurate and complete disclosure of information, Bursa Securities may take the necessary enforcement action.

- 9.16 Paragraph 9.19(14B) of the Main LR requires a listed issuer to announce any appointment or change in the legal representative(s) with sole powers to represent, exercise rights or enter into binding obligations, on behalf of the listed issuer or its foreign principal subsidiary pursuant to any relevant law applicable to the listed issuer or its foreign principal subsidiary. Who is a legal representative for purposes of paragraph 9.19(14B) of the Main LR?**

As expressly stated in paragraph 9.19A(14B) of the Main LR, a legal representative is a person with sole powers to represent, exercise rights or enter into binding obligations, on behalf of the listed issuer or its foreign principal subsidiary. It is a requirement imposed under the law of the relevant country like China for example which permits the appointment of a legal person who has the sole power to manage and direct the corporation, holds the corporation's common seal and is authorized to perform all acts regarding the general administration of the corporation including executing powers of attorney and any legal transaction on the corporation's behalf. The legal representative however, is separate from the director or senior officers of the listed issuer or its foreign principal subsidiary.

- 9.17 A winding-up petition is served on the subsidiary of a listed issuer. However, the winding-up petition has no financial or operational impact on the listed issuer and the listed issuer forms the view that there is no merit to the winding-up petition. Is the listed issuer still required to make an immediate announcement of the winding-up petition?**

Yes. Pursuant to paragraph 9.19(19) of the Main LR, a listed issuer must make an immediate announcement of any presentation of winding up petition against the listed issuer or any of its subsidiaries or major associated companies irrespective of whether -

- the winding-up has financial or operational impact on the listed issuer;
- the listed issuer is contesting the winding-up petition or forms the view that there is no merit to the winding-up petition; or
- the listed issuer is in negotiation with the petitioner to arrive at a settlement arrangement.

- 9.18 Does a listed issuer need to inform Bursa Securities when a listed issuer wants to utilise the balance of its initial public offerings proceeds which have been allocated for a project as disclosed in the prospectus, for another project?**

Pursuant to paragraph 9.19(32) of the Main LR, a listed issuer must announce to Bursa Securities any change to the utilisation of proceeds raised from issuance of securities (including arising from initial public offerings) that deviates by 5% or more from the total proceeds raised.

- 9.19 *Z Bhd* has disclosed in its prospectus issued for the initial public offering of *Z Bhd* that it expects the gross proceeds from the public issue of approximately RM35million to be fully utilised as set out in column (i) of the table below. Subsequent to the listing of *Z Bhd*, *Z Bhd* decides that it would need to purchase additional equipment and thus, *Z Bhd* would need a total of RM8.15 million towards the purchase of equipment. *Z Bhd* further decides that the additional RM2.15 million would be from its working capital as follows:**

Details of proposed utilisation of proceeds	Proceeds (RM'000) (i)	Revisions to Utilisation (RM'000)	Balance Revised Utilisation (RM'000)
Acquisition of a new factory	5,000	-	5,000
Purchase of equipment	6,000	2,150	8,150
Repayment of bank borrowings	13,000	-	13,000
Working capital	10,000	(2,150)	7,850
Estimated listing expenses	1,000	-	1,000
Total	35,000	-	35,000

Is *Z Bhd* required to make an immediate announcement of these changes to its proposed utilisation of proceeds under paragraph 9.19(32) of the Main LR⁴?

Yes. As *Z Bhd* would now utilise RM8.15 million towards the purchase of equipment, *Z Bhd* would be required to make an immediate announcement of the changes including the deviation in the utilisation of the RM2.15 million which was originally proposed for working capital purposes pursuant to paragraph 9.19(32) of the Main LR. This is because the deviation amounts to more than 5% of the the total proceeds raised:

$$\text{RM2.15 million/RM35 million} \times 100 = 6.14\%.$$

⁴ Paragraph 9.19(32) of the Main LR requires a listed issuer to make immediate announcement on any change to the utilisation of proceeds raised by the listed issuer from the issuance of securities that deviates by 5% or more from the total proceeds raised.

- 9.20** Based on the same facts as in Question Error! Reference source not found. above, would *Z Bhd* be required to make an immediate announcement pursuant to paragraph 9.19(32) of the Main LR notwithstanding that *Z Bhd* has yet to proceed with the purchase of the additional equipment?

Yes, *Z Bhd* would be required to make the immediate announcement pursuant to paragraph 9.19(32) of the Main LR notwithstanding that *Z Bhd* has yet to proceed with the purchase. For purposes of paragraph 9.19(32) of the Main LR, listed issuers would be required to make the announcement once a decision has been made to change the proposed utilization of proceeds which triggers the prescribed 5% threshold and not upon actual implementation of the change.

- 9.21** Paragraph 9.19(36) of the Main LR requires the listed issuer to make an immediate announcement of any circumstances or development which are likely to materially affect the results or outcome of any financial estimate, forecast, projection or internal targets of the listed issuer previously announced or disclosed in a public document. What is the extent of the variation to the results or outcome of the financial estimate, forecast, projection or internal targets that would be considered as “material”?

Bursa Securities does not prescribe a threshold where the variation would be considered “material” for purposes of making the requisite announcement under paragraph 9.19(36) of the Main LR. The variation would be considered material if the information of such variation is reasonably expected to have a material effect on -

- (a) the price, value or market activity of any of the listed issuer’s securities; or
- (b) the decision of a holder of securities of the listed issuer or an investor in determining his choice of action.

When must the listed issuer make the immediate announcement as required under paragraph 9.19(37) of the Main LR?

If the auditor’s report contains a modified opinion or material uncertainty related to going concern, the listed issuer must immediately announce such modified opinion or material uncertainty related to going concern, as soon as the annual audited financial statements have been approved by its board of directors. The listed issuer should not delay or defer the announcement until the issuance of its annual report.

As an illustration, the listed issuer has a financial year ending 31 December 2016. In the auditor’s report of its annual financial statements, the external auditors have highlighted a material uncertainty related to going concern. Pursuant to paragraph 9.23(1) of the Main LR, the listed issuer must issue its annual report that includes annual audited financial statements together with the auditors’ and directors’ reports, within 4 months from the close of the financial year of the listed issuer i.e. by 30 April 2017. On 17 April 2017, its board of directors approves the annual audited financial statements of the listed issuer. In this regard, the listed issuer must

The announcement must set out the full details of such modified opinion or material uncertainty related to going concern and include the following:

- (b) steps taken or proposed to be taken to address those key audit matters that relate to the modified opinion or material uncertainty related to going concern; and
- (c) the timeline for the steps referred to in sub-paragraph (b) above.

What is a listed issuer expected to disclose under paragraphs 9.19(37)(a) and (b) of the Main LR respectively?

- (ii) those matters that, in the auditor's professional judgment, were of most significance in the audit of its financial statements for the reporting period, as described in the "**Key Audit Matters**" section of the external auditor's report.

On the other hand, in the announcement pursuant to paragraph 9.19(37)(b) of the Main LR, the listed issuer will only be required to state the steps taken or proposed to be taken to address those matters set out in paragraph (i) above.

9.24 Paragraph 9.19(46) of the Main LR requires an immediate announcement of any valuation which has been conducted on the non-current assets of the group, where the revaluation surplus or deficit will be incorporated in the financial statements of the listed issuer. Would this include valuation of the listed issuer's investment in subsidiaries?

No. For purposes of paragraph 9.19(46) of the Main LR, the valuation is only in respect of the non-current assets of the group and thus, it would not include valuation of the listed issuer's investment in subsidiaries.

Total Cash Flow from/(used in) financing activities**9.38 Is the management company of a REIT required to give quarterly reports pertaining to the REIT to Bursa Securities for public release?**

Yes, the management company of a REIT must give quarterly reports of the REIT for each of the first 3 quarters of its financial year, to Bursa Securities for public release, as soon as the figures are available, and in any event not later than 2 months after the quarter ends as required under paragraph 9.44 of the Main LR respectively. However, the management company of a REIT need not submit any quarterly report for the last quarter of its financial year.

9.39 Is a SPAC required to give Bursa Securities an interim financial report on a quarterly basis in accordance with paragraph 9.22 of the Main LR?

No. Pursuant to paragraph 9.51 of the Main LR, a SPAC need not comply with paragraph 9.22 of the Main LR. A SPAC is only required to announce to Bursa Securities its interim unaudited or audited financial report within 2 months after the close of the SPAC's half financial year.

Timeframe for issuance of annual report

9.40 Paragraph 9.23 of the Main LR in relation to the timeframe for issuance of annual reports has been amended to be implemented in phases in the following manner:

- annual reports for financial years ending on or after 31 December 2014 must be issued to Bursa Securities and shareholders within 5 months from the close of the financial year end (“Phase 1 Requirements”); and
- annual reports for financial years ending on or after 31 December 2015 must be issued to Bursa Securities and shareholders within 4 months from the close of the financial year end, and the separate announcement of the annual audited financial statements can be dispensed with (“Phase 2 Requirements”).

ABC Berhad’s financial year end (“FYE”) falls on 31 December. Is ABC Berhad still required to announce its annual audited financial statements to the Bursa Securities?

ABC Berhad is still required to announce its annual audited financial statements for FYE 31 December 2014 by 30 April 2015 under the Phase 1 Requirements. However, it is not required to announce its annual audited financial statements for FYE 31 December 2015 and the subsequent financial years after 31 December 2015 when the Phase 2 Requirements become effective as its annual reports issued within 4 months for those financial years would already include its annual audited financial statements, directors’ and auditors’ reports.

9.40A *XYZ Bhd’s financial year end (“FYE”) falls on 31 March 2016. Prior to 31 December 2015, XYZ Bhd has been –*

- holding its annual general meeting within 6 months from the close of its financial year (i.e. in September); and
- including the notice convening the annual general meeting and proxy forms in its annual report, and forwarding them together to shareholders.

Pursuant to the Phase 2 Requirements, *XYZ Bhd* is required to issue its annual report that includes the annual audited financial statements together with the auditors’ and directors’ reports, to the Exchange and shareholders by July 2016 (i.e. 4 months from the close of its financial year end).

(a) Does this mean that *XYZ Bhd* is also required to convene its annual general meeting within the shorter timeframe?

The Main LR does not prescribe when a listed issuer must convene its annual general meeting. Hence, it is up to *XYZ Bhd* to determine when it should convene its annual general meeting so long as it complies with the relevant requirements of the Companies Act 2016.

- (b) Assuming that *XYZ Bhd* convenes its annual general meeting in September 2016, can *XYZ Bhd* send the notice convening the annual general meeting and the proxy forms separately from the annual report?

As the annual general meeting will only be held in September 2016, *XYZ Bhd* may send out the notice convening the annual general meeting and the proxy forms separately from the annual report so long as it complies with the relevant requirements of the Companies Act 2016.

9.43 What is the definition of “conflict of interest” as stated in item (3)(g) of Appendix 9C?

“Conflict of interest” for the purposes of item (3)(g) of Appendix 9C, refers to a situation where the director concerned has personal pecuniary interests which are in conflict with those of the listed issuer or its subsidiaries. It excludes transactions entered into by a listed issuer or its subsidiaries involving the interest of the director concerned which are regarded as related party transactions pursuant to Chapter 10 of the Main LR. The following are illustrations. A sale of property by the listed issuer to a corporation owned by the director would be a related party transaction which does not require disclosure pursuant to item (3)(g) of Appendix 9C. If the director is a major shareholder of another corporation which is the competitor of one of the subsidiaries of the listed issuer, such information must be disclosed pursuant to item (3)(g) of Appendix 9C.

For this purpose, what is regarded as “significant” non-audit fees?

In determining what could be regarded as “significant” non-audit fees, listed issuers should consider the amount of non-audit fees incurred compared to the amount of audit fees paid. Generally, if the non-audit fees constitute 50% of the total amount of audit fees paid to their external auditors, then such non-audit fees are regarded as significant.

- 9.48 Pursuant to items (3)(h), (4)(h) and (4A)(g) of Appendix 9C, listed issuers are required to set out in their annual report the particulars of the directors, chief executive and key senior management respectively including the list of convictions for offences within the past 5 years other than traffic offences, if any. CHAPTER 10 – TRANSACTIONS

Definition of “transaction”

10.1 Is the definition of "transaction" the same for both non-related party and related party transactions?

No, there is a different definition of "transaction" in the context of non-related party transactions and related party transactions respectively.

In the context of non-related party transactions, it means acquisitions or disposals of assets by a listed issuer or its subsidiaries and includes any of the following actions undertaken by the listed issuer:

- disposing of; or
- granting, accepting, exercising or discharging an option or any other right or obligation, present or future, conditional or unconditional, to dispose of,

the listed issuer's developmental rights, all or substantially all its rights, benefits, or control in an asset. However, it excludes transactions of a revenue nature in the ordinary course of business.

In the context of related party transactions, it includes acquisitions, disposals or leasing of assets, establishment of joint ventures, provision of financial assistance, provision or receipt of services or any business transaction or arrangement entered into by a listed issuer or its subsidiaries.

10.2 For the purpose of Part D of Chapter 10 of the Main LR, would an acquisition or disposal of property by a property development corporation be considered as being “in the ordinary course of business”?

No, Bursa Securities does not consider such transaction as being in the ordinary course of business of a property development corporation. However, where the property development corporation disposes of property which has been developed in the ordinary course of its business as a property developer, the listed issuer concerned would be excluded from complying with the provisions under Part D of Chapter 10. An example would be the sale of completed link houses, bungalows or bungalow lots by the property development corporation.

