For the purpose of this subparagraph (4), “**custodian**” means any of the following who is independent of the Cash Company:

 - (i) all of its business or its major business; or

 for any reason whatsoever including, amongst others, due to or as a result of –

- (6) An affected listed issuer intending to rely on subparagraph (5) above must announce the following to the Exchange:

The time-weighting factor is the number of days that the specific Capital is outstanding as a proportion of the total number of days in that financial year.

Example - Weighted Average of Capital for financial year ended 31 December 2xx1

		Issued and Paid up Capital (RM)
1 January 2xx1	Balance	60,000,000
1 June 2xx1	Issue of 10,000,000 new shares for cash	70,000,000
1 Dec 2xx1	Issue of 12,000,000 new shares for cash	82,000,000

Computation of weighted average:

$$(60,000,000 \times 151/365) + (70,000,000 \times 183/365) + (82,000,000 \times 31/365) = 66,882,185$$

- (8) Subparagraph (2)(b) above is not applicable to closed-end funds, real estate investment trusts, exchange-traded funds, infrastructure project corporations which have not completed and commenced operations on their infrastructure project(s) and special purpose acquisition companies.

- (5) If a PN17 Issuer fails to comply with any part of its obligations under subparagraph (3)(a) above within the timeframes permitted by the Exchange, the Exchange shall –
- (a) suspend the trading of the PN17 Issuer's listed securities on the 6th market day after the date of notification of suspension by the Exchange; and

- (7) Where an appeal against de-listing has been submitted to the Exchange, the Exchange shall stay the de-listing of the PN17 Issuer concerned pending consideration of the appeal. However, the Exchange shall suspend the trading of the PN17 Issuer's listed securities on the 6th market day after the date of notification of suspension by the Exchange even though the decision of the appeal is still pending.

- (9) If a PN17 Issuer triggers any one or more of the Prescribed Criteria within 3 years after it is no longer considered a PN17 Issuer, such PN17 Issuer must undertake a regularisation plan which will result in a significant change in its business direction or policy and submit the plan to the SC for approval.  - (a) corporate disclosure policy of the Exchange (Parts B to H);
 - (b) preparation of announcements (Part I);
 - (c) immediate disclosure requirements (Part J);
 - (d) periodic disclosure requirements (Part K);
 - (f) circulars and other requirements (Part L); and
 - (e) disclosure requirements for specific listed issuers (Part M).
- (3) Continuing disclosure is the timely and accurate disclosure of all material information by a listed issuer to the public.
- (4) Continuing disclosure ensures a credible and responsible market in which participants conduct themselves with the highest standards of due diligence and investors have access to timely and accurate information to facilitate the evaluation of securities.

PART B – CORPORATE DISCLOSURE POLICY**9.02 Corporate disclosure policy**

- (1) A listed issuer must, in accordance with these Requirements, disclose to the public all material information necessary for informed investing and take reasonable steps to ensure that all who invest in its securities enjoy equal access to such information.
- (2) A listed issuer must adhere to the following 6 specific policies concerning disclosure, which are as follows:
 - (a) immediate disclosure of material information (Part C);
 - (b) thorough public dissemination (Part D);
 - (c) clarification, confirmation or denial of rumours or reports (Part E);
 - (d) response to unusual market activity (Part F);
 - (e) unwarranted promotional disclosure activity (Part G); and
 - (f) insider trading (Part H).

PART C – IMMEDIATE DISCLOSURE OF MATERIAL INFORMATION**9.03 Disclosure of material information**

- (1) A listed issuer must make immediate public disclosure of any material information, except as set out in paragraph 9.05 below.
- (2) Information is considered material, if it is reasonably expected to have a material effect on -
 - (a) the price, value or market activity of any of the listed issuer's securities; or
 - (b) the decision of a holder of securities of the listed issuer or an investor in determining his choice of action.
- (3) Without limiting the generality of subparagraph (2) above, material information may include information which -
 - (a) concerns the listed issuer's assets and liabilities, business, financial condition or prospects;
 - (b) relates to dealings with employees, suppliers, customers and others;
 - (c) relates to any event affecting the present or potential dilution of the rights or interests of the listed issuer's securities; or
 - (d) relates to any event materially affecting the size of the public holding of its securities.

