## *Listing Requirements Enforcement In Focus*

Acquisition 1, Acquisition 2 and the Disposal were RPTs by virtue of PLC A being a major shareholder of Company X at the material time. Acquisition 1 was announced on 19 January 2005 but Acquisition 2 and the Disposal were only announced on 17 December 2007. Further, a circular for the proposed ratification of Acquisition 1, Acquisition 2 and the Disposal ("**the Proposed Ratification**") was issued to shareholders on 28 February 2008 and Company X obtained shareholders' approval of the Proposed Ratification on 27 March 2008.

### Enforcement

Company X was found to be in breach of the LR for failure in making immediate announcements of Acquisition 2 and the Disposal and to appoint an adviser/advisers, issuance of circular and procuring prior shareholders' approval with regard to Acquisition 1, Acquisition 2 and the Disposal. **A public reprimand was imposed against Company X.** In addition, the company was required to implement training for the directors and relevant personnel with regard to compliance of the LR.

The directors were also found to be in breach for permitting the company to commit the aforesaid breaches at the material time. It was noted that, amongst others, no procedures and processes were put in place in the company to identify and address RPTs. In addition, the transactions which were material acquisitions and disposals of its major shareholder's shares were approved by the directors. Notwithstanding this, the directors failed to require/ensure compliance of the RPT obligations. **In addition to public reprimand, fines ranging from RM9,000 to RM30,000 were imposed against the directors** for the breaches, taking into consideration, amongst others, the involvement, role and responsibility of each director with regard to these transactions.

### **CASE 2 – SETTLEMENT OF DEBT TO COMPANY BY A RELATED PARTY**

#### Relevant Facts

The non-interested shareholders of Company Y had on 28 September 2001 approved the proposed settlement of debt amounting to RM713 million owing to the company by its executive chairman who was also a major shareholder of the company ("**Related Party**"). The settlement was by way of cash and payment-in-kind which included certain acquisitions of hotel companies ("**Approved Settlement**").

The shareholders' approval of the Approved Settlement was procured in accordance with the provisions applicable to RPT under the LR. The Related Party however failed to perform the terms of the Approved Settlement and there were numerous proposed variations to the Approved Settlement from 31 December 2001. Subsequently, Company Y had on 27 March 2008 entered into a supplemental agreement with the Related Party whereby, it was agreed that the balance debt of about RM400 million would be settled based on revised new terms. These revised terms included deferment of the full settlement (which was to be made by 30 September 2004 under the Approved Settlement) was extended to 31 December 2010 i.e. extension of the repayment timeline by six years ("**Supplemental Agreement**"). The balance debt represented about 65% of the group's net assets at the material time. In its entry of the Supplemental Agreement, Company Y did not comply with the RPT obligations under the LR including ensuring prior disinterested shareholders' approval was procured for the Supplemental Agreement.

#### Enforcement Decision

Company Y was found to be in breach of the LR for its failure to make an immediate announcement, appoint an adviser/advisers, issue a circular and procure prior shareholders' approval with regard to the Supplemental Agreement. **A public reprimand was imposed on Company Y.** In addition, the company was required to implement training for the board and relevant personnel and to convene an extraordinary general meeting to seek ratification from its disinterested shareholders for the Supplemental Agreement.

### **CASE 3 – SETTLEMENT OF DEBT TO COMPANY BY A RELATED PARTY- FULL REPAYMENT**

#### Relevant Facts

Company F had failed to comply with RPT obligations to make an immediate announcement, appoint an independent adviser and a main adviser and procure shareholders' prior approval of the following RPTs:-

- (a) approval/acceptance on 27 April 2007 and/or 25 August 2007 of its holding company's request vide letter dated 27 March 2007 for repayment of the amount owed (of RM61,472,113 as at 27 March 2007) on or before 31 December 2009; and
- (b) approval/acceptance on 21 February 2009 and/or 21 April 2009 of its holding company's request vide letter dated 15 December 2008 for revised repayment of the amount owed (of RM57,659,841 as at 15 December 2008) on or before 31 December 2011;

(both the aforesaid transactions are collectively referred to as "**the Transactions**").

The amount owed by its holding company (which were advances to the holding company since 1997) of RM61,472,113 as at 27 March 2007 and RM57,659,841 as at 15 December 2008 represented approximately 80% and 70% of Company F's net assets of RM76,420,069 and RM82,370,833 as at 31 December 2006 and 31 December 2007 respectively. This had far exceeded the percentage ratio of 5% and 25% prescribed under the RPT requirements where Company F must appoint an independent adviser, a main adviser and procure shareholders' approval before the above repayment proposals were agreed upon.