10.3 Is the receipt of financial assistance by a listed issuer or its subsidiaries from a major shareholder or director considered a “transaction” for the purpose of Part E, Chapter 10 of the Main LR?

No, the receipt of financial assistance by a listed issuer or its subsidiaries from a major shareholder or director is not “provision of financial assistance” as envisaged under paragraph 10.02(l) and therefore, it is not a “transaction” for the purposes of Part E of Chapter 10 of the Main LR.

- 10.4** *A Bhd*, a listed issuer entered into a transaction with *B Sdn Bhd* to purchase shares of a company. *A Bhd* paid a deposit of RM10 million for the said purchase. *A Bhd* obtained shareholder approval for the said purchase. Subsequently, the said purchase was aborted. Instead, *B Sdn Bhd* offered land of equivalent market value, in settlement of the deposit of cash to be refunded. Will the acceptance of the land in settlement of the debt owed by *B Sdn Bhd* be considered as a new transaction, which may trigger the obligations set out in Chapter 10 of the Main LR?

Yes, the acceptance of the land in settlement of the debt owed by *B Sdn Bhd* to *A Bhd* will be considered a new transaction which may trigger the obligations set out in Chapter 10 of the Main LR.

- 10.5** What amounts to an “interest” as referred to in the definition of related party transaction set out in paragraph 10.02(k) of the Main LR?

Interest includes directorships, shareholdings (direct or deemed), commissions or such other benefits received or derived from the transaction.

- 10.6** Are outstanding receivables of a related party deemed to be financial assistance by a listed issuer?

“Financial assistance” is regarded as a transaction for purposes of Part E of Chapter 10 and is defined to include forgiving a debt or releasing or neglecting to enforce a financial obligation of another. In this regard, outstanding receivables of a related party which are written off or neglected to be enforced would be regarded as a related party transaction.

No, only the listed subsidiary is required to make the announcement pursuant to Chapter 10 of the Main LR. The listed issuer would not be required to make the announcement.

- 10.8** Similarly, if the listed subsidiary aforesaid enters into a transaction that requires, amongst others, shareholder approval to be obtained, pursuant to Chapter 10 of the Main LR, will the listed issuer also be required to obtain the shareholder approval under the Main LR?

No, only the listed subsidiary is required to obtain shareholder approval pursuant to Chapter 10 of the Main LR.

Computation of percentage ratio**10.9 If the transaction is entered into, not by the listed issuer but by its subsidiary, how are the percentage ratios referred to in paragraph 10.02(g) of the Main LR applied?**

In applying the percentage ratios (other than the percentage ratio in paragraph 10.02(g)(iii)¹ of the Main LR), the listed issuer should take into account its interest in the subsidiary in question when computing the numerator. For example, *X Bhd* a listed issuer, has a 60% owned subsidiary, *Y Sdn Bhd*. *Y Sdn Bhd* acquires a company which has a net asset of RM100 million. The calculation of the percentage ratio in respect of paragraph 10.02(g)(i) of the Main LR should be as follows:

$$\frac{60\% \times \text{RM100 million}}{\text{Net assets of } X \text{ Bhd on consolidated basis}}$$

In the case of the percentage ratio in paragraph 10.02(g)(iii) of the Main LR, the total consideration paid will form the numerator. For example, *A Bhd*, a listed issuer, has a 60% owned subsidiary, *B Sdn Bhd*. *B Sdn Bhd* acquires a piece of land for the consideration of RM10 million. The calculation of the percentage ratio in respect of paragraph 10.02(g)(iii) should be as follows:

$$\frac{\text{RM10 million}}{\text{Net assets of } A \text{ Bhd on consolidated basis}}$$

This is clarified in paragraph 10.03(4A) of the Main LR.

10.10 Does a listed issuer need to exclude treasury shares when computing the percentage ratios of a transaction?

A listed issuer must exclude treasury shares in computing the -

- (a) total number of shares previously in issue under paragraph 10.02(g)(iv); and
- (b) market value of all the ordinary shares of the listed issuer under paragraph 10.02(g)(v),

when determining the percentage ratio of a transaction under Chapter 10 of the Main LR.

10.11 If the application of a prescribed percentage ratio to a transaction results in an anomalous result (for example, a negative figure), must it still be applied?

No, such percentage ratio may be disregarded in such circumstances.

¹ Paragraph 10.02(g)(iii) of the Main LR defines “percentage ratios” to mean the figures, expressed as a percentage, resulting from the aggregate value of the consideration given or received in relation to the transaction, compared with the net assets of the listed issuer.

- 10.12** *XY Bhd*, a listed issuer has positive net assets. It enters into a transaction to acquire a piece of land from A (“Land Transaction”), an unrelated party for RM1 million which is payable by *XY Bhd* wholly in cash. Pursuant to paragraph 10.02(g) of the Main LR, the only applicable percentage ratio of the said transaction which exceeds 5% is paragraph 10.02(g)(v) (“Market Cap Test”). Is *XY Bhd* required to comply with the relevant provisions of Part D of Chapter 10 of the Main LR? Similarly, will *XY Bhd* be required to comply with the relevant provisions of Part D of Chapter 10 of the Main LR if the parties agree that the consideration for the Land Transaction be in the form of *XY Bhd*’s shares?

Pursuant to paragraph 10.03(8) of the Main LR, if *XY Bhd* pays for the land in cash, the Market Cap Test will not be applicable. As such, *XY Bhd* will not be required to comply with Part D of Chapter 10 because all the other applicable percentage ratios are less than 5%.

However, if the payment for the land is settled by issuance of *XY Bhd*’s new listed shares (partly or wholly) and the percentage ratio of the same pursuant to the Market Cap Test is 5% or more, *XY Bhd* will be required to comply with the relevant provisions of Part D, Chapter 10 of the Main LR.

- 10.13** The following question is based on similar facts as set out in Question 10.12 above, except that in this instance, *XY Bhd* has negative net assets. All the relevant percentage ratios are found to be inapplicable or produce anomalous results except for the Market Cap Test. In light of this, will *XY Bhd* be required to comply with Part D, Chapter 10 of the Main LR in relation to the Land Transaction where *XY Bhd* pays for the land in cash?

Pursuant to paragraph 10.03(8) of the Main LR, the Market Cap Test will only be applicable if –

- (a) the Land Transaction involves consideration in the form of listed shares; or
- (b) all the other percentage ratios produce anomalous results or are inapplicable.

In this respect, as all the other relevant percentage ratios are inapplicable or produce anomalous results, even if *XY Bhd* pays for the land wholly in cash, *XY Bhd* will have to ensure that the relevant provisions of Part D, Chapter 10 of the Main LR are complied with.

- 10.14** In relation to any acquisition or disposal of equity interest in a corporation, when will the total assets ratio provided in paragraph 10.02(g)(vi) of the Main LR (“Total Assets Ratio”) be applicable?

Pursuant to paragraph 10.03(9) of the Main LR, in relation to any acquisition or disposal of equity interest in a corporation, the Total Assets Ratio is applicable –

- (a) if the acquisition will result in such corporation’s total asset being consolidated into the group accounts after the acquisition; or
- (b) in the disposal where such corporation’s total asset has been consolidated in the group accounts before the disposal.

10.15 For the purposes of computation of indicators of materiality under Chapter 10 of the Main LR, must a listed issuer submit a copy of the external auditors' review report to Bursa Securities?

Yes, a copy of the external auditors' review report must be furnished by the listed issuers to Bursa Securities where the figures used such as in the case of total assets, net assets, net book value of assets, net profits and cost of investment are based on the published or announced interim or unaudited financial report which must be the latest.

Valuation

10.16 What is considered as real estate for the purpose of determining whether the requirement for a valuation under paragraph 10.04 of the Main LR is applicable?

For the purpose of determining whether the requirement of paragraph 10.04 of the Main LR is applicable, real estate means land and all things that are a natural part of the land as well as all things attached to the land both below and above the ground and includes the rights, interests and benefits related to the ownership of the real estate.

Examples of the rights, interests and benefits related to the ownership of the real estate including development rights, timber concession, mining concession etc.

10.17 Paragraph 10.04 of the Main LR requires a valuation to be conducted when a transaction involves an acquisition or disposal of any real estate, and when the percentage ratio of the transaction is 5% or more for a related party transaction or 25% and more for a transaction falling under Part D of Chapter 10 of the Main LR. What will be considered as a transaction which "involves an acquisition or disposal of any real estate"?

This will be the acquisition or disposal of real estate or corporation(s) with real estate.

The following table further clarifies the requirement on valuation report pursuant to paragraph 10.04 of the Main LR:

	Transaction which percentage ratio is –	Valuation required to be conducted and valuation report submitted to Bursa?
	<ul style="list-style-type: none"> ▪ ≥ 25% pursuant to Part D (Transaction), Chapter 10 of the Main LR; or ▪ ≥ 5% pursuant to Part E (Related Party Transaction), Chapter 10 of the Main LR 	
(i)	Acquisition or disposal of <u>a real estate</u>	Yes
(ii)	Acquisition or disposal of <u>a property development/ property investment corporation**</u>	Yes, the valuation report must be submitted for all material real estate.
(iii)	Acquisition or disposal of a corporation (other than defined in (ii)) which owns real estate	Yes, only if the real estate has been revalued and the revalued amount is used as the basis in determining the purchase or disposal consideration

****“property development corporation”** means a corporation whose core business is in –

- (a) development or redevelopment of real estate; or
- (b) real estate with development potential,

and includes those rights to develop pursuant to a joint venture agreement, privatisation agreement or some other forms of joint arrangement.

“property investment corporation” means a corporation whose core business is in –

- (a) the holding of investment properties for letting and retention as investments; or
- (b) the purchase of investment properties for subsequent sale.

10.18 In an acquisition or disposal of a manufacturing corporation by a listed issuer, a revaluation on all the manufacturing corporation’s lands, plant and machinery for the purpose of determining the purchase consideration of the said corporation has been carried out. In this situation, is a submission of a valuation report to Bursa Securities required?

Pursuant to paragraph 10.04 of the Main LR, a valuation report only needs to be submitted for the real estate. The listed issuer need not submit a valuation report on the plant and machinery.

10.19 A Sdn Bhd revalued its real estate 5 years ago. PLC B plans to acquire A Sdn Bhd. Pursuant to paragraph 10.04 of the Main LR, such acquisition requires a valuation report to be submitted to Bursa Securities. Can PLC B use the revaluation report conducted 5 years ago by A Sdn Bhd, for the purpose of submission to Bursa Securities under paragraph 10.04 of the Main LR?

No, pursuant to paragraph 10.04(2)(b) of the Main LR, PLC B must ensure that the date of valuation which forms the basis of the valuation certificate included in the circular is not more than 6 months before the date of circular issued to shareholders.

10.20 When a valuation report is required, must the listed issuer submit the valuation report to the SC or Bursa Securities?

A valuation report required under paragraph 10.04 of the Main LR must be submitted to Bursa Securities. A listed issuer need not submit the report to the SC.

10.21 Must a valuer who is required to submit an undertaking to Bursa Securities under paragraph 10.04 of the Main LR, file an undertaking each time it acts for a listed issuer?

No, a valuer is required to provide Bursa Securities its letter of undertaking to comply with the Main LR once. The same undertaking will be applicable for all listed issuers which the valuer acts for.

Related party transactions**10.22 Must a listed issuer immediately announce all related party transactions?**

A listed issuer must immediately announce all the following related party transactions:

- (a) related party transactions which do not fall within the category of recurrent related party transaction of a revenue or trading nature and necessary for its day to day operations (“RRPT”) and -
 - (i) the value of the consideration of the transaction is RM500,000 or more; and
 - (ii) the percentage ratio of such related party transaction is 0.25% or more; and
- (b) RRPTs which are not comprised in a valid mandate from its shareholders (“Mandate”) and-
 - (i) in relation to a listed issuer with a share capital of RM60 million and above, the consideration, value of the assets, capital outlay or costs of the RRPT is RM1 million or more, or the percentage ratio of such RRPT is 1% or more, whichever is the higher; or
 - (ii) in relation to a listed issuer with a share capital of less than RM60 million, the consideration, value of the assets, capital outlay or costs of the RRPT is RM1 million or more, or the percentage ratio of such RRPT is 1% or more, whichever is the lower, (“Prescribed Limit”).

10.23 *P Bhd*, a listed issuer enters into a sale and purchase agreement with an unrelated party, *Q Bhd* to acquire a piece of property from *Q Bhd* for RM1 million (“Land Acquisition”). In consideration of the Land Acquisition, *P Bhd* issues to *Q Bhd* 500,000 new *P Bhd*’s shares of RM1 each (“Consideration Shares”) and RM500,000 cash. The Land Acquisition is subject to conditions, including the requirement that *Company X*, a major shareholder of *P Bhd* must underwrite the sale of the Consideration Shares by *Q Bhd* subsequently (“Underwriting Arrangement”). Is the Land Acquisition a related party transaction?

Yes, as the Land Acquisition is conditional upon the Underwriting Arrangement and involves the indirect interest of a major shareholder of *P Bhd* (i.e. *Company X*), the Land Acquisition is a related party transaction.