[Cross reference: Practice Note 3]

9.04 Examples of events which may require immediate disclosure

The following are some examples of events which may require immediate disclosure by the listed issuer:

- (a) the entry into a joint venture agreement or merger;
- (b) the acquisition or loss of a contract, franchise or distributorship rights;
- (c) the introduction of a new product or discovery;
- (d) a change in management;
- (e) the borrowing of funds;
- (f) the commencement of or the involvement in litigation and any material development arising from such litigation;
- (g) the commencement of arbitration proceedings or proceedings involving alternative dispute resolution methods and any material development arising from such proceedings;

 - (p) the entry into any call or put option or financial futures contract.

9.05 Withholding of material information

- (1) A listed issuer may, in exceptional circumstances, temporarily refrain from publicly disclosing material information, provided that complete confidentiality is maintained. Where material information is withheld, the listed issuer must refrain from delaying disclosure for an unreasonable period of time since it is unlikely that confidentiality can be maintained beyond a short period of time.
- (2) The exceptional circumstances where disclosures can be withheld are limited and constitute an infrequent exception to the normal requirement of immediate public disclosure. In cases of doubt, the presumption must always be in favour of disclosure.
- (3) The following are some exceptional circumstances where disclosure may be temporarily withheld:
 - (a) when immediate disclosure would prejudice the ability of the listed issuer to pursue its corporate objectives. Public disclosure of a plan to acquire certain real estate for example, could result in an increase in the listed issuer's cost of the desired acquisition or could prevent the listed issuer from carrying out the plan at all. In such circumstances, if the unfavourable result to the listed issuer outweighs the undesirable consequences of non-disclosure, disclosure may properly be deferred to a more appropriate time;
 - (b) when the facts are in a state of flux and a more appropriate moment for disclosure is imminent.

Occasionally, corporate developments give rise to information which, although material, is subject to rapid change. If the situation is about to stabilise or resolve itself in the near future, it may be proper to withhold public announcement until a firm announcement may be made, since successive public announcements concerning the same subject but based on changing facts may confuse or mislead the public rather than enlighten it. In the course of a successful negotiation for the acquisition of another corporation, for example, the only information known to each party at the outset may be the willingness of the other to hold discussions. Shortly after that, it may become apparent to the parties that it is likely an agreement can be reached. Finally, an agreement in principle may be reached on specific terms. In such circumstances a listed issuer need not issue a public announcement at each stage of the negotiations, describing the current state of constantly changing facts but may await agreement in principle on specific terms. If, on the other hand, progress in the negotiations should stabilise at some other point, disclosure should then be made if the information is material; or
 - (c) where company or securities laws may restrict the extent of permissible disclosure before or during a public offering of securities or a solicitation of proxies.

9.06 Maintaining confidentiality

- (1) Whenever material information is being temporarily withheld, a listed issuer must ensure that the strictest confidentiality is maintained.
- (2) The listed issuer should limit the number of people with access to the material information and ensure the security of all confidential documents.
- (3) Notwithstanding paragraph 9.05 above, in the event that material information is or is believed to have been inadvertently disclosed to third parties or where the material information has become generally available through the media or otherwise, the listed issuer must immediately announce the information to the Exchange.

9.07 Monitoring of market activity and making of announcements

During a period where information is withheld, the market activity of the listed issuer's securities must be closely monitored. The listed issuer must immediately announce the information withheld to the Exchange, in the following circumstances:

- (a) unusual market activity in the listed issuer's securities which signifies that a "leak" of the information may have occurred;
- (b) rumours or reports concerning the information have appeared; or
- (c) where the listed issuer learns that there are signs that insider trading may be taking place.