### Enforcement Decision

Company F was found to be in breach of the LR and was **publicly reprimanded**. Notwithstanding the representation that Company F did not suffer any loss arising from the amount owed by its holding company in view that interest was charged and paid, it was for the disinterested shareholders to ultimately decide on the merits and/or acceptance of the repayment and settlement of the long outstanding and material amount owed to Company F which was only tabled to shareholders for approval on 28 December 2011.

The directors were also found to be in breach of the LR for permitting the company to contravene the LR. The directors were or should be aware of the Transactions and that these were RPTs as:-

- (a) the interested directors had declared their interests and abstained from the deliberation and voting of the Transactions at the Board of Directors meetings on 25 August 2007, 21 February 2009 and 21 April 2009; and
- (b) in addition to the declaration by the interested directors, the directors were alerted on various occasions as to the Transactions in their review and approval of the financial statements which contained the disclosures of the Transactions and updates of the same in the financial statements.

Notwithstanding these, they had failed to ensure compliance of the RPT requirements. **All the directors were publicly reprimanded**. In addition, taking into consideration the degree of culpability of each director, a fine of:-

- (i) **RM50,000 each was imposed on the interested directors**; and
- (ii) **RM25,000 each was imposed on the Audit Committee members** as they had the function/responsibility to review and report to the board any RPTs within the company except for **one Audit Committee member who was imposed a fine of RM15,000** as he had retired on 25 June 2007 and was only involved in one of the Transactions.

#### Relevant Facts

Company B had failed to comply with the RPT obligations to make an immediate announcement, appoint an independent adviser and procure shareholders' prior approval of certain land disposals. The land disposals involved:-

- (i) the interests of certain directors/major shareholders and persons connected to these directors and major shareholders; and
- (ii) consideration of approximately RM14 million for the respective transactions (and a total of RM28 million) representing the highest percentage ratio of 4.05% each (and a total of 8.1%) of the net assets of the Company.

- (b) Directors -

Whilst there was no evidence of his direct involvement in the land disposals, he was or should have been aware of the transactions in light of his role and responsibilities in the Company, the anomalies/unusual circumstances of the land disposals and the magnitude/materiality of the land disposals. Notwithstanding these, he had failed to undertake due enquiry and address these anomalies resulting in the breaches of the LR by Company B.

- (iii) No action was taken against the other directors who were all Non-Executive Directors as:-
- there was no evidence to show that they were or should be aware of the interest of the two Executive Directors in the land disposals or that the reliance placed by the Non-Executive Directors on the management was unreasonable;
  - there was no clear evidence of inadequate/ineffective internal controls in the company pertaining to compliance of related party transactions particularly in light of the "concealment" of the interests by the two Executive Directors;
  - upon becoming aware of the possibility of RPTs involving the relevant directors from a complaint, the Non-Executive Directors took expeditious steps to verify the same including taking steps to remove the two Executive Directors from being involved in the day to day management of the company and requisition for the removal of the said directors at a general meeting as well as initiate legal proceedings to terminate the land disposals; and

### **CASE 5 – JOINT VENTURE AGREEMENT TO DISPOSE DEVELOPMENTAL RIGHTS**

#### Relevant Facts

Company A's wholly-owned subsidiary had on 30 July 2012 entered into a joint venture agreement (“**JVA**”) with a 51% owned subsidiary to undertake a mixed development project. The JVA was a ‘transaction’ under paragraph 10.02(l)(i) of the Main LR as pursuant to the JVA, Company A or its wholly-owned subsidiary had disposed of the developmental rights and/or substantially all the right, benefits or control over the land. The percentage ratio of the transaction was 38.48% but Company A failed to issue a circular to its shareholders and seek its shareholders' approval before entering into the JVA. Company W only obtained its shareholders' ratification of the JVA on 30 March 2017.

#### Enforcement Decision

Company A was found to be in breach of the LR and **publicly reprimanded**.

The directors were also found to be in breach of the LR for permitting Company A to contravene the LR. The directors were and/or should be aware of the JVA, its terms and conditions and the materiality of the JVA. However, the directors had failed to demonstrate/take reasonable efforts to discharge their duties particularly to undertake proper deliberation, reasonable enquiries and assessment on the JVA including the necessity of shareholders' approval to ensure compliance with the LR. There was no evidence of any documents pertaining to the proposed JVA including the draft JVA being circulated during the board meetings and further, despite the materiality of the JVA, all the directors had proceeded to approve the JVA vide a directors' circular resolution dated 30 July 2012.

### **CASE 6 – ACQUISITION/OPTION TO ACQUIRE LANDS VIA JOINT VENTURE AGREEMENTS**

#### **Relevant Facts**

Company E had vide its subsidiaries entered into various joint venture agreements ("**JVAs**") from 8 January 2015 to 29 February 2016 for a proposed residential and commercial development on 26 adjoining/contiguous vacant agricultural lands in Sabah. The JVAs were essentially an acquisition and/or option to acquire the lands conditional upon/after approval of the application for amalgamation, subdivision and conversion of the land titles from Native Titles into Country Lease or Town Lease.