10.24 *S Bhd*, a listed issuer enters into a subscription agreement with an unrelated party, *Mr A* to issue *Mr A* 50,000 new *S Bhd*’s shares of RM1 each (“New Shares”). The completion date of the subscription agreement is 6 months from 1 January 2010. On 1 April 2010, *Mr A* enters into a share sale agreement with *Mr B*, a director and a major shareholder of *S Bhd* for the sale of the New Shares (“Shares Sale Agreement”). Prior to this, *Mr B* has never had any dealings with *Mr A*. In addition, the Shares Sale Agreement was never envisaged on or before the execution of the subscription agreement between *S Bhd* and *Mr A*. On 30 April 2010, *S Bhd* and *Mr A* enter into a supplemental agreement in relation to the New Shares varying amongst others, the purchase price (“Supplemental Agreement”). Will *S Bhd* be required to comply with Part E of Chapter 10 of the Main LR in relation to the Supplemental Agreement?

Yes, the Supplemental Agreement will be regarded as a related party transaction as it involves the indirect interest of a director and major shareholder of *S Bhd* i.e. *Mr B* and hence, *S Bhd* would be required to comply with Part E of Chapter 10.

- 10.25** *X Bhd*, a listed issuer has obtained a general mandate pursuant to paragraph 10.09 of the Main LR (“Mandate”) for provision of financial assistance to its subsidiaries, which constitute related party transactions. If the actual provision of financial assistance exceeds the corresponding value or amount prescribed in the Mandate, does *X Bhd* have to make an announcement in relation to the excess amount?

Yes, pursuant to paragraph 3.4(a)(ii) of Practice Note 12, if the actual amount of financial assistance provided exceeds the corresponding amount in the Mandate, *X Bhd* must immediately announce the same notwithstanding that the excess amount does not trigger the Prescribed Limit as referred to in Question 10.22. In addition, if the percentage ratio of the amount of financial assistance provided or rendered in excess of the value or amount prescribed in the Mandate is 5% or more, *X Bhd* must also comply with the relevant requirements of paragraph 10.08 of the Main LR.

- 10.26** In respect of a related party transaction where the percentage ratio is 5% or more but less than 25%, an independent adviser must be appointed by the listed issuer in respect of such transaction. Does the independent adviser have to provide a confirmation to Bursa Securities of its eligibility to act as an independent adviser?

No, such a confirmation by an independent adviser is not required under the Main LR and only a general undertaking letter under paragraph 2.21(1) of the Main LR is required. However, an independent adviser must ensure its independence within the definition of independence under paragraph 1.01 of the Main LR. Under paragraph 10.08(5) of the Main LR, Bursa Securities has the discretion not to allow an independent adviser to continue to act or be appointed as an independent adviser if in its opinion, the adviser is deemed not to be independent. Bursa Securities may also take enforcement action against independent advisers who misrepresented their independence.

- 10.27** What are the duties of an interested director in relation to the related party transaction under this Chapter?

Pursuant to paragraphs 10.08(6) to (8) of the Main LR, an interested director is imposed with an obligation to ensure that the board of directors is notified of the nature and extent of his interests. He must also abstain from board deliberation and voting on the relevant resolution in respect of the transaction. In addition, he must also ensure that persons connected with him also abstain from voting on the relevant resolution in respect of the transaction.

- 10.28** What is meant by “investee corporation” as used in paragraph 10.08(11)(q) of the Main LR?

“Investee corporation” as used in paragraph 10.08(11)(q) refers to any corporation in which the listed issuer has direct or indirect shareholdings.

- 10.29** Does the term “another person” as used in paragraph 10.08(11)(c), (g), (k), (l), (m), (n) and (o) of the Main LR include investee companies of the listed issuer?

Yes, “another person” includes investee companies of the listed issuer.

10.30 What is meant by “no other interested relationship” as used in paragraph 10.08(11)(c), (l), (m), (n) and (o) of the Main LR?

For the purposes of paragraph 10.08(11)(c), (l), (m), (n) and (o) of the Main LR, there would be “no other interested relationship” if the transaction does not involve any other interest of related party(ies).

10.31 Other than prices or charges, what are the “material terms” as envisaged under paragraph 10.08(11)(g)(ii) of the Main LR?

The phrase “material terms” would include terms such as the mode of payment or settlement or the period of settlement.

10.32 If the listed issuer gives discounts on the provision of its goods on the basis of volume or bulk purchases to all its customers, can such provision still fall within the exemption set out in paragraph 10.08(11)(g) of the Main LR?

Yes, provided that the provision of goods meets the conditions set out in paragraph 10.08(11)(g). However, discounts given or granted purely on the basis that the customer is a related party will not meet the condition that “all material terms are applied consistently to all customers or classes of customers.”

10.33 *ZZ Bhd*, a listed issuer, is an investment holding company and it has one main subsidiary, *YY Sdn Bhd* which conducts stockbroking business. *YY Sdn Bhd* provides a wide range of products or services to its clients which may involve related parties. As *ZZ Bhd*'s main business involves or relates to dealings in securities, can *ZZ Bhd* rely on paragraph 10.08(11)(g) of the Main LR in respect of dealings in securities involving related parties to state that such transactions are not related party transactions, particularly since securities do not fall within the ambit of paragraph 10.08(11)(g) of the Main LR?

The products or services provided by *ZZ Bhd* to its related parties such as taking orders to acquire or dispose securities, nominees and custody services which although are in relation to securities, would come within the ambit of “stockbroking services” under paragraph 10.08(11)(g) of the Main LR. Therefore, offering of such products or services to *ZZ Bhd*'s related parties would not be considered as related party transactions provided that all conditions in paragraph 10.08(11)(g) of the Main LR are fulfilled. However, *ZZ Bhd*'s dealings in securities as a principal would not be exempted under paragraph 10.08(11)(g) of the Main LR (as the definition of “goods” excludes securities) and therefore, would be regarded as related party transactions if they involve interests of related parties.

10.34 In order to come within the ambit of “published or publicly quoted” as provided under paragraph 10.08(11)(g) of the Main LR, must the prices be advertised to the public?

In order to satisfy the criterion of “published or publicly quoted” under paragraph 10.08(11)(g), the prices need not be advertised. So long as the pre-determined prices are or can be made readily available to the public or customers, this criterion is deemed satisfied.

- 10.35 *X Bhd*, a listed issuer, has a holding company, i.e. *Y Bhd*. *Y Bhd* has a subsidiary, *Z Sdn Bhd*. *X Bhd* is proposing to enter into a joint venture arrangement with *A Bhd*. *Mr B* who is a director and substantial shareholder of *Z Sdn Bhd* is also a substantial shareholder of *A Bhd*. Assuming that *Mr B* has no interest in *X Bhd* or *Y Bhd*, is this a related party transaction?

Illustration 1

No, based on the above facts, in view of the definition of “related party” under the Main LR, the joint venture with *A Bhd* is not a related party transaction as it does not involve the interest of any related party (i.e. directors, major shareholders or persons connected with them) of *X Bhd* and *Y Bhd*.

- 10.36 Referring to the facts as set out in Question 10.35 above, will a transaction between *X Bhd* and *Z Sdn Bhd* be deemed a related party transaction?

Yes, a transaction between *X Bhd* and *Z Sdn Bhd*, its sister company, will be deemed to be a related party transaction as it involves the interests of a common major shareholder, *Y Bhd*.

- 10.37 *A Bhd*, a listed issuer, is entering into a transaction with *C Bhd*. *Mr X* who is a director of a subsidiary of *A Bhd*, i.e. *B Sdn Bhd*, is also a director and a substantial shareholder of *C Bhd*. *A Bhd* has no holding company. Assuming that *Mr X* has no interest in *A Bhd*, is this a related party transaction?

Illustration 2

No, based on the facts above, this transaction is exempted under paragraph 10.08(11)(n) of the Main LR.

- 10.38** *D Sdn Bhd*, a subsidiary company of *A Bhd*, the listed issuer, is entering into a transaction with *Y Sdn Bhd*. *Mr X* who is a director of *B Bhd*, a subsidiary of the listed issuer is also a director and a substantial shareholder of *Y Sdn Bhd*. *A Bhd* has no holding company. Assuming that *Mr X* has no interest in *A Bhd*, is this a related party transaction?

Illustration 3

No, based on the facts above, this transaction is exempted under paragraph 10.08(11)(o) of the Main LR.

- 10.39** Referring to the facts as set out in Question 10.38 above, *D Sdn Bhd*, is entering into a transaction with *Y Sdn Bhd* (“Transaction”). *Mr Z* who is a director and a substantial shareholder of *D Sdn Bhd* is also a director and a substantial shareholder of *Y Sdn Bhd*. However, *Mr Z* has no interest in *A Bhd*, the listed issuer, and *A Bhd* has no holding company.

- (a)** Is the Transaction a related party transaction?

Yes, this situation is considered a related party transaction under paragraph 10.08(9) of the Main LR.

- (b)** What are the obligations of *A Bhd* with regards to the Transaction?

Pursuant to paragraph 10.08(9) of the Main LR, *A Bhd* does not need to obtain shareholder approval, issue a circular or appoint an independent adviser. *A Bhd* must however make an announcement which contains the prescribed information under paragraph 10.08(1) of the Main LR. In addition, the board of directors of *A Bhd* must approve the Transaction before the terms of the Transaction are agreed upon and ensure that the Transaction is fair and reasonable to *A Bhd* and is in the best interests of *A Bhd*.

Additionally, if the percentage ratio of the Transaction is 25% or more, *A Bhd* must comply with the requirements in paragraph 10.07, Part F or Part F(A) in Chapter 10 of the Main LR, as the case may be.

10.40 *X Bhd* is a listed issuer. *X Bhd* holds 20% of the total shares in *Y Sdn Bhd*. *Mr. A* is a major shareholder of *X Bhd* and *Y Sdn Bhd*. *X Bhd* intends to dispose of its 20% shareholding in *Y Bhd* to the shareholders in *X Bhd*, including *Mr. A*, on a pro-rata basis via a restricted offer for sale. Will this be considered as a related party transaction?

No, pursuant to paragraph 10.08(11)(q) of the Main LR, this disposal will not be considered as a related party transaction.

10.41 *PLC A* and *PLC B* are listed issuers. *Mr. X* is the common director of *PLC A* and *PLC B*. *Mr. X* has shareholdings of 10% in *PLC A* and 3% in *PLC B* respectively. *PLC A* enters into a supply transaction with *PLC B*. What is the nature of the supply transaction vis-à-vis *PLC A* and *PLC B*?

In so far as *PLC A* is concerned, the supply transaction would not be regarded as a related party transaction pursuant to paragraph 10.08(11)(c) of the Main LR provided that *Mr. X* does not receive or derive any benefits from *PLC A* and *PLC B* in relation to the said transaction. The transaction would however be regarded as a related party transaction vis-à-vis *PLC B*.

10.42 *ABC Berhad* and/or its subsidiaries propose(s) to enter into the following transactions:

No.	Details of transactions	Party(ies)	Highest percentage ratio triggered	Value of consideration given or received
1.	Transaction 1 in September 2009	<i>ABC Berhad</i> and <i>Mr. X</i> , a major shareholder of <i>ABC Berhad</i>	5%	RM100,000
2.	Transaction 2 in October 2009	<i>ABC Berhad</i> and <i>Syarikat 123 Sdn Bhd</i> , a joint venture company of <i>ABC Berhad</i> and <i>Mr. Z</i> , a major shareholder of <i>ABC Berhad</i> .	0.22%	RM500,000

What are the obligations of *ABC Berhad* in relation to the above transactions?

The obligations of *ABC Berhad* are as follows:

Transaction 1

Pursuant to paragraph 10.08(1)(a) of the Main LR, no obligation is triggered by *ABC Berhad* in relation to the related party transaction as even though the highest percentage ratio triggered is 5% (i.e. threshold for shareholder approval for related party transactions), the value of consideration given is less than RM500,000.

Transaction 2

Pursuant to paragraph 10.08(1) of the Main LR, as the highest percentage ratio is less than 0.25%, no requirement is imposed on *ABC Berhad* to immediately announce the related party transaction.

- 10.43** *Mr. X holds 8% of the total number of voting shares in ABC Berhad, a listed issuer and he is not the largest shareholder of ABC Berhad. Is he a major shareholder in ABC Berhad under Chapter 10 of the Main LR?*

No, even though he holds more than 5% of the total number of voting shares in *ABC Berhad* (“shareholdings”), he is not regarded as a major shareholder of *ABC Berhad* under Chapter 10 of the Main LR as he holds less than 10% of the shareholdings and is not the largest shareholder of *ABC Berhad*.

***PLC A* proposes to enter into Transactions 1 and 2 with *C Sdn Bhd* and *Z Pte Ltd* respectively. The terms and conditions of the transactions were agreed upon on 30 January 2010. *Mr. C*, a director and major shareholder of *C Sdn Bhd*, was also a director and major shareholder in *PLC A* but has resigned as a director of and disposed of his shares in *PLC A* on 1 September 2009 and 29 September 2009 respectively. *Mr. Z*, a director and major shareholder of *Z Pte Ltd*, was also a major shareholder of *PLC A* before 1 March 2009. Are Transactions 1 and 2 related party transactions?**

As Transaction 1 involves the interest of *Mr. C* who was a director and major shareholder of *PLC A* within the preceding 6 months from 30 January 2010, Transaction 1 is regarded as a related party transaction pursuant to the Main LR.