PART D – THOROUGH PUBLIC DISSEMINATION**9.08 Thorough public dissemination**

- (1) A listed issuer must release material information to the public in a manner designed to obtain its fullest possible public dissemination.
- (2) A listed issuer must ensure that no disclosure of material information is made on an individual or selective basis to analysts, shareholders, journalists or other persons unless such information has previously been fully disclosed and disseminated to the public. In the event that material information is inadvertently disclosed on the occasion of any meetings with analysts, shareholders, journalists or others, it must be publicly disseminated as promptly as possible.
- (3) There may be limited circumstances where selective disclosure of material information is necessary, for example where the listed issuer is undertaking a corporate exercise or to facilitate a due diligence exercise. In such circumstances, the listed issuer must ensure that the disclosure is restricted to only relevant persons and the strictest confidentiality is maintained.
- (4) Disclosures of material information can often be made after the market closes. If the disclosure is made immediately before or during trading hours, the Exchange may impose a temporary halt or suspension in trading of the listed issuer's securities. Such a temporary halt or suspension provides an opportunity for the dissemination and evaluation of the information released.
- (5) Any public disclosure of material information must be made by an announcement first to the Exchange or simultaneously to the Exchange, the press and newswire services. For the avoidance of doubt, a listed issuer must not release any material information to the media even on an embargoed basis until it has given the information to the Exchange.

PART E – CLARIFICATION, CONFIRMATION OR DENIAL OF RUMOURS OR REPORTS**9.09 Clarification, confirmation or denial of rumours or reports**

- (1) Whenever a listed issuer becomes aware of any rumour or report, true or false, that contains material information, the listed issuer must make due enquiry and immediately publicly clarify, confirm or deny the rumour or report.
- (2) For the purpose of subparagraph (1) above, the listed issuer must publicly clarify any rumour or report which is in any form whatsoever and howsoever including that by word-of-mouth and not limited to an article or otherwise, published in a newspaper, newswire, magazine, a broker's market report or any other publication.

9.10 Response to rumour or report

- (1) In the case of a rumour or report containing erroneous material information which has been circulated, the listed issuer must immediately announce to the Exchange a denial or clarification of the rumour or report and provide facts sufficient to support the denial or to clarify any misleading aspects of the rumour or report. A reasonable effort must be made to bring the announcement to the attention of the particular group that initially distributed it. In the case of an erroneous newspaper article, for example, this should be done by sending a copy of the announcement to the newspaper's financial editor, or in the case of an erroneous broker's market report, by sending a copy to the broker responsible for the report.
- (2) In the case of a rumour or report containing material information that is correct, an announcement setting forth the facts must be prepared for public release, which must include but not be limited to, an indication of the state of negotiations or of corporate plans in the rumoured area. Such announcements are essential even if the matter has yet to be presented to the listed issuer's board of directors for consideration.
- (3) In the case of a rumour or report predicting future sales, earnings or other quantitative data, no response from the listed issuer is ordinarily required. However, if such a report is manifestly based on or contains erroneous information, or is wrongly attributed to the listed issuer, the listed issuer must respond promptly to the supposedly factual elements of the rumour or report as required under paragraph 9.09 and this paragraph 9.10. In addition, the listed issuer must include in the announcement a statement to the effect that the listed issuer itself has made no such prediction and currently knows of no facts that would justify making such a prediction.

PART F – RESPONSE TO UNUSUAL MARKET ACTIVITY**9.11 Unusual market activity**

- (1) Where unusual price movement, trading activity, or both ("**unusual market activity**") occurs, the listed issuer must immediately undertake a due enquiry to seek the cause of the unusual market activity in its securities. The listed issuer must consider in particular whether there is any information concerning the listed issuer which would account for the unusual market activity that -
 - (a) has recently been publicly disclosed;
 - (b) has not been publicly disclosed (in which case the unusual market activity may signify that a "leak" has occurred); or
 - (c) is the subject matter of a rumour or report.

-
- (2) If the listed issuer determines that the unusual market activity results from material information that has already been publicly disclosed pursuant to these Requirements, generally no further announcement is required, although, if the unusual market activity indicates that such information may have been misinterpreted, the listed issuer must issue a clarifying announcement to the Exchange.
 - (3) If the unusual market activity results from a “leak” of previously undisclosed information, the information in question must be publicly disclosed by the listed issuer in accordance with these Requirements.
 - (4) If the unusual market activity results from a rumour or report, the listed issuer must comply with paragraphs 9.09 and 9.10 above.
 - (5) Finally, if the listed issuer is unable to determine the cause of the unusual market activity, the listed issuer must announce that there have been no undisclosed developments which would account for the unusual market activity.