Company E had failed to make immediate announcement and obtain prior shareholders' approval of the transactions where the percentage ratio exceeded 5% and 25% respectively. Company E had only announced the transaction on 22 May 2017 and 20 November 2017 and obtained shareholders' ratification of the transactions on 16 November 2018.

Company E had withheld disclosure of the transactions on the basis that the facts were in a state of flux and the immediate disclosure would prejudice the ability of Company E to pursue its corporate objectives as the company represented that an announcement may cause a tremendous increase in the acquisition price and jeopardise the negotiation to acquire the lands. Pursuant to paragraph 10.06(1) of the Main LR and as illustrated in the Corporate Disclosure Guide, Company E must make an immediate announcement upon execution of the JVAs which were no longer in a state of flux as the salient terms and conditions had been agreed upon. Further, while disclosure of the transactions may have an unfavourable impact to Company E, Company E must not withhold disclosure of the transactions which were material for investors to make informed investment decision and the non-disclosure was prejudicial to the interest of investors.

### Enforcement Decision

Company E was found to be in breach of the LR and **publicly reprimanded**.

**Seven directors of Company E at the material time were publicly reprimanded.** In addition, a fine of **RM50,000 and RM25,000 were imposed on the Managing Director and an Executive Director respectively** who were primarily involved in and responsible for/in charge of the negotiation, review and execution of the transactions. They had failed to escalate the transactions for the board's deliberation and prior approval despite the materiality of the transactions. The other directors had agreed with the Managing Director's decision to withhold the announcement during the Board of Directors meeting on 26 May 2016 even though they were aware that the transactions required immediate announcement and shareholders' approval under the LR.

### **CASE 7 – SUPPLY AGREEMENT WITH RELATED PARTY**

#### **Relevant Facts**

Company AZ had entered into a supply agreement with Company C for the supply of copper scraps with an estimated total contract value of RM1.3 billion on 25 June 2020 (“**ISA**”). The percentage ratio of the ISA was 908.2%. The ISA was a RPT as Company C and its director and controlling shareholder had emerged as the major shareholders of Company AZ on 23 June 2020 (“**RPT ISA Breach**”). Company AZ had represented that it had conducted prior verification and was only made aware of the new major shareholders’ interest on 29 June 2020. However, the Company had the obligation to ensure compliance of the LR at the juncture of entering into and making the announcement of the ISA on 25 June 2020.

Further, despite Company AZ’s announcement that the ISA was a RPT requiring shareholders’ approval on 2 July 2020 upon Bursa Securities’ query on 1 July 2020, Company AZ had proceeded to carry into effect the ISA without prior shareholders’ approval by commencing to supply the copper scraps to Company C on 26 June 2020 until 30 October 2020 with the total transacted value of RM39.9 million (“**Transactions**”), representing 27.87% of Company AZ’s assets as at 31 July 2019 (“**RPT Transactions Breach**”).

Company AZ had only appointed an independent adviser and a main adviser on 27 July 2020, issued a circular to shareholders in relation to a proposed conditional Supply Agreement with Company C dated 5 October 2020 (which replaced and superseded the ISA) and proposed ratification of the Transactions on 30 November 2020 and obtained its shareholders’ approval on 17 December 2020.

#### **Enforcement Decision**

Company AZ was found to be in breach of the LR and **publicly reprimanded for the RPT ISA Breach and the RPT Transactions Breach.**

**The Managing Director and two Non-Executive Directors/Audit Committee members of Company AZ at the material time were publicly reprimanded.** In addition, fines of **RM50,000 and RM25,000 were imposed on the Managing Director and the two Non-Executive Directors respectively.** The directors had blatantly disregarded the LR in agreeing to continue with the ISA and carry out the Transactions without prior shareholders' approval. A higher fine of RM50,000 was imposed on the Managing Director in view of his roles, responsibilities, authority and involvement in the ISA and the Transactions and he was in a position to undertake the necessary and further verifications on the related party's interest, monitor and ensure the Company's compliance with the LR when entering into and announcing the ISA on 25 June 2020.

No action was taken against an Audit Committee Chairman who was newly appointed on 21 September 2020 as the Board had decided to continue with the ISA on 30 June 2020 prior to his appointment, he was not aware that Company AZ had commenced the Transactions and Company AZ had rectified the breach on 17 December 2020.