However, as Transaction 2 merely involves the interest of *Mr. Z* who is no longer a major shareholder within the preceding 6 months from 30 January 2010, *Mr. Z* is not regarded as a major shareholder under the new definition of “major shareholder” and Transaction 2 would not be regarded as a related party transaction pursuant to the Main LR.

Recurrent related party transaction of a revenue or trading nature and necessary for its day to day operations (“RRPT”)

10.45 If the relevant percentage ratio of a RRPT exceeds 0.25%, must a listed issuer announce the RRPT?

No, the threshold set out in paragraph 10.08(1) i.e. if the relevant percentage ratio is 0.25% or more is not applicable to RRPTs. The obligation to immediately announce RRPTs (where no mandate has been obtained) is set out in paragraph 10.09(1) of the Main LR.

10.46 Must a listed issuer obtain shareholder approval for RRPTs, where such transactions reach the threshold that requires shareholder approval?

Yes, however, the shareholder approval may be in the form of a general mandate from shareholders procured on a yearly basis pursuant to paragraph 10.09 of the Main LR. Where no general mandate is obtained from its shareholders, specific shareholder approval must be obtained for such transactions that reach the threshold which requires shareholder approval before the said transaction is completed.

10.47 Must a listed issuer appoint a main adviser for a RRPT, where such transaction triggers the percentage ratio of 25% or more and specific shareholders’ approval (instead of a general mandate) is sought for the RRPT?

Under paragraph 10.08(4) of the Main LR, the listed issuer is no longer required to appoint a main adviser for such RRPT. This however, does not restrict the listed issuer from appointing a Recognised Principal Adviser for the RRPT if it wishes to do so.

Notwithstanding the above, the listed issuer must still appoint an independent adviser for the RRPT where specific shareholder approval is sought.

10.48 A Berhad obtains a general mandate from its shareholders on 3 September 2009 for among others, RRPT with its major shareholder, Mr. X, as follows:

- (i) supply of cement for an estimated value of RM2 million; and
- (ii) rental of cranes for an estimated value of RM5 million.

After obtaining the general mandate, assuming -

- (a) the actual value of the RRPT entered into by A Berhad with Mr. X up to 3 June 2010 is RM8 million, what is the obligation of A Berhad under the Main LR in regard to the deviation between the estimated and actual value of the RRPT?

Since the actual value of the RRPT entered into by A Berhad with Mr. X exceeds the estimated value of the RRPT by 10% or more, A Berhad must immediately announce the deviation to Bursa Securities pursuant to paragraph 10.09(2)(e) of the Main LR (“Announcement 1”). A Berhad must include in Announcement 1 the information set out in Annexure PN12-B of Practice Note 12.

- (b) up to 15 July 2010, the actual value of the RRPT entered by *A Berhad* with *Mr. X* has increased to RM8.6 million, must *A Berhad* announce the RRPT again?

No, *A Berhad* is only required to announce the RRPT again when there is an increment of at least RM0.7 million (i.e. 10% of the general mandate estimated value of RM7 million) to the actual amount disclosed in Announcement 1.

- 10.49 *A Bhd's* AGM for its financial year ended 31 December 2008 was held on 8 May 2009 ("2009 AGM"), while the AGM for its financial year ending 31 December 2009 falls on 20 May 2010 ("2010 AGM"). During its 2009 AGM, *A Bhd* obtained its shareholder mandate for some RRPTs. *A Bhd* intends to obtain its shareholder approval to renew the RRPTs at the 2010 AGM. Pursuant to paragraph 14 of Annexure PN12-A, in its circular to renew the RRPTs, *A Bhd* must disclose the actual value transacted of each RRPT from the date on which the mandate was obtained (8 May 2009) up to the latest practicable date before the printing of the circular (assuming it falls on 15 April 2010) ("Actual Value"). Must this Actual Value be audited?

No, the Actual Value need not be audited. *A Bhd* may extract the Actual Value from its management accounts.

- 10.50 Pursuant to paragraph 3 of Annexure PN12-A, a listed issuer has to disclose, among others, the "estimated aggregate value of the respective Recurrent Related Party Transactions contemplated under the Mandate" ("Estimated Value"). What are the RRPTs covered under the Estimated Value?

For the purpose of paragraph 3 of Annexure PN12-A, the listed issuer must disclose the Estimated Value in respect of RRPTs expected to be entered into from the date of the current AGM until the date of the next AGM.

- 10.51 Pursuant to paragraph 10.09(2)(e) of the Main LR, a listed issuer must immediately announce to the Exchange when the actual value of a RRPT ("Actual Value") entered into by the listed issuer, exceeds the estimated value of the RRPT ("Estimated Value") disclosed in the circular by 10% or more. Can the listed issuer wait until its next AGM (which is the date on which the current mandate expires) to make this announcement?

No, the listed issuer must make the announcement immediately when it becomes aware that the Actual Value has exceeded the Estimated Value by 10% or more. This applies even though the current mandate has yet to expire. For this purpose, the listed issuer is expected to closely monitor and track the value of the RRPTs transacted, as and when a transaction is entered into.

- 10.52 *A Bhd* has obtained a mandate from shareholders for entering into the following RRPTs with companies involving the interests of its director, *Mr. X*:

Transaction No.	Description	Estimated Value (RM)	Actual Value
1	acquisition of stationery	500,000	520,000 (< 10%)
2	provision of secretarial, accounting and registration services	2,500,000	2,800,000 (> 10%)

Transaction No.	Description	Estimated Value (RM)	Actual Value
3	receipt of insurance services/products	4,000,000	3,500,000
	Total	7,000,000	6,820,000

- (a) For the purpose of determining whether the Actual Value of the RRPTs entered into by *A Bhd* with *Mr. X* exceeds the Estimated Value, can *A Bhd* use the aggregated Estimated Value for Transactions 1, 2 and 3 and compare it to the aggregated Actual Value for the 3 transactions?

Yes, as Transactions 1, 2 and 3 involve the interests of the same related party, pursuant to paragraph 10.12 of the Main LR, *A Bhd* may aggregate, the Estimated Value and Actual Value of those transactions respectively and determine whether the aggregated Actual Value exceeds the aggregated Estimated Value by 10% or more, in which case an announcement would be required.

- (b) Assuming only the Actual Value of Transaction 2 exceeds 10% of its Estimated Value, but the aggregated Actual Value of Transactions 1, 2 and 3 is below the aggregated Estimated Value of the RRPT or does not exceed the aggregated Estimated Value of the RRPT by 10% or more, must *A Bhd* make an announcement under paragraph 10.09(2)(e) of the Main LR relating to Transaction 2 only?

No, *A Bhd* need not make such announcement for Transaction 2 only. It only needs to announce under paragraph 10.09(2)(e) of the Main LR if the aggregated Actual Value of Transactions 1, 2 and 3 exceeds the aggregated Estimated Value of the RRPT by 10% or more.

10.53 Pursuant to paragraph 11 of Annexure PN12-A, a listed issuer must disclose the thresholds for the approval of RRPTs within its group of companies.

- (a) What is the “approval” referred to in this paragraph 11?

It refers to the listed issuer’s internal approval.

- (b) Does Bursa Securities prescribe these thresholds?

No, the listed issuer may determine the appropriate thresholds for the approval of RRPTs within its group of companies.

- (c) ***A Bhd*** currently has its own internal authority matrix for approvals of transactions/procurement. However, this authority matrix makes no distinction between a transaction/procurement which involves the interest of a related party and a transaction/procurement which does not involve the interest of a related party. Can ***A Bhd*** use this authority matrix for the purpose of disclosure pursuant to paragraph 11 of Annexure PN12-A?

Yes, so long as the said authority matrix is wide enough to cover the RRPTs for which shareholder approval is being sought, ***A Bhd*** may use its internal authority matrix for the purpose of disclosure under paragraph 11 of Annexure PN12-A.

- 10.54** Pursuant to paragraph 12 of Annexure PN12-A, a listed issuer must include a statement that at least 2 other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities. If a listed issuer can find only one other contemporaneous transaction with an unrelated third party, would it be deemed in compliance with paragraph 12 of Annexure PN12-A?

Yes, but the listed issuer must disclose in its circular that it has used its best endeavours to locate at least 2 contemporaneous transactions with unrelated third parties, but could only locate one.

Major Disposal

- 10.55** What is meant by “substantially all of a listed corporation’s assets” under the definition of “Major Disposal” in paragraph 10.02(eA) of the Main LR?

Disposal of “substantially all of the listed corporation’s assets” refers to a disposal by a listed corporation of almost all of its assets, which is so material that upon the completion of the transaction, it will result in the listed corporation triggering the criteria for a cash company under paragraph 8.03 and Practice Note 16, the criteria for inadequate level of operations under paragraph 8.03A, or any of the criteria prescribed under paragraph 8.04 and Practice Note 17 of the Main LR.

- 10.56** Under paragraph 10.11A(1)(bA) of the Main LR, a listed issuer undertaking a Major Disposal is required to conduct a valuation on all its material real estate if the total net book value of all the listed issuer’s real estate contributes 50% or more to the total assets of the listed issuer on a consolidated basis. What constitutes material real estate for the purpose of paragraph 10.11A(1)(bA) of the Main LR?

Bursa Securities does not prescribe a definition or threshold for material real estate under paragraph 10.11A(1)(bA) of the Main LR. Generally, material real estate is real estate owned by the listed issuer that will reflect a close estimate of the total real estate value of the listed issuer.

10.56A A listed issuer undertaking a Major Disposal must appoint an independent adviser and such independent adviser must be a person appropriate to give competent independent advice under the Take-Overs and Mergers Code as prescribed under Rules 10.11A of the Main LR. How does a listed corporation comply with this requirement?

In assessing whether or not the adviser is a person appropriate to give competent independent advice, the listed issuer and its board should be guided by paragraphs 3.09 and 3.10 of the Rules on Take-Overs, Mergers and Compulsory Acquisitions².

Bursa Securities will not usually interfere with the selection and appointment of an independent adviser by a listed corporation, unless it is aware or becomes aware of issues which may compromise the independence of such adviser. In this regard, pursuant to paragraph 10.11A(4) of the Main LR, Bursa Securities may not allow an adviser to continue to act or be appointed as an independent adviser in a Major Disposal if, in its opinion, the adviser is deemed not to be independent.

10.57 If a Major Disposal also involves a take-over offer pursuant to the Take-Overs and Mergers Code, can the independent adviser required to be appointed under the Take-Overs and Mergers Code and under the Main LR for the Major Disposal be the same party?

Yes, the independent adviser appointed can be the same party. The said independent adviser must be a person who is appropriate to give competent independent advice under the Take-Overs and Mergers Code and comply with the relevant requirements under both the Take-Overs and Mergers Code as well as the Main LR.

² Paragraphs 3.09 and 3.10 of the Rules on Take-Overs, Mergers and Compulsory Acquisitions stipulate that –

- (a) a person would not be regarded as appropriate to give competent advice if the person –
- is in the same group as the financial or professional adviser (including a stockbroker) to the offeror or the offeree; or
 - has a substantial interest in or financial connection with, either the offeror or the offeree company of such a kind as to create a conflict of interests for that person; and
- (b) circumstances that can be taken into account in considering whether a person is appropriate to give competent independent advice include whether the person –
- holds 10 per cent or more of the voting shares or voting rights in the offeror or the offeree at any time during the last 12 months from the beginning of the offer period;
 - has a business relationship with the offeror or the offeree, at any time during the last 12 months from the beginning of the offer period that contributes to more than 10 per cent in revenue or profit of the adviser, based on the latest audited financial statements or the latest management accounts, if the latest audited financial statements is more than six months;
 - has a representative on the board of directors of the offeror or the offeree;
 - has a representative from either the offeror or the offeree on the board of directors of the independent adviser;
 - is or will be involved in the financing of the take-over offer;
 - is a substantial creditor of either the offeror or the offeree, based on the latest audited financial statements or the latest management accounts, if the latest audited financial statements is more than six months;
 - has a financial interest in the outcome of the take-over offer other than outlined above;
 - was an adviser in any planning, restructuring, acquisition or disposal proposals of the offeror or the offeree at any time during the period of 12 months prior to the beginning of the offer period

10.58 Where the Major Disposal involves a related party, can the independent adviser required to be appointed for the related party transaction and the Major Disposal be the same party?

Yes, the independent adviser appointed can be the same party. The said independent adviser must be a person who is appropriate to give competent independent advice under the Take-Overs and Mergers Code and comply with the relevant requirements under paragraphs 10.08 (Related Party Transaction) and 10.11A (Major Disposal) of the Main LR.

10.59 Where the consideration for the Major Disposal is by way of cash or partly in cash, who should make the statement whether the acquirer has sufficient financial resources to undertake the acquisition, as required under paragraph 4 in Part I of Appendix 10A of the Main LR?

The announcement in relation to the Major Disposal as required under paragraph 4 in Part I of Appendix 10A of the Main LR is to be made by the listed corporation that is disposing its assets. In making the statement, the board of directors of the listed corporation must take all reasonable steps to satisfy itself that the acquirer has sufficient financial resources to undertake the acquisition.

Aggregation of transactions**10.60 What is the definition of “parties connected with one another” as used in paragraph 10.12(2)(a) of the Main LR?**

“Parties connected with one another” has the same meaning as assigned to “person connected” with a director or a major shareholder, as contained in Chapter 1 of the Main LR.