PART G – UNWARRANTED PROMOTIONAL DISCLOSURE ACTIVITY

9.12 Promotional disclosure activity

- (1) A listed issuer must refrain from promotional disclosure activity in any form whatsoever or howsoever which may mislead investors or cause unwarranted price movement and activity in a listed issuer’s securities.
- (2) Such activity includes news releases, public announcements, predictions, reports or advertisements which are -
 - (a) not justified by actual developments concerning a listed issuer;
 - (b) exaggerated;
 - (c) flamboyant;
 - (d) overstated; or
 - (e) over-zealous.

9.13 Hallmarks of promotional disclosure activity

Although the distinction between legitimate public relations activities and such promotional disclosure activity is one that must necessarily be drawn from the facts of a particular case, the following are frequent hallmarks of promotional activity:

- (a) a series of public announcements unrelated in volume or frequency to the materiality of actual developments concerning a listed issuer;
- (b) announcement of products still in the development stage with unproven commercial prospects;
- (c) promotions and expense-paid trips, or the seeking out of meetings or interviews with analysts and financial writers, which could have the effect of unduly influencing the market activity in the listed issuer’s securities and are not justified in frequency or scope by the need to disseminate information about actual developments concerning the listed issuer;

-
- (d) press releases or other public announcements of a one-sided or unbalanced nature; and
 - (e) listed issuer's or product advertisements which in effect promote the listed issuer's securities.

PART H – INSIDER TRADING

9.14 Prohibitions under the law

- (1) All listed issuers and parties who may be regarded as insiders must be fully aware of the provisions of the CMSA and the Companies Act 1965.
- (2) For the purpose of this Part, “**insider**” has the meaning given under section 188 of the CMSA.

9.15 Prohibition from trading

Insiders must not trade on the basis of material information which is not known to the investing public.

PART I – PREPARATION OF ANNOUNCEMENTS

9.16 Content of press or other public announcement

- (1) The content of a press or other public announcement is as important as its timing. A listed issuer must ensure that each announcement -
 - (a) is factual, clear, unambiguous, accurate, succinct and contains sufficient information to enable investors to make informed investment decisions;
 - (b) is not false, misleading or deceptive, and does not contain any language which is inflammatory, defamatory or scandalous of another person;
 - (c) is balanced and fair. Thus, the announcement must avoid amongst others -
 - (i) the omission of material facts;
 - (ii) the omission of material unfavourable facts, or the slighting of such facts (e.g. by “burying” them at the end of a press release);
 - (iii) the presentation of favourable possibilities as certain, or as more probable than is actually the case;
 - (iv) the representation with respect to any future performance, occurrence or matter (including the doing of, or the refusing to do, any act) without adequate justification (supported by proper bases and assumptions) or any reasonable grounds for making such representation;
 - (v) the presentation of financial estimate, forecast or projection without reasonable bases and assumptions. If any financial estimate, forecast or projection is released, it must be prepared in compliance with Chapters 12 and 13 in Part I, Division 1 of the SC's Prospectus Guidelines in relation to future financial information. In addition, the underlying accounting policies and assumptions of the financial estimate, forecast or projection must be reviewed by the external auditors or reporting accountants, as the case may be, in accordance with Chapters 12 and 13 in Part I, Division 1 of the SC's Prospectus Guidelines in relation to future financial information, except where the financial estimate, forecast or projection is required to be released on an immediate basis in response to a media report;

- (vi) negative statements phrased so as to create a positive implication, e.g. “The company cannot now predict whether the development will have a materially favourable effect on its earnings” (creating the implication that the effect will be favourable even if not materially favourable), or “The company expects that the developments will not have a materially favourable effect on earnings in the immediate future” (creating the implication that the development will eventually have a materially favourable effect); or
 - (vii) the use of promotional jargon calculated to induce investment or create interest in the securities of the listed issuer rather than to inform;
 - (d) avoids over-technical language, and is expressed to the extent possible in language comprehensible to the layman;
 - (e) explains, if the consequences or effects of the information on the listed issuer’s future prospects cannot be assessed, why this is so; and
 - (f) explains, in relation to an announcement on internal targets, that the information disclosed is merely internal management targets or aspirations set to be achieved by the listed issuer and not a financial estimate, forecast or projection.
- (2) Where an adviser is appointed by the listed issuer for submission of the announcement to the Exchange, such adviser must also comply with subparagraph (1) above.
- (3) A listed issuer or its adviser does not commit a breach of subparagraphs (1) or (2) above, as the case may be, if such person proves that -
- (a) he had made all enquiries as were reasonable in the circumstances; and
 - (b) after making such enquiries, he had reasonable grounds to believe and did believe until the submission of the announcement that the announcement did fulfil the requirements of subparagraph (1) above.
- (4) Where any announcement referred to in subparagraph (1) above has been submitted to the Exchange and the person referred to in subparagraphs (1) or (2) above subsequently becomes aware that the announcement may not fulfil the requirements of subparagraph (1) above, the person must immediately notify the Exchange of the same.

