

We are Hiring

Senior Manager, Issuers II

Job Purpose

Implement, co-ordinate and monitor the responsibilities undertaken by Listing Dept. to provide an efficient platform for equity capital raising whilst ensuring the companies listed on Bursa Malaysia ("listed issuers") adhere to the high standard of conduct [via compliance with the Listing Requirements ("LR") and securities industry laws] which is critical towards enhancing the market integrity and transparency, building investors confidence and maintaining a fair and orderly market.

Key Responsibilities

- Evaluate, review and propose for the approval/rejection of secondary fund raising exercise, such as private placement, rights issue, restricted issue, to facilitate timely and efficient capital raising exercise in equity capital market
- Monitor and review the corporate exercise of the listed issuers to ensure they practise high standard of conduct in order to enhance market integrity and transparency in Malaysian capital market.
- Evaluate, review and propose for approval/rejection of any application for waiver from complying with LR, application for extension of time to comply with the LR as well as modification to the LR to facilitate business efficacy whilst ensuring investors interests is protected.
- Propose areas of improvements on the Standard Operating Procedures ("SOP") for Listing Dept. to ensure consistent and parity in processing of application and monitoring of compliance with the LR.
- Propose and contribute to the formulation and enhancement of strategy for efficient processes and procedures to enhance efficiency and effectiveness of regulatory services, to be consistent and at par with the international best practices.
- Explore and assist in evaluating trends, issues and problems for the purpose of policies changes to achieve proactive regulation.

Job Requirements

- Bachelors degree in accounting, finance, business studies, management, economics or equivalent professional qualification.
- Minimum 5 years experience in the financial services industry.
- Good understanding of capital markets, relevant laws and Malaysian regulatory environment.
- Sound knowledge of the Listing Requirements & SC's Guidelines.
- Good analytical skills and business acumen.