10.61 Z Bhd, a listed issuer enters into transactions involving the acquisitions and disposal of securities in A Sdn Bhd with various parties who are not connected with each other. The transactions are as follows:

Transactions	Type of Transactions	Date of Transactions	Relevant % ratio
Transaction 1	Acquisition from a related party	October 2009	1%
Transaction 2	Acquisition from a non-related party	November 2009	4%
Transaction 3	Acquisition from a non-related party	February 2010	21%

Must the above transactions be aggregated to determine whether Z Bhd needs to comply with Chapter 10 of the Main LR in respect of the aggregated transactions?

Yes, pursuant to paragraph 10.12(2)(b) of the Main LR and paragraph 2.0 of Practice Note 14, the transactions must be aggregated as follows:

- Transaction 2 will be aggregated with Transaction 1 where Z Bhd will be required to announce Transactions 1 and 2 in accordance with paragraph 10.06 of the Main LR.

- Transaction 3 will be aggregated with Transactions 1 and 2 where *Z Bhd* will be required to, amongst others, seek its shareholder approval for Transaction 3 in accordance with paragraph 10.07 of the Main LR. However, *Z Bhd* must ensure that the circular issued to its shareholders includes information on Transactions 1, 2 and 3.

Contents of announcements and circulars

10.62 Can a listed issuer appoint a foreign valuer to prepare the requisite valuation report on the foreign assets proposed to be acquired under item 1(f) of Part C and item 3 of Part E, Appendix 10B of the Main LR?

Yes, a listed issuer may appoint an independent valuer registered with the relevant professional body in the country where the foreign asset is located independently or jointly with an independent registered valuer in Malaysia to prepare the requisite valuation report. Further, the listed issuer must also ensure that the appointment of the valuer including the independent registered valuer in Malaysia fulfils the requirements under the SC's Asset Valuation Guidelines in relation to the appointment of valuer for valuation of foreign property assets.

10.63 “Conflicts of interest” on the part of the adviser or expert, where appointed which is required to be disclosed in circulars to shareholders has been defined to mean circumstances or relationships which affect or may affect the ability of the adviser or expert to act independently and objectively or where the adviser or expert has an interest in the outcome of the proposal which interferes or is likely to interfere with its independence and objectivity. What are the factors that should be taken into consideration by the adviser or expert to ascertain whether the “conflict of interest” exists?

The factors that should be taken into consideration by the adviser or expert to ascertain whether the “conflict of interest” exists or is likely to exist in relation to its role as an adviser or expert are varied and subjective. The adviser or expert must make that assessment and take all reasonable steps to ascertain whether the conflict of interest exists or is likely to exist. After that, full disclosure must be made in the circular of the nature and extent of the conflict of interests.

MOG listed issuer

10.64 The criteria of “MOG listed issuer” in paragraph 3.2 of Practice Note 32 of the Main LR excludes a listed issuer which purely provides services or equipment to other corporations engaged in such core business i.e. mineral, oil and gas exploration or extraction activities. What are examples of such services or equipment?

In relation to mineral exploration or extraction activities, examples of such services or equipment include but are not limited to contract field exploration services or assay equipment. In relation to oil and gas exploration or extraction activities, examples of such services or equipment include but are not limited to engineering project support services or the manufacturing or fabrication of offshore cranes.

Listed issuers which are in doubt about the nature of their activities are invited to seek further clarification from Bursa Securities.

- 10.65** *DEF Bhd*, a MOG listed issuer, has diversified its operations pursuant to paragraph 10.13 of the Main LR, resulting in its mineral, oil and gas exploration or extraction activities no longer contributing 25% or more of its net profits. Must *DEF Bhd* continue to comply with the specific disclosure obligations applicable to a MOG listed issuer?

Yes, *DEF Bhd* must continue to comply with the specific disclosure obligations applicable to a MOG listed issuer after the diversification in operations, unless it has procured an exemption from Bursa Securities. Such exemptions will be considered on a case by case basis, having regards to the relevant facts and circumstances.

Transactions by REITS

- 10.66** It is noted that paragraph 10.04 of the Main LR requires valuation to be conducted for transactions entered into by a REIT which trigger the percentage ratio for unit holders' approval. Does this mean that a REIT is not required to conduct valuation for transactions which do not require unit holders' approval?

No. Pursuant to paragraph 10.02(b) of the SC's Guidelines on Listed REITs, a REIT must carry out valuation on all real estate to be acquired or disposed by the REIT.

- 10.67** Where valuation is conducted for a transaction that does not require unit holders' approval, is the valuation report required to be submitted to the Exchange?

No, the valuation report is not required to be submitted to the Exchange.

Yes. Pursuant to paragraph 10.16 of the Main LR, a REIT must, among others, procure its unit holders' approval for the said disposal by way of special resolution, irrespective of the materiality threshold of the transaction.

- (b)** Is the REIT required to appoint an independent adviser for the purpose of the said disposal?

No. Even though unit holders' approval is required for the said disposal, the REIT is only required to appoint an independent adviser if the percentage ratio of the transaction is 5% or more and the value of the consideration of the transaction is RM500,000 or more, as set out in paragraph 10.16(2) of the Main LR.

- 10.69** Paragraph 10.16(1) of the Main LR sets out the requirements pertaining to disposal of developed real estate by a REIT within 2 years from the date of completion of property development activities. What does the "date of completion" refer to?

The "date of completion" in paragraph 10.16(1) of the Main LR refers to the date the developed real estate attains its certificate of fitness.

CHAPTER 12 – SHARE BUY-BACKS

12.1 [Deleted]

12.2 **If a listed corporation obtains an authorisation from its shareholders to purchase its own shares in year 2017 but did not renew the said authorisation in year 2018, can it still issue a Share Buy-back Statement to its shareholders to seek their authorisation for the purchase of its own shares in year 2019?**

Yes. Under paragraph 12.06(1) of the Main LR, a listed corporation is only required to issue a Share Buy-back Statement to its shareholders, for purposes of either seeking a new authorisation or renewing an existing authorisation to purchase its own shares. The Share Buy-back Statement must include the prescribed information as set out in Appendix 12A of the Main LR.

12.3 **Under paragraph 7.15 of the Main LR, notices of general meetings are required to be advertised in a daily press. Are listed corporations required to advertise the Share Buy-back Statement as well?**

No, only notices of the general meeting for the renewal of an existing authorization for share buy-back are required to be advertised in the daily press.

12.4 **A Bhd, a listed corporation has a total number of 100 million issued ordinary shares. Pursuant to its authorisation in year 2017, A Bhd had purchased 10 million of its own shares and retained the shares purchased as treasury shares. Can A Bhd still purchase its own shares in year 2018?**

No, pursuant to paragraph 12.09 of the Main LR, A Bhd must not purchase its own shares or hold any of its own shares as treasury shares if this results in the aggregate of the shares purchased or held exceeding 10% of its total number of issued shares. Hence, as the treasury shares held by A Bhd in year 2018 is already 10% of its total number of issued shares, A Bhd may not purchase its own shares in year 2018. However, if the treasury shares are cancelled in year 2018 and subject to the authorisation from shareholders, A Bhd may purchase its own shares subsequently.

12.5 **Based on the same facts as in Question 12.4 above, assuming that pursuant to its authorisation in year 2017, A Bhd had purchased 5 million of its own shares and cancelled the shares purchased in April 2017. What is the remaining number of its own shares that A Bhd may purchase in year 2017?**

Pursuant to paragraph 12.09 of the Main LR, A Bhd may purchase an additional 5 million of its own shares for the remaining period in year 2017.

- 12.6** *B Bhd*, a listed corporation has a total number of 120 million issued ordinary shares. For year 2017, *B Bhd* procured its shareholder approval to undertake share buy-back of up to 10% of its total number of issued shares. Pursuant to its authorisation in year 2017, *B Bhd* had purchased 3 million of its own shares in February 2017 and retained the shares purchased as treasury shares. Subsequently in August 2017, the total number of issued shares of *B Bhd* is reduced to 100 million upon completion of its corporate exercise. What is the remaining number of its own shares that *B Bhd* may purchase in year 2017?

The maximum limit that a listed corporation may purchase its own shares or hold any of its own shares as treasury shares under paragraph 12.09 of the Main LR will be based on the total number of issued shares of the listed corporation adjusted pursuant to a corporate exercise. Hence, in this case, the maximum limit of its own shares that *B Bhd* may purchase in year 2017 is 10 million based on its total number of issued shares adjusted pursuant to the corporate exercise in August 2017. In view of the 3 million shares purchased in February 2017, *B Bhd* may purchase an additional 7 million of its own shares for the remaining period in year 2017.

- 12.6A** Is a listed corporation required to lodge a solvency statement made pursuant to section 113 of the Companies Act 2016 with the Exchange?

No, a listed corporation is not required to lodge the solvency statement with the Exchange.

The “cost of purchase” refers to the amount paid by the listed corporation for the shares, which includes the transaction costs.

- 12.8** *M Bhd*, a listed corporation purchases 10,000 of its own shares in January 2010 and keeps them as treasury shares. Subsequently, *M Bhd* wishes to sell the treasury shares on 12 March 2010 (i.e. more than 30 days from the date of purchase, in accordance with paragraph 12.18 of the Main LR). The weighted average market price of *M Bhd*’s shares for the 5 market days preceding the resale on 12 March 2010 (“5 days weighted average market price”) is RM2.00. Can *M Bhd* sell its treasury shares at RM1.60 on 12 March 2010?

No, *M Bhd* is not permitted to sell its treasury shares at RM1.60 on 12 March 2010. The price of RM1.60 represents a discount of 20% from the 5 days weighted average market price of RM2.00, which exceeds the 5% discount on the 5 days weighted average market price immediately before 12 March 2010. According to paragraph 12.18 of the Main LR, a listed corporation may only sell its treasury shares at a discount if the discount is not more than 5% of the 5 days weighted average market price.

- 12.9** *N Bhd*, a listed corporation purchases 15,000 of its own shares in January 2010 and keeps them as treasury shares. Subsequently, *N Bhd* wishes to sell the treasury shares on 19 March 2010 (i.e. more than 30 days from the date of purchase, in accordance with paragraph 12.18 of the Main LR). 12.10 When can a SPAC which has completed a qualifying acquisition purchase its own shares?

14.7 *X is a director of A Berhad. Does he need to comply with the dealing procedures set out in paragraph 14.08 or 14.09 if he wishes to deal with the listed securities of A Berhad's associate, subsidiary, or related corporation during or outside the closed period?*

No. *X* is only required to comply with the dealing procedures set out in paragraph 14.08 or 14.09 if he wishes to deal with the listed securities of *A Berhad*.

14.8 *When an affected person deals in the listed securities of his own listed issuer during the closed period, and the dealing falls within paragraph 14.06¹ of the Main LR ("14.06 Dealings"), are the affected person, the listed issuer and the company secretary exempted from the requirements of both paragraphs 14.08 and 14.09?*

No, they are only exempted from the requirement of paragraph 14.08. All 14.06 Dealings are still subject to paragraph 14.09 of the Main LR.

14.9 *Pursuant to paragraph 14.08 of the Main LR, a director who wishes to deal in securities during a closed period must announce the proposed dealing to Bursa Securities before the proposed dealing. Currently, all announcements to Bursa Securities are made via the Bursa LINK. How can a director make an announcement to Bursa Securities if he has no access to the Bursa LINK?*

The director who wishes to make an announcement to Bursa Securities should request the listed issuer to send the announcement to Bursa Securities on his behalf using the Bursa LINK.

14.10 *A director must announce his dealings in securities within the timeframes stipulated under the Main LR. Should the director still proceed to announce the dealings even if it is no longer within the timeframes prescribed under the Main LR?*

Yes, the director should still proceed to make the announcement even if it is no longer within the timeframes prescribed under the Main LR to mitigate the failure to comply with the Main LR.

¹ Paragraph 14.06 reads as follows:

The following categories of dealings are exempted from the restrictions or requirements of paragraphs 14.04 and 14.05 respectively:

- (a) the acceptance or exercise of options or rights under a Share Issuance Scheme or share option scheme;
- (b) the exercise of warrants;
- (c) the conversion of convertible securities;
- (d) the acceptance of entitlements under an issue or offer of securities, where such issue or offer is made available to all holders of a listed issuer's securities or to all holders of a relevant class of its securities, on the same terms;
- (e) the undertaking to accept, or the acceptance of a take-over offer; and
- (f) the undertaking to accept, or the acceptance of securities as part of a merger by way of a scheme of arrangement.

14.11 Are the requirements relating to dealings in securities under Chapter 14 of the Main LR applicable to securities borrowing and lending (“SBL”) transactions by directors and principal officers of listed issuers?

No, the requirements under Chapter 14 of the Main LR are not applicable to SBL transactions by directors and principal officers of listed issuers. This is because a SBL transaction merely involves a temporary transfer of securities from the lender to the borrower on a collateralised basis. Therefore, it falls outside the ambit of Chapter 14 of the Main LR which serves to apprise the market of acquisitions or disposals of securities or interest in securities (i.e. dealings in securities) by, or trading activities and trends of, directors and principal officers who are privy to price-sensitive information of the company.

CHAPTER 15 – CORPORATE GOVERNANCE

Directors

- 15.1 To calculate the number of independent directors required under paragraph 15.02(1)(a) of the Main LR, should the listed issuer take into account alternate directors?**

No. The listed issuer must not take into account alternate directors for the purpose of calculating the requisite number of independent directors in order to comply with paragraph 15.02(1)(a) of the Main LR.