[Cross reference: Practice Note 3]

9.17 Preparation of press or public announcement

A listed issuer must comply with the following requirements in respect of its obligation to make disclosure of information under these Requirements:

- (a) since skill and experience are important to the preparation and editing of press or public announcements, the Exchange requires that the listed issuer identify an individual or limited group of individuals within the listed issuer who are familiar with the requirements of the Exchange, as well as any applicable requirements of the securities laws to undertake the responsibility for disclosure on a continuing basis. As a press or public announcement must usually be prepared and released as quickly as possible, the individual or group charged with this assignment must be able to handle problems that arise suddenly and unexpectedly; and
- (b) every announcement must be reviewed by a company official familiar with the matters about which disclosure is to be made.

9.18 Summary of salient points

- (1) All lengthy announcements to the Exchange should preferably be prefaced by a summary of salient points.
- (2) Where a summary is provided, the listed issuer must ensure that -
 - (a) the summary is in a form suitable for immediate dissemination by the Exchange; and
 - (b) the summary is clear and is an accurate reflection of the announcement.

1.0 Introduction

- 1.1 Suspension in the trading of securities (“**suspension**”) may be effected under any of the circumstances set out in paragraphs 16.02 and 16.03 of the Listing Requirements.
- 1.2 Suspensions may be effected at the request of the listed issuer or imposed by the Exchange independently of any such request subject to the relevant requirements set out in this Practice Note.
- 1.3 This Practice Note clarifies the operational procedures in respect of a request for suspension made by listed issuers.

2.0 Form and information for a request for suspension

- 2.1 Any request for suspension must be made in writing and in the form of Annexure PN2-A. In the addition, a listed issuer must provide to the Exchange any other information as may be requested by the Exchange.
- 2.2 The request for suspension must be signed by a member of the listed issuer’s senior management such as the company secretary, managing director or chief executive who is duly empowered to do so by the board of directors of the listed issuer.
- 2.3 The Exchange will only consider a request for suspension where the information requested pursuant to paragraph 2.1 has been fully and completely provided.

3.0 Situations which may warrant suspension

- 3.1 The Exchange may approve a listed issuer’s request for suspension where -
- (a) the listed issuer requires time to prepare and release an announcement relating to a material transaction, such as -
- (i) a very substantial transaction as defined in Chapter 10 of the Listing Requirements;
- (ii) a significant change in the business direction or policy of a listed corporation;
or

- (a) an interim financial report;
 - (b) a bonus issue or fund raising exercise;
 - (c) a transaction as defined under paragraph 10.02(l) of the Listing Requirements, where the percentage ratio calculated in accordance with Chapter 10 of the Listing Requirements is 25% or more;
 - (d) a notice of take-over being served on a listed issuer which the public has no prior knowledge of; or
 - (e) any other corporate exercise.
- 3.3 A listed issuer should not request for a suspension if it relates to a corporate exercise where the facts are still in a state of flux and no disclosure can yet be made.
- 4.0 Suspension period and announcement timeframe**
- 4.1 If the Exchange grants a suspension for any of the reasons stated in paragraph 3.1, the period of suspension that may be approved by the Exchange is -
- (a) up to 3 market days only where the reason for suspension falls within the ambit of paragraph 3.1(a);
 - (b) up to 1 market day only where the reason for suspension falls within the ambit of paragraph 3.1(b); and
 - (c) such other period as deemed appropriate by the Exchange where the reason for suspension falls within the ambit of paragraph 3.1(c) .
- 4.2 For the purposes of computation of the period of suspension -
- (a) if a suspension is effected at 9.00 a.m., the day the suspension is effected will be counted as 1 market day; or
 - (b) if a suspension is effected after 9.00 a.m., the day suspension is effected will not be counted as 1 market day of suspension.