#### Diversification in Operations/Business

*Pursuant to Paragraph/Rule 10.13(1) of the LR, a listed issuer/corporation must obtain its shareholders' approval in a general meeting for any transaction or business arrangement which might reasonably be expected to result in either –*

*(a) the diversion of 25% or more of the net assets of the listed issuer/corporation to an operation which differs widely from those operations previously carried on by the listed issuer/corporation; or*

*(b) the contribution from such an operation of 25% or more of the net profits of the listed issuer/corporation.*

### CASE 1 – DIVERSIFICATION INTO NEW BUSINESS

#### Relevant Facts

Company S had failed to obtain prior shareholders' approval in respect of the diversification into a new business in the trading of crude palm oil and its derivative products such as palm kernel and palm kernel shell ("**CPO & Derivative Products Trading**") in February 2017. Company S had only announced the proposed ratification of the diversification on 9 February 2018 and obtained its shareholders' ratification of the diversification on 30 May 2018.

Company S was principally engaged in biotechnology research and development and manufacturing and marketing of animal feed supplement and animal health care products. Company S had triggered Rule 10.13(1)(b) of the ACE LR where the CPO & Derivative Products Trading had contributed more than 25% of Company S' net profit as at the quarterly reports for the financial period ended from 31 March 2017 to 31 December 2017.

Company S and its directors had represented that:-

- the diversification arose unintentionally out of the need to secure a consistent supply for the manufacturing of the animal feed supplement; and
- Company S did not expect the CPO & Derivative Products Trading to be part of its business and

did not foresee it would contribute significantly to the Group's profitability/was sustainable as it was new/commenced only in February 2017 and the commodity market was unpredictable/volatile, subject to price fluctuation.

However, the evidence showed that Company S had clearly intended to diversify into CPO and Derivative Products Trading and both Company S and the Executive Directors were aware of the material contribution of the CPO & Derivative Products Trading to the company's revenue, net profits and/or prospects as disclosed in the quarterly reports.

### Enforcement Decision

Company S was found to be in breach of the LR and **publicly reprimanded**.

**Two Executive Directors of Company S at the material time were publicly reprimanded and fined RM50,000 each** as they could and should be aware of the new business that Company S was venturing into and the potential/possible impact to Company S and they had failed to make proper assessment/analysis on the CPO & Derivative Products Trading prior to the diversification in February 2017.

No action was taken against four other directors who were all Non-Executive Directors as:-

- (i) they were not involved in the day to day operations of the company and the diversification into the CPO & Derivative Products Trading was never escalated to the board for proper deliberation; and
- (ii) upon becoming aware of the CPO & Derivative Products Trading, they had made the necessary enquiries and had instructed and followed-up with Company S to procure compliance with the LR.

### **CASE 2 – SUPPLY AGREEMENT WITH THIRD PARTY WHICH SIGNIFIED A DIVERSIFICATION**

#### **Relevant Facts**

Company AZ was principally involved in investment holding, provision of management services, property development, construction and trading of construction materials, provision of marketing services, provision of timber processing services, timber kiln drying, sawmilling and marketing sawn timber. Company AZ had entered into a supply agreement with Company C for the supply of copper scraps on 25 June 2020 ("**ISA**"), which signified a diversification in Company AZ's existing business to include trading of industrial products and related business ("**Diversification**"). The Diversification triggered paragraph 10.13(1) of the Main LR based on the estimated turnover/contract value of the ISA of RM1.3 billion and the estimated profit in view that Company AZ had suffered net losses in the past three years.

When queried by Bursa Securities on 26 June 2020 specifically on whether the ISA signified a diversification in the company's business operations pursuant to paragraph 10.13 of the Main LR, Company AZ had merely responded that it was mindful of the diversification threshold percentage and would monitor the profit contribution from the copper scrap trading business and the ISA's impact on the net assets of the company to ensure compliance with the Main LR. Subsequently, Company AZ had represented that an assessment was only made around 10-15 July 2020 after the company had commenced trading with Company C.

The Diversification was only announced on 6 October 2020 and approved by the shareholders on 17 December 2020.

### Enforcement Decision

Company AZ was found to be in breach of the LR for failing to obtain prior shareholders' approval in respect of the Diversification and **publicly reprimanded**.

**The Managing Director and two Non-Executive Directors of Company AZ were publicly reprimanded and fined RM50,000 and RM25,000 respectively** as there was no deliberation, enquiry and assessment undertaken by the directors as to whether the ISA would have resulted in a diversification and triggered paragraph 10.13(1) of the Main LR in approving the ISA during the Board of Directors meeting on 16 June 2020. The directors had also agreed for Company AZ to carry into effect the Diversification via proceeding with transactions amounting to RM39.9 million without prior shareholders' approval in blatant contravention of the Main LR. A higher fine of RM50,000 was imposed on the Managing Director in view of his roles, responsibilities, authority and involvement in the ISA and he was in a position to assess whether the ISA would have resulted in a diversification.

No action was taken against:

- (a) one Non-Executive Director who was not involved in the Board's approval to carry into effect the Diversification on 30 June 2020 after he had resigned on 22 June 2020; and