- 15.2 Can an independent director appoint a person who is not independent to be his alternate director?**

No, if an independent director wishes to appoint another person to be his alternate director, such person must also satisfy the definition of "independent director" under paragraph 1.01 of the Main LR.

- 15.3 A listed issuer has 10 directors on board. However, there are only 3 independent directors. Does the listed issuer comply with paragraph 15.02(1)(a) of the Main LR or does the listed issuer have to appoint another independent director?**

Yes, the listed issuer would be in compliance with paragraph 15.02(1)(a) of the Main LR as the number nearest to 1/3rd shall apply, which in this scenario would be 3 independent directors.

- 15.4 Would a director who sits on the boards of directors of a few listed issuers be required to provide a separate undertaking in respect of each listed issuer?**

No. Such director may provide one undertaking to Bursa Securities in respect of all his directorships in various listed issuers. However, if after filing the undertaking, such director becomes a director of another listed issuer which is not indicated in the undertaking, he must provide another undertaking in respect of that listed issuer.

- 15.5 Is the requirement to provide Bursa Securities with the requisite undertaking in Annexure PN21-C and Annexure PN21-D pursuant to paragraph 15.03 of the Main LR applicable to alternate directors?**

Yes, alternate directors must also provide to Bursa Securities the undertaking in the form of Annexure PN21-C and/or Annexure PN21-D, as the case may be.

- 15.6 Paragraph 15.05(3)(c) of the Main LR states that the office of a director shall become vacant if the director is absent from more than 50% of the total board of directors' meetings held during a financial year. If *Mr A* is appointed as a director of *B Bhd*, a listed issuer, mid-way through a financial year, how does *Mr A* compute the minimum number of board meetings that he must attend for that financial year?**

The computation of the minimum number of board meetings to be attended in the financial year will take into account only the meetings that were held on or after the appointment of the director in question. Therefore, if *B Bhd's* financial year end is December 2009, *Mr A* is appointed on 15 August 2009 and the number of board meetings held after his appointment is 6, *Mr A* must attend at least 3 of the board meetings.

- 15.7 Can the attendance of an alternate director be taken into account for the purpose of computation of the 50% of the total number of board meetings attended?**

No. The director himself (and not his alternate director) must personally attend at least 50% of the total number of board meetings held during a financial year.

- 15.8 Can a board of directors' meeting that is conducted via teleconferencing, video conferencing or other electronic, audio or audio-visual means which allows simultaneous or instantaneous transmission be considered as a board of directors' meeting of a listed issuer for the purposes of paragraph 15.05(3)(c) of the Main LR?**

Yes, provided that such mode of meeting is valid under the relevant laws and/or constitution of the listed issuer concerned.

- 15.9 It is noted that a director of a listed issuer must attend at least 50% of the total board meetings held during a financial year pursuant to paragraph 15.05(3)(c) of the Main LR ("50% Requirement"). What happens if a director fails to comply with the 50% Requirement? Will that particular director be deemed to have automatically vacated his office?**

Pursuant to the Main LR, the office of the director shall become vacant if the director fails to comply with the 50% Requirement. In this regard, the vacation of the office would be automatic and the listed issuer must make an immediate announcement of the vacation of office pursuant to paragraph 15.05(3)(c) of the Main LR.

- 15.10 Paragraph 15.06(1) of the Main LR states that a director of an applicant or a listed issuer must not hold more than 5 directorships in listed issuers.**

- (a) Does the restriction apply to directorships held in corporations listed overseas?**

No. The restriction is only applicable to directorships held in listed issuers on Bursa Securities. Hence, in computing the number of directorships that may be held pursuant to the restriction, a director should take into account his directorships held in –

- (i) listed corporations (which include locally incorporated companies listed on Bursa Securities or corporations incorporated outside Malaysia but listed on Bursa Securities);

- (ii) management companies of the collective investment schemes which are listed on Bursa Securities;
- (iii) trustee-managers of the business trusts which are listed on Bursa Securities; or
- (iv) issuers of any other listed securities on Bursa Securities.

(b) When a management company of an ETF manages 5 listed ETFs, how many directorships does a director of such management company hold?

For purposes of paragraph 15.06(1), all the 5 directorships in the listed ETFs will be considered as one.

15.11 Can a director aggregate a directorship that is held in a listed subsidiary with directorship in the listed holding company?

No. A directorship in a listed issuer is to be counted as 1 directorship in a listed issuer and cannot be aggregated with a directorship in any other company, including a listed subsidiary.

15.12 Would a director of a listed issuer who lives overseas be required to attend the Mandatory Accreditation Programme (“MAP”)?

Yes. Every director of a listed issuer must attend the MAP, regardless of his place of residence.

15.13 Would an alternate or substitute director of a listed issuer be required to attend the MAP?

Yes, an alternate or substitute director of a listed issuer must also attend the MAP.

15.14 What happens if a director does not attend the MAP within the timeframes specified under Practice Note 5?

A director that does not attend the MAP within the timeframes specified under Practice Note 5 is in breach of the Main LR and enforcement action may be taken against him by Bursa Securities.

15.15 Pursuant to paragraph 15.08(2) of the Main LR, the board of directors must on a continuous basis, evaluate and determine the “training” needs of its directors. What would constitute “training” for the purposes of paragraph 15.08(2) of the Main LR?

Pursuant to paragraph 15.08(2) of the Main LR, the board of directors of the listed issuer is given the discretion to determine what constitutes “training” for its directors. In this respect, “training” could include, for example, the following:

- in-house training programmes organised by listed issuers for their directors;
- courses attended by directors as members of professional bodies which require mandatory training for their members;

- diploma/degree/post graduate courses; or
- courses/workshops conducted within or outside Malaysia.

15.16 Can the “training” prescribed by the board of directors for its directors relate to any topic at all, as may be determined at the absolute discretion of the board?

Under paragraph 15.08(2) of the Main LR, the training that is determined by the board of directors for its directors must be on a subject matter that aids the directors in the discharge of their duties as directors. Thus, the board must exercise its discretion within the confines of that requirement.

In this regard, the findings from annual performance assessment of directors are useful as they provide valuable insights into the training and development needs of directors. The board or nominating committee will be able to prescribe the training required by its directors based on the areas for improvement identified in the findings. In addition, the board may also regularly request each director to identify appropriate training that he believes will enhance his contribution to the board.

Broadly, the training should include key developments in the legal and regulatory framework, as well as the industry within which the listed issuer operates. The training could also cover areas such as financial literacy, technical know-how, business and industry specific trends, business strategies, risk management and internal control.

15.17 Under paragraph 15.08(3)(b) and item (28) of Part A, Appendix 9C of the Main LR, a brief description of the type of training attended by the directors for the financial year is required to be disclosed in the annual report. What are examples of the type of information that is required to be included in the brief description?

Examples of the types of information that should be disclosed in the brief description are the mode of training i.e. via seminar, workshops or courses; the title of the seminar, workshop or courses and the number of hours/days spent.

15.18 Under paragraph 15.08(3)(c) and item (28) of Part A, Appendix 9C of the Main LR, a listed issuer must provide valid justifications if, in exceptional circumstances, its directors are unable to attend any training during the financial year. What are some of the “exceptional circumstances” envisaged under paragraph 15.08(3)(c) of the Main LR?

Generally, a director is expected to attend continuous training to update and enhance his skills and knowledge. This is important for the director to ensure that he continues to carry out his role effectively. It is also recognized that there may be exceptional circumstances where a director may not be able attend any training. However, these circumstances should be **rare and uncommon**, such as if a director is suffering from a long term illness or is bedridden over a prolonged period.

Generally, it **will not be** considered as an exceptional circumstance if a director is unable to attend any training because he does not have the time due to business commitment or tight schedule for instance, or there are no suitable programmes or courses available.

*Fit and proper policy***15.18A Is there any guidance to assist a listed issuer in formulating a fit and proper policy for the appointment and re-election of directors of the listed issuer and its subsidiaries?**

A listed issuer may refer to the Corporate Governance Guide (4th Edition) for guidance on the criteria and considerations that underpin a fit and proper policy for directors. A copy of the said Corporate Governance Guide is available at <https://bursasustain.bursamalaysia.com/droplet-details/resources/corporate-governance-guide-4th-edition>.

*Nominating committee***15.19 Paragraph 15.08A(3) of the Main LR states that a listed issuer must provide in its annual report, a statement about the activities of its nominating committee in the discharge of its duties for the financial year. Such statement must include the application of the listed issuer’s fit and proper policy in the nomination and election of its directors, how the requirements set out in paragraph 2.20A of the Main LR are met and contain the following information:**

- (a) the policy on board composition having regard to the mix of skills, independence and diversity (including gender diversity) required to meet the needs of the listed issuer;
- (b) the board nomination and election process of directors; and
- (c) the assessment undertaken by the nominating committee in respect of the performance of its board, committees and individual directors together with the criteria used for such assessment.
 - (i) **What is a listed issuer expected to disclose in the “application of the listed issuer’s fit and proper policy in the nomination and election of its directors”?**

In disclosing the “application of the listed issuer’s fit and proper policy in the nomination and election of its directors”, the listed issuer must ensure that the disclosure is sufficiently detailed and informative so that shareholders and investors have clarity and insights as to why the directors are selected and appointed to the board. In this regard, the listed issuer is expected to discuss –

- the overall desired board composition covering, among others, the combination of skill sets, diversity, tenure etc as reflected in its fit and proper policy;
- the specific justifications for appointing or re-electing each individual director during the financial year by taking into account the desired board composition above, as well as factors justifying the nomination or re-election of a director, including the qualification and relevant work experience (in the case of a nomination) or the past contribution or performance of the director (in the case of re-election).

The listed issuer must avoid providing generic, boilerplate or process-centric statements that do not add much value to shareholders. For example, “each director appointed or re-elected are in line with the listed issuer’s fit and proper policy” or “in nominating a candidate, the nominating committee has taken into account the listed issuer’s fit and proper policy and is satisfied that the candidate is suitable for the company”.

(ii) Can a listed issuer publish the information required under sub-paragraph (a), (b) and (c) above on its website instead of the annual report?

A listed issuer must publish the statement about the activities of its nominating committee containing the prescribed information under paragraph 15.08A(3) of the Main LR, in its first annual report. In respect of the subsequent financial years, while the listed issuer may publish the information under sub-paragraphs (a) and (b) on its website provided that the requirements under paragraph 9.25(1)¹ of the Main LR are complied with, information on the application of the fit and proper policy as well as the assessment of performance of the board, committee and individual directors undertaken by the nominating committee during the financial year, must be disclosed in annual report.

15.20 Must a listed issuer disclose the targets and measures taken to meet the targets in relation to its gender diversity policy when it provides its statement on the activities of its nominating committee pursuant to paragraph 15.08A(3) of the Main LR?

Although paragraph 15.08A(3) of the Main LR does not explicitly require such disclosure, a listed issuer is strongly encouraged to disclose the targets and measures taken to meet the targets in relation to its gender diversity policy as recommended in the MCGG.

In this regard, we wish to draw the listed issuer’s attention to the announcement made by the Prime Minister Datuk Seri Najib Tun Razak on 27 June 2011 on the Government’s policy approved by the Cabinet that women must comprise at least 30% of those in decision-making positions in the corporate sector within 5 years (i.e. by 2016).

Audit committee

15.21 Would a person with a degree in accounting and who possesses 3 years’ post qualification experience in finance but who is currently not a member of Malaysian Institute of Accountants meet the requirements of paragraphs 9.27 and 15.09(1)(c) of the Main LR?

Yes, pursuant to paragraph 7.1 of Practice Note 13, such person would be acceptable for the purposes of paragraphs 9.27 and 15.09(1)(c) of the Main LR.

¹ Paragraph 9.25(1) of the Main LR stipulates that a listed issuer may publish information set out in Part A of Appendix 9C on its website if such information has been previously announced or disclosed to shareholders pursuant to the Main LR, or remains substantially unchanged from year to year provided that the listed issuer discloses in the annual report, the address of its website and the place on its website where the information can be accessed.

15.22 What are some of the examples of persons who have “experience in accounting or finance” as referred to in paragraph 7.1 of Practice Note 13?

Some of the examples of persons who have “experience in accounting or finance” are accountants, auditors in an audit firm, financial controllers, finance executives, finance managers or finance directors.

15.23 *Mr A* started as a clerk in a company and gradually worked his way up to being a finance director. He has in total 20 years’ experience in finance related work. In the last 8 years, he was the finance director of a family-owned company where he was primarily responsible for the management of the financial affairs of the company. However, he only has a diploma in accounting. Does *Mr A* meet the requirements of paragraphs 9.27 and 15.09(1)(c) of the Main LR?

Yes, pursuant to paragraph 7.1 of Practice Note 13, *Mr A*’s qualifications will be acceptable for the purposes of paragraphs 9.27 and 15.09(1)(c) of the Main LR.

15.24 Who will be the signatory to the statutory declaration pursuant to section 251(1)(b) of the Companies Act 2016, who may be approved by Bursa Securities as referred to under paragraph 9.27(c) of the Main LR? Similarly, what are the other requirements as may be approved by Bursa Securities under paragraph 15.09(1)(c)(iii) of the Main LR, pertaining to the audit committee?

The approval will be given on the basis of an application made by a listed issuer. Bursa Securities will examine the merits of each application and the approval of such signatory or requirements pertaining to audit committee member will be given on a case by case basis.