5.0 Announcements

- 6.2 Where the Exchange decides to allow a suspension, such suspension will be imposed immediately upon the decision being made, even if it may be before the date or time suspension is requested to commence.
- 6.3 If the Exchange considers that the reasons given in support of a request for suspension do not warrant a suspension -
- (a) the Exchange will inform the listed issuer; and
 - (b) the Exchange may at its discretion, require a listed issuer to announce sufficient information to enable an investor to make an informed decision, as soon as practicable or within a time prescribed by the Exchange, which in any event will not be longer than 1 market day from notification.

CLASSIFICATION OF APPLICANTS OR LISTED ISSUERS

Details		Cross References
Effective date:	1 June 2001	Paragraph 8.11
Revision date:	3 August 2009	

1.0 Introduction

- 1.1 The Exchange classifies all applicants seeking admission on the Official List of the Exchange as well as listed issuers into homogeneous group (“**Sectors**”) of a similar industry based on the applicants’ or listed issuers’ core business.
- 1.2 Pursuant to Bursa Malaysia Securities Berhad Main Market Listing Requirements (“**Listing Requirements**”), an applicant is required to propose its classification into any one of the Sectors (“**Classification**”) and a listed issuer is also required to make a proposal to the Exchange whenever a change to its Classification becomes necessary.
- 1.3 The Classification proposed by an applicant or a listed issuer is subject to the approval of the Exchange. The Exchange reserves the right to classify an applicant or listed issuer into a sector which in the opinion of the Exchange is more appropriate for the applicant or listed issuer.
- 1.4 This Practice Note sets out the following:
- (a) the Sectors that are prescribed by the Exchange;
 - (b) the criteria in determining and proposing the Classification; and
 - (c) the manner in which an applicant or listed issuer is to inform or notify the Exchange of its proposed Classification or proposal for change in Classification, as the case may be.

2.0 Definition

- 2.1 For the purpose of this Practice Note, unless the context otherwise requires, “**core business**” means the business which provides the principal source of operating revenue or after-tax profits to an applicant or listed issuer and which comprises the principal activities of the applicant or listed issuer, and its subsidiary companies.

Practice Note 7
Classification of Applicants or Listed Issuers

3.0 Sectors prescribed by the Exchange

- 3.1 The Exchange will prescribe the Sectors for all listed issuers from time to time. The list of Sectors can be obtained from the Exchange's official website.
- 3.2 The Exchange reserves the right to vary the list of Sectors or the criteria when determining the Classification of a listed issuer and in that event, a listed issuer would be notified of its new Classification accordingly.

4.0 Classification of listed issuers

- 4.1 An applicant or a listed issuer must, when filing an application for listing to the Exchange, furnish the Exchange a proposal of its Classification by completing and submitting to the Exchange the Classification/Re-Classification Form (which is available on the Exchange's official website), together with supporting documents.
- 4.2 In determining the Classification of the applicant or listed issuer into any one of the Sectors, an applicant or a listed issuer must examine the amount of contribution made by its various business activities for the past 2 years. A listed issuer will be classified into the Sector which most closely fits its source of revenue or if there are several sources of revenue, the business which consistently generates the highest revenue of the listed issuer. The Classification will also be determined based on either the immediate end use of the product or the industry processes used.
- 4.3 Segmental reporting normally discloses revenue before tax, minority interests, extraordinary items and interest earned or incurred. Unless there is audited evidence that any of these items is specifically attributable to a class of business for which the revenue is disclosed, it will be disregarded in assessing the sources of revenue. Where any part of the listed issuer's business is to earn interest or incur interest, or interest expenses are central to its business, then such interest must be taken into account in determining the listed issuer's business.
- 4.4 The Exchange will seek to maintain stability in the Classification and will disregard what the Exchange considers to be temporary fluctuations in the fortunes of individual businesses.

5.0 Exchange's power to require additional information or instruct change in Classification

- 5.1 The Exchange may, at its discretion, require an applicant or a listed issuer to provide additional information to the Exchange.
- 5.2 The Exchange may, where the circumstances warrant the same but without assigning any reasons, classify an applicant or change the Classification of a listed issuer into a Sector which, in the opinion of the Exchange, is more appropriate for the applicant or listed issuer.