15.25 In relation to the requisite qualifications for the signatory under paragraph 9.27 of the Main LR and a member of the audit committee under paragraph 15.09 of the Main LR, if the person concerned fulfils the requirements set out in the said provisions or paragraph 7.1 of Practice Note 13 (“Said Qualifications”), does he still have to submit an application to Bursa Securities for approval?

No. He does not have to submit any application to Bursa Securities for approval. The requirement to seek Bursa Securities’ approval is only necessary if the person concerned does not fulfill the Said Qualifications but is nonetheless considered by the listed issuer to have the requisite knowledge and experience that will enable him to discharge his obligations as a signatory or audit committee as if he had the Said Qualifications.

15.26 In relation to paragraph 9.27 of the Main LR where it is stated that the “signatory” must satisfy such other requirements as approved by Bursa Securities, what are the specific requirements that may be approved by Bursa Securities?

The “signatory” must provide justification to Bursa Securities that the knowledge and experience that he has are adequate to enable him to discharge his role effectively as a signatory to the statutory declaration even though he does have the Said Qualifications. This justification will be considered by Bursa Securities on a case-by-case basis.

15.27 To whom should the application for approval under paragraphs 9.27 and 15.09 of the Main LR as referred to in Question 15.25 above be made?

Any application should be made in writing to the Listing Division of Bursa Securities, addressed to the Head, Listing together with the necessary documents to support the application.

15.27A Under paragraph 15.12(1)(j) of the Main LR, an audit committee is required to review whether there is reason (supported by grounds) to believe that the listed issuer's external auditor is not suitable for re-appointment, and make the relevant recommendation to the board.

What are some of the key factors that may assist the audit committee in determining whether such reason exists where the external auditor is not suitable for re-appointment?

In making the determination, the audit committee should, in addition to the suitability factors as set out in paragraph 15.21 of the Main LR², also consider the performance of the external auditor and its independence such as -

- the external auditor's ability to meet deadlines in providing services and responding to issues in a timely manner as contemplated in the external audit plan;
- the nature of the non-audit services provided by the external auditor and fees paid for such services relative to the audit fee; and
- whether there are safeguards in place to ensure that there is no threat to the objectivity and independence of the audit arising from the provision of non-audit services or tenure of the external auditor.

15.27B Pursuant to paragraph 15.15(3)(d) of the Main LR, a listed issuer must disclose in the audit committee report, a summary of work of the audit committee in the discharge of its functions and duties for the financial year, and how the audit committee has met its responsibilities. What is the information that a listed issuer is expected to disclose under this requirement?

When describing the summary of work of the audit committee in the discharge of its functions and duties, and how the audit committee has met its responsibilities, a listed issuer must be mindful that the purpose is to provide shareholders with an insight on how the audit committee performed its functions during the financial year, to, among others, safeguard the integrity of financial reporting.

Hence, the listed issuer is expected to discuss the areas over which the audit committee exercised its oversight, and explain with sufficient details what it did to execute its oversight responsibilities.

² Paragraph 15.21 of the Main LR provides that in appointing an external auditor, a listed issuer must consider, among others –

- (a) the adequacy of the experience and resources of the accounting firm;
- (b) the persons assigned to the audit;
- (c) the accounting firm's audit engagements;
- (d) the size and complexity of the listed issuer's group being audited; and
- (e) the number and experience of supervisory and professional staff assigned to the particular audit.

**Chapter 15 Corporate Governance
[Questions & Answers]**

For example, the listed issuer should, in relation to the audit committee's role to oversee financial reporting, include details such as –

- the dates when the audit committee met with the external (and internal) auditors without the presence of management and the topics discussed;
- identified new financial reporting standards and other standards that were discussed and which may have had a significant impact on the listed issuer's financial statements;
- the review undertaken on matters relating to management judgments and estimates;
- the processes and controls that were in place for effective and efficient financial reporting and disclosures under the financial reporting standards.

With regards to the audit committee's role to review any related party transactions ("RPTs") and conflict of interest ("COI") situations that may arise within the listed issuer or group, the listed issuer should include –

- information on the framework in place for the purposes of identifying, evaluating, approving, reporting and monitoring such COI situations and transactions; and
- the key considerations taken by the audit committee when it reviews the RPTs or COI situations.

The listed issuer must avoid providing a generic or boilerplate statement that fails to reflect the breadth and depth of the important activities undertaken by the audit committee. It should also avoid merely re-stating its terms of reference or charter, which is typically static information that should be made available on the listed issuer's website.

The listed issuer and its audit committee may be further guided in disclosing the summary of the audit committee's work as required under paragraph 15.15(3)(d) of the Main LR by referring to the **Corporate Governance Guide (4th Edition)**³.

15.27C What is a listed issuer expected to disclose in the summary of the work of the internal audit function under paragraph 15.15(3)(e) of the Main LR?

Similar to the above, a listed issuer should provide information which enables shareholders to have an insight into how the internal audit function discharged its roles and responsibilities during the financial year. With such information, shareholders are able to understand better the effectiveness and efficiency of the governance, risk management and internal control processes in place. The disclosure would also assist shareholders in assessing whether the audit committee has carried out its oversight duties over the internal audit, effectively.

In this regard, the listed issuer should provide information on the key specific areas that were audited and other information such as the resources made available to the internal audit function as well as the internal audit reporting and communication flow i.e. what was

done with the internal audit report and whether concerns, if any, identified by internal audit in its report were addressed, during the financial year. The listed issuer should avoid providing generic statements about the general responsibilities of the internal audit function or its terms of reference which do not inform shareholders of the actual work performed by the internal audit function.

The listed issuer and its audit committee may be further guided in disclosing the summary of the internal audit function's work as required under 15.15(3)(e) of the Main LR by referring to the **Corporate Governance Guide (4th Edition)**⁴.

15.28 In view of paragraph 15.17(f) of the Main LR, can the company secretary of a listed issuer still attend the audit committee meeting?

Yes, the company secretary may attend. The discretion lies with the audit committee, whether it wishes to also exclude the attendance of the company secretary.

Corporate Governance Disclosures**15.29 Are there any specific requirements pertaining to the disclosure to be made in the annual report in relation to the MCCG?**

Practice Note 9 elaborates on the disclosure to be made in the annual report of a listed issuer in relation to this requirement.

15.29A Under paragraph 15.25(1) of the Main LR, a listed issuer's board of directors must provide an overview of the application of the Principles set out in the MCCG ("Principle") in its annual report ("CG Overview Statement"). In this regard, what are the information that must be disclosed in the CG Overview Statement?

As stipulated under paragraph 3.1A of Practice Note 9 of the Main LR, the listed issuer must disclose a summary of its corporate governance practices during the financial year with reference to the 3 Principles set out in the MCCG which are -

- (a) board leadership and effectiveness;
- (b) effective audit and risk management; and
- (c) integrity in corporate reporting and meaningful relationship with stakeholders.

In addition, the listed issuer should also highlight the following in the CG Overview Statement:

- (i) its key focus areas in relation to its corporate governance practices for the reporting financial year; and
- (ii) its future priorities or plans moving forward, in key areas for the forthcoming financial years.

⁴ This is available at: <https://bursasustain.bursamalaysia.com/droplet-details/resources/corporate-governance-guide-4th-edition>

Further guidance on the CG Overview Statement is available at the Executive Summary of the Corporate Governance Guide issued by the Exchange.

- 15.30 Paragraph 15.25(2) of the Main LR requires a listed issuer to disclose the application of each Practice set out in the MCCG during the financial year to the Exchange in a prescribed format (“CG Report”) and announce the same together with the announcement of the annual report.**

If a shareholder requests for a hard copy of the annual report from a listed issuer, must the listed issuer send a hard copy of the CG Report together with the annual report to the shareholder?

No, there is no obligation for the listed issuer to forward a hard copy of the CG Report together with its annual report to its shareholder who has requested for a hard copy of the annual report. Under paragraph 15.25(2) of the Main LR, the listed issuer is only required to state in its annual report, the designated website link or address where the CG Report may be downloaded by its shareholders.

- 15.30A Can a listed issuer modify the prescribed format for the CG Report?**

No. The listed issuer must strictly comply with the prescribed format of the CG Report with no exception whatsoever. In this regard, the listed issuer must ensure that each applicable field in the prescribed format relating to each Practice is completed before announcing the CG Report to the Exchange.

- 15.30B Can a listed issuer disclose the application of each Practice set out in the MCCG during the financial year in the annual report instead of in a prescribed format?**

No, a listed issuer must disclose the application of each Practice set out in the MCCG during the financial year in a prescribed format.

- 15.30C If a listed issuer has adopted and disclosed Step Up practice 5.4 or 8.3 of the MCCG in its CG Report, is the listed issuer still required to disclose the application of Practice 5.3 or 8.2?**

No. The listed issuer is only required to select the dropdown option “Not applicable – Step Up 5.4 adopted” for Practice 5.3 or “Not applicable – adopted Step Up 8.3” for Practice 8.2, as the case may be, in the CG Report.

- 15.30D In explaining the departure from a Practice and the adoption of an alternative practice for such departure as required under paragraph 3.2A in Practice Note 9 of the Main LR, can a listed issuer state the adoption of another Practice in the MCCG as the justification or its alternative practice?**

No, the listed issuer must still provide an explanation for the departure and disclose its alternative practice (other than the adoption of another Practice in the MCCG) and how the alternative practice achieves the Intended Outcome as required under paragraph 3.2A of Practice Note 9.

- 15.31 Can a listed issuer insert the CG Overview Statement (as referred to Practice Note 9) in its directors’ report in the annual report?**

Yes, a listed issuer may insert the CG Overview Statement in its directors' report in the annual report. However, a listed issuer must ensure that the said statement is prominently and clearly set out.

15.32 Must the CG Overview Statement and CG Report be signed by the directors of a listed issuer in the same manner as the directors' report?

No. It is not the requirement of Bursa Securities that the CG Overview Statement and CG Report must be signed by the directors of a listed issuer. However, the listed issuer must ensure that the CG Overview Statement and CG Report are approved by its board of directors.

15.33 [Deleted]

15.33A Is it mandatory for a listed issuer to comply with the Corporate Governance Guide issued by the Exchange when it prepares its CG Overview Statement and CG Report?

Whilst it is not mandatory, a listed issuer is strongly **encouraged as a best practice** to refer to the Corporate Governance Guide when preparing its CG Overview Statement and CG Report.

Risk Management and Internal Control Statement

15.34 Is there any guidance to assist directors of listed issuers in making the statement on risk management and internal control?

In addition to Practice Note 9, directors should also refer to the guidance entitled "Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers" issued by the Taskforce on Internal Control. A copy of the said guidelines is available on Bursa Securities' website at www.bursamalaysia.com.

Internal audit

15.35 What is meant by "an internal audit function which is independent of the activities it audits" as referred to under paragraph 15.27 of the Main LR?

This means that the internal audit function of a listed issuer must be independent from the management and operations. A listed issuer must not allow or condone inter-management audit. For example, finance department performing audit on the other operation units within the group of a listed issuer. For the purposes of clarifying the phrase "independent of the activities of its audits", reference may be made to the International Standards for the Professional Practice of Internal Auditing issued by the Institute of Internal Auditors and the Internal Auditing Guidelines issued by the Malaysian Institute of Accountants (collectively referred to as "the Internal Audit Standards & Guidelines").

15.36 Can the internal audit function of a listed issuer be outsourced?

Yes. The internal audit function of listed issuer can either be performed in-house or outsourced.

15.37 Where the internal audit function of a listed issuer is outsourced, what is the key issue that must be taken into consideration?

The key issue is the independence and objectivity of the firm/person to whom the internal audit function is outsourced. Again, for the purposes of clarifying the issue of “independence and objectivity”, reference may be made to the Internal Audit Standards & Guidelines.

15.38 Can the internal audit function be outsourced to the firm/person performing the statutory audit for the listed issuer?

Pursuant to section 290.186A of the By-Laws (On Professional Ethics, Conduct And Practice) of the Malaysian Institute of Accountants (“Ethics By-Laws”), where a financial statement audit client is a listed entity or public interest entity, the firm or network of firm performing the financial statement audit should not accept an engagement to provide internal audit services.

As such, the internal audit function of a listed issuer should not be outsourced to the firm/person performing the statutory audit for the listed issuer.

15.39 Can the internal audit function be outsourced to a group internal auditor who may be the internal auditor of the holding company, the subsidiary or subsidiary of the holding company?

Yes, all these can be considered as outsourcing. The listed issuer, however, must always adhere to the requirements of “independence and objectivity”.

15.40 With reference to Questions 15.36, 15.37 and 15.38 above, what are the requirements that must be complied with by the external party to whom the internal audit function is outsourced?

This depends on who the external party is. Such party must always comply with whatever legal requirements imposed on it by the relevant bodies or which it is subject to, in offering its services as an internal auditor. For example, in the case of a member of the Malaysian Institute of Accountants, it would have to comply with the Institute’s requirements. This would include the Ethics By-Laws.

Anti-corruption and whistle-blowing**15.41 Pursuant to paragraph 15.29(1)(a)(i) of Main LR, a listed issuer and its board are required to be guided by the Guidelines on Adequate Procedures issued pursuant to section 17A(5) of the Malaysian Anti-Corruption Commission Act 2009 (“GAP”), at a minimum, when establishing its group policies and procedures on anti-corruption. Besides GAP, can a listed issuer adopt other standards or systems on anti-corruption?**

Yes, a listed issuer may adopt other recognised standards or systems on anti-corruption such as the Anti-Bribery Management System (MS ISO 37001) when formulating its anti-corruption policies and procedures provided that the listed issuer ensures that its anti-corruption policies and procedures comply with the GAP as well.