6.0 Changes to listed issuer's classification

- 6.1 Where there is a significant change in the business direction or policy in a listed issuer, the listed issuer must, upon completion of the relevant corporate exercise, immediately notify the Exchange of the proposal for change in its Classification by

completing and submitting to the Exchange the Classification/Re-Classification Form (which is available on the Exchange's official website), together with supporting documents.

- 6.2 Where the Classification does not accurately reflect its current core business, the listed issuer must submit to the Exchange a proposal for a change by completing and submitting to the Exchange the Classification/Re-Classification Form (which is available on the Exchange's official website), together with supporting documents.
- 6.3 A listed issuer's Classification may also be reviewed by the Exchange either at its discretion, at the request of the listed issuer as per paragraphs 6.1 and 6.2 above, or of the advisers acting on its behalf.

RISK MANAGEMENT AND INTERNAL CONTROL, AND CORPORATE GOVERNANCE
STATEMENT

Details		Cross References
Effective date:	1 June 2001	Paragraphs 15.25 and 15.26
Revision date:	3 August 2009, 29 November 2012, 3 May 2016	

1.0 Introduction

1.1 Paragraph 15.25 of the Listing Requirements provides that a listed issuer must include in its annual report, a narrative statement of its corporate governance practices (“**Corporate Governance Statement**”) with reference to the Malaysian Code on Corporate Governance 2012 (“**Code**”). In making the Corporate Governance Statement, the listed issuer must include the following information:

- (a) how the listed issuer has applied the Principles set out in the Code (“**Principles**”) to its particular circumstances, having regard to the Recommendations stated under each Principle (“**Recommendations**”); and
- (b) any Recommendation which the listed issuer has not followed, together with the reasons for not following it and the alternatives adopted by the listed issuer, if any.

1.2 Paragraph 15.26(b) of the Listing Requirements requires a listed issuer to ensure that its board of directors makes a statement in its annual report about the state of risk management and internal control of the listed issuer as a group (“**Risk Management and Internal Control Statement**”).

1.3 This Practice Note clarifies the obligation of the listed issuers in making the Corporate Governance Statement and the Risk Management and Internal Control Statement.

1.4 [Deleted].

2.0 Location of the Corporate Governance Statement and the Risk Management and Internal Control Statement in the annual report

2.1 A listed issuer may combine both the Corporate Governance Statement and the Risk Management and Internal Control Statement (both statements are collectively referred to as “**said Statements**”).

Practice Note 9
Risk Management and Internal Control, and Corporate Governance Statement

- 2.2 A listed issuer must set out the said Statements prominently and clearly in its annual report. The said Statements must not be incorporated into its Chairman's statement in the annual report as referred to in paragraph 7, Part A of Appendix 9C of the Listing Requirements.

3.0 Contents of the Corporate Governance Statement

General

- 3.1 A listed issuer must be mindful that the purpose of the Corporate Governance Statement is to give shareholders a meaningful description or discussion of its corporate governance practices, rather than just complying with provisions of the Listing Requirements. Therefore, a listed issuer must ensure that the Corporate Governance Statement contains adequate information to enable an informed assessment by shareholders of its corporate governance practices.
- 3.2 In disclosing the application of each Principle, a listed issuer must ensure that it has regard to the Recommendations stated under the Principle. If the listed issuer has not followed any of the Recommendations, it must deal with them individually, give reasons for not following them and state the alternatives adopted, if any.
- 3.2A In explaining the reasons for not following any of the Recommendations, a listed issuer must not use compliance with the requirements under the Listing Requirements as a reason justifying the departure from the Recommendations (in areas where both the Listing Requirements and the Code govern the same subject matter). The listed issuer must still explain the reasons for not following the Recommendations, and state the alternatives adopted, if any.
- 3.3 In assessing whether a Recommendation is followed, a listed issuer must have regard to the commentaries set out in the Code which provide guidance to the listed issuer in implementing the Recommendation ("**Commentaries**").
- 3.4 A listed issuer must also ensure that the Corporate Governance Statement covers its corporate governance practices for the whole financial year. If a practice had been in place for only part of the financial year, the listed issuer must state so and the period during which it had been in place.
- 3.5 If a listed issuer has not followed any Recommendation for a certain part of the financial year, but -
- (a) intends to take steps or has taken steps to follow such Recommendation; or
 - (b) intends to establish or has established an alternative approach,
- such listed issuer should make a statement to that effect.
- 3.6 [Deleted].