15.42 Is a listed issuer in compliance with paragraph 15.29(1)(a) of the Main LR if it establishes and maintains policies and procedures on anti-corruption and whistle-blowing, on a group basis?

Yes, the listed issuer complies with paragraph 15.29(1)(a) of the Main LR if the policies and procedures are established on a group basis and adopted by the listed issuer and all its subsidiaries within the group.

15.43 Paragraph 15.29(1)(b) of the Main LR stipulates that a listed issuer and its board of directors must ensure that the policies and procedures on anti-corruption and whistle-blowing are reviewed periodically to assess their effectiveness, and in any event, at least once every 3 years. In this regard, when should the listed issuer conduct the periodic review?

To ensure that the listed issuer's policies and procedures remain effective, it is expected that a review would be carried out when -

- there is change in the law or circumstance in the listed issuer's business;
- there is a material change in the environment or circumstances in which the listed issuer is operating; or
- the current policies and procedures are found to be inadequate.

Such review is necessary to allow the listed issuer to analyse and assess whether the policies and procedures are still effective in addressing or mitigating corruption risks that the listed issuer group is exposed to, or whether improvements are required. In any event, the listed issuer must review its policies and procedures on anti-corruption and whistle-blowing at least once every 3 years.

- 16.4 If material information is announced during trading hours, for example a resolution in relation to a material corporate proposal rejected at an extraordinary general meeting which ended in the morning, will trading of securities of the listed issuer be suspended?**

Generally, if any announcement in relation to material corporate proposals including those stipulated under paragraph 2.1 of Practice Note 20 is released during trading hours, unless the listed issuer has requested for a suspension of trading under Practice Note 2, Bursa Securities will impose trading halt for 1 hour or until the end of that trading session, whichever is the earlier. The details of the trading halt periods are as set out in paragraph 3.1 of Practice Note 20.

- 16.5 During PLC A's Board Meeting held on Monday, 24 August 2009 at 11.00 a.m., the Board resolves, amongst others, the declaration of a dividend. After the meeting ends at 12.45 p.m., PLC A immediately announces the declaration of dividend. Will trading halt be imposed on PLC A's securities?**

Pursuant to paragraph 3.1 of Practice Note 20, a trading halt will not be imposed on PLC A's securities as the announcement on the declaration of dividend is made and released during the trading session break from 12.30 p.m. to 1.00 p.m. and investors have the opportunity to digest the information before the commencement of trading at 2.30 p.m. However, where Bursa Securities is of the view that the period is insufficient for purposes of dissemination of a material announcement, Bursa Securities may, at its discretion impose a suspension pursuant to paragraph 3.2 of Practice Note 20.

However, pursuant to paragraph 3.2 of Practice Note 20, Bursa Securities may at its discretion, suspend the trading of the listed issuer's securities for the entire day or such period as Bursa Securities deems appropriate.

**QUESTIONS AND ANSWERS IN RELATION TO
FEES AND CHARGES FOR THE MAIN MARKET
(As at 1 April 2015)**

Computation of Listing Fees

1. Under the Fees and Charges, the amount of certain listing fees payable is based on the total market value of the issued capital of the listed issuer. What is the basis for calculating the said market value?

The basis for calculating the market value of the security is provided for in paragraph 1.1 of the Fees and Charges.

2. Pursuant to paragraph 1.1(a)(ii)(aa) of the Fees and Charges, in the case of initial or additional listing fees where there is no issue or offer price, the market value of the security shall be based on the last traded price on the first day of listing. In this situation, when must the listing fees be paid to Bursa Securities?

In this situation, the listing fees must be paid to Bursa Securities on the next market day following the first day of listing.

3. ABC Berhad has an existing issued and paid-up capital of RM100,000,000 comprising of 100,000,000 shares of RM1.00 each. ABC Berhad is to be listed on the Main Market of Bursa Securities on 1 March 2010 with an initial public offering of 150,000,000 ordinary shares of RM1.00 each. The issue price of the said shares has been fixed at RM3.00 per share.

- (a) Based on paragraph 2.1 of the Fees and Charges, what is the initial listing fee payable by ABC Berhad?

Based on paragraph 2.1 of the Fees and Charges, the initial listing fee will be calculated based on the market value of the enlarged issued and paid-up capital of ABC Berhad upon listing. The calculation is as follows:

$$\begin{aligned} \text{Initial listing fee} &= 0.01\% \text{ of total market value of issued capital of ABC Berhad} \\ &= 0.01\% \times [\text{RM}3.00 \times (100,000,000 + 150,000,000)] \\ &= \text{RM}75,000. \end{aligned}$$

- (b) If ABC Berhad is listed on 1 March 2010, what is the annual listing fee payable by the company in respect of year 2010?

Pursuant to paragraphs 1.1(c) and 2.3 of the Fees and Charges, the annual listing fee payable by ABC Berhad for year 2010 is as follows:

$$0.0025\% \times ([\text{RM}3.00 \times (100,000,000 + 150,000,000)]) = \text{RM}18,750.$$

Taking into account that ABC Berhad is listed in March, the annual listing fee will be pro-rated to RM15,625. However, the minimum annual listing fee under paragraph 2.3 of the Fees and Charges is RM20,000. As such, for 2010, the annual listing fee payable by ABC Berhad is RM20,000.

Fees and Charges For The Main Market
[Questions & Answers]

4. **Where can a listed issuer obtain the last traded price of its securities for the purposes of calculating its annual listing fees?**

The said information can be obtained from Bursa Securities' website at <http://www.bursamalaysia.com/market/securities/equities/market-statistics/> throughout the month of January.

Listing fees for shares

5. **Which category in the Fees and Charges would "preference shares" fall under in relation to the listing fees payable?**

"Preference shares" would fall under the following:

- (a) Paragraph 2 of the Fees and Charges (Listing fees for shares) which applies to non-convertible preference shares; or
- (b) Paragraph 5 of the Fees and Charges (Listing fees for convertible equity securities) which applies to convertible preference shares, whether irredeemable or otherwise.
6. **XYZ Berhad is an existing listed company which proposes to undertake a bonus issue of 1 new share for every 2 existing shares held by its shareholders. How much is the additional listing fees payable by XYZ Berhad?**

XYZ Berhad need not pay any additional listing fees. However, pursuant to paragraph 10.3(a) of the Fees and Charges, XYZ Berhad will need to pay processing fees of RM5,000 + 0.005% of the issued and paid-up capital to be listed subject to a maximum amount of RM300,000.

7. **M Berhad is an existing listed issuer on the Main Market of Bursa Securities with an issued and paid-up capital of RM100,000,000 comprising of 100,000,000 shares of RM1.00 each. M Berhad proposes to undertake a Share Issuance Scheme of up to 15% of its issued and paid-up capital, at an exercise price of RM10. How much is the additional listing fees payable by M Berhad for the listing of the shares issued pursuant to the Share Issuance Scheme?**

Based on its existing issued and paid-up capital, M Berhad may issue up to 15,000,000 shares under the Share Issuance Scheme and the options may be exercised over a period of time.

Under paragraph 2.2 of the Fees and Charges, the additional listing fees payable by M Berhad is 0.01% of the total market value of the additional shares listed, subject to a minimum fee of RM10,000 and a maximum fee of RM100,000.

This means that at the first listing of the shares under the Share Issuance Scheme, M Berhad must pay a minimum additional listing fee of RM10,000. Based on this amount, the number of shares under the Share Issuance Scheme that M Berhad can issue at the first instance is 10,000,000 shares. The calculation is as follows, assuming that the issue price for the shares under the Share Issuance Scheme is RM10:

**Fees and Charges For The Main Market
[Questions & Answers]**

Minimum additional listing fee payable i.e. 0.01% of the total market value of the additional shares listed	=	RM10,000
0.01% x (RM10 x number of shares under the Share Issuance Scheme)	=	RM10,000
(RM10 x number of shares under the Share Issuance Scheme)	=	RM10,000/0.01 x 100
	=	RM100,000,000
Therefore, <u>number of shares under the Share Issuance Scheme</u>	=	RM100,000,000/RM10
	=	<u>10,000,000</u> shares

Therefore, based on the first additional listing fee of RM10,000 paid by M Berhad, the company can issue up to 10,000,000 shares under the Share Issuance Scheme.

However, for the issuance of the remaining balance of 5,000,000 shares under the Share Issuance Scheme, M Berhad would be required to pay a further additional listing fee as follows:

0.01% x (RM10 x 5,000,000) = RM5,000. However, under paragraph 2.2 of the Fees and Charges, the minimum fee payable is RM10,000. As such, M Berhad will be required to pay a further RM10,000 in relation to the issuance of the remaining 5,000,000 shares under the Share Issuance Scheme.

8. Paragraph 2.3 of the Fees and Charges provides that the annual listing fees payable by listed issuers is 0.0025% of the total market value of the issued capital of the listed issuer, subject to a minimum fee of RM20,000 and a maximum fee of RM100,000.

(a) How is “total market value” calculated for the purposes of paragraph 2.3?

Paragraph 1.1(b) of the Fees and Charges provides that in relation to annual listing fees (other than the first annual listing fee payable upon listing) market value will be based on the last traded price on the last market day of the calendar year or where the securities are suspended on such day, the last traded price before suspension or such other valuation as may be determined by Bursa Securities.

As such, the total market value of the issued capital of the listed issuer which is not suspended is calculated as follows:

Total market value = Last traded price on the last market day of the calendar year x Total number of shares of the listed issuer as at the last market day of the calendar year

(b) Are treasury shares included in the above calculation of “total market value”?

Yes, treasury shares form part of the “total number of shares of the listed issuer as at the last market day of the calendar year” referred to in paragraph (a) above.

**Fees and Charges For The Main Market
[Questions & Answers]**

9. **ABC Berhad is listed on the Main Market in July 2009. Based on the calculation set out in paragraph 2.3 of the Fees and Charges, the annual listing fees of ABC Berhad amounts to RM50,000. How much annual listing fee must ABC Berhad pay for 2009?**

Since ABC Berhad is only listed in July 2009 (i.e. second half of the year), the first annual listing fee payable by ABC Berhad will be pro-rated. The total annual listing fee that ABC Berhad will be required to pay in respect of 2009 is RM25,000 (i.e. half of RM50,000).

10. **DEF Berhad is listed on the Main Market in July 2009. Based on the calculation set out in paragraph 2.3 of the Fees and Charges, the annual listing fees of DEF Berhad amounts to RM15,000. However, paragraph 2.3 of the Fees and Charges provides that the minimum annual listing fee payable is RM20,000. As DEF Berhad is only listed in July 2009, how much annual listing fee must DEF Berhad pay for 2009?**

DEF Berhad will be required to pay the amount of RM20,000 as the annual listing fee for 2009 as this is the minimum fee payable pursuant to paragraph 2.3 of the Fees and Charges. Listing fees for convertible debt securities and non-convertible debt securities

12. **Paragraph 4.3 of the Fees and Charges provides that the annual listing fee payable in respect of debt securities under an Exempt Regime is a fixed sum of RM2,000 for each class of securities. A listed issuer issues debt securities under an Exempt Regime in April 2010 which will be due in April 2015.**

- (a) **Will the fixed sum of RM2,000 be pro-rated for year 2010?**

No, the listed issuer must pay the full fixed annual listing fee of RM2,000 for year 2010.

- (b) **Will the fixed sum of RM2,000 be pro-rated for year 2015?**

Yes, the fixed annual listing fee of RM2,000 will be pro-rated according to the number of months the debt securities are listed in the year of maturity (i.e. from January until April in year 2015).

So, the minimum annual listing fee payable by the listed issuer for year 2015 is –

= RM2,000/12 months x 4 months

= RM667

Listing fees for convertible equity securities

- 13. A Berhad lists its warrants in July 2009. Based on the calculation set out in paragraph 5.3 of the Fees and Charges, the first annual listing fee for the warrants amounts to RM30,000. Does A Berhad have to pay that amount for 2009 even though the warrants are listed only from July onwards?**

Although the annual listing fee is RM30,000, paragraph 5.3(a) of the Fees and Charges allows the fee to be pro-rated according to the number of months the securities are listed subject to a minimum fee of RM20,000. As the warrants are listed in July 2009, the pro-rated fee is RM15,000. However, as the minimum fee is RM20,000, A Berhad has to pay RM20,000 as the annual listing fee for the warrants in year 2009.

- 14. A listed issuer issued warrants in March 2009 which are due to expire in March 2014. Based on the calculation set out in paragraph 5.3 of the Fees and Charges, such listed issuer is required to pay the minimum annual listing fee of RM20,000 in respect of such warrants. Will the minimum annual listing fee of RM20,000 be pro-rated in 2014?**

Yes, the minimum annual listing fee of RM20,000 will be pro-rated according to the number of months the warrants are listed in the year of maturity (i.e. from January until March in year 2014).

So, the minimum annual listing fee payable by the listed issuer for year 2014 is –

= RM20,000/12 months x 3 months

= RM5,000

- 15. In computing the annual listing fees for warrants, should the total number of warrants outstanding as at the last market day of the calendar year, or the total number of warrants previously issued be used?**

The total number of warrants outstanding as at the last market day of the calendar year should be used to compute the total market value of the securities to arrive at the annual listing fees for warrants.