Additional considerations

- 3.7 In making the Corporate Governance Statement, a listed issuer must also consider the following:
- (a) Treat the Corporate Governance Statement as a tool to communicate effectively with shareholders and the investing public, and describe the actual governance practices in a coherent and concise manner, whilst ensuring adherence to the spirit of the Code.

Practice Note 9

Risk Management and Internal Control, and Corporate Governance Statement

Note: Ask the following questions:

- (i) *Is the listed issuer addressing the right issues?*
 - (ii) *Is the listed issuer reporting the issues clearly?*
 - (iii) *Is the listed issuer linking the issues coherently?*
 - (iv) *Is there any information that has been missed out?*
- (b) Ensure that key messages on governance are clearly set out and avoid compliance box-ticking or boilerplate statements. The listed issuer must avoid taking a mechanical or legalistic approach in making the Corporate Governance Statement. For example, the listed issuer should not merely -
- (i) list down those Principles which have been applied or Recommendations which have been followed; or
 - (ii) state the process and procedures without further elaboration on how such processes and procedures have been applied during the financial year.
- (c) Report how the Principles have been applied, based on the listed issuer's actual corporate governance practices having regard to its particular circumstances and business. The listed issuer must avoid -
- (i) reporting in form over substance; or
 - (ii) vague or general statements without any real connection to the listed issuer's situation.
- (d) Provide a balanced report by describing key issues and incidences of failure, and explaining how the issues were managed, actions that were taken to remedy the failures and lessons learnt.
- (e) Ensure that the information is easy to understand. This can be achieved by using simple, plain everyday language and avoiding legalistic or technical terms.
- (f) Use the listed issuer's website to add depth to the governance reporting and keep shareholders updated throughout the year. Avoid cluttering the Corporate Governance Statement with static information such as policies, charters and codes that have not changed, or long convoluted write-ups, so that the key information and messages are not lost in the volume of data presented. Where possible, publish such static information on the listed issuer's website.

4.0 Contents of the Risk Management and Internal Control Statement

4.1 In making the Risk Management and Internal Control Statement a listed issuer is required to address the Principle, Recommendation and Commentary in the Code which relate to internal control, namely the following:

- (a) Principle 6 of the Code on recognizing and managing risks which reads as follows:

"The board should establish a sound risk management framework and internal control system."

Practice Note 9

Risk Management and Internal Control, and Corporate Governance Statement

- (b) Recommendation 6.1 read together with the Commentary of the Code which states as follows:

“The board should establish a sound framework to manage risks.

Commentary:

- *The board should determine the company’s level of risk tolerance and actively identify, assess and monitor key business risks to safeguard shareholders’ investments and the company’s assets.*

PRACTICE NOTE 11**PROVISION OF FINANCIAL ASSISTANCE**

Details		Cross References
Effective date:	1 July 2001	Paragraph 8.23
Revision date:	3 August 2009, 27 January 2015, 13 July 2015	

1.0 Introduction

1.1 Paragraph 8.23 of the Listing Requirements provides that a listed issuer or its subsidiaries not listed on any stock exchange may lend or advance any money or guarantee, indemnify or provide collateral for a debt ("**provision of financial assistance**") to categories of persons set out in paragraph 8.23(1)(i) to (iii). One of the categories of persons is the following:

- "(ii) persons to whom the provision of financial assistance -
- (aa) is necessary to facilitate the ordinary course of business of the listed issuer or its subsidiaries; or
 - (bb) pursuant to the ordinary course of business of the listed issuer or its subsidiaries;

such as the provision of advances to its sub-contractors or advances made to clients in the ordinary course of its moneylending business;"

1.2 This Practice Note sets out the following:

- (a) clarification of certain requirements under paragraph 8.23 of the Listing Requirements ("**Requirements**"); and
- (b) the disclosure obligations of a listed issuer in providing financial assistance pursuant to paragraph 8.23 (1)(ii) of the Listing Requirements.

1.3 This Practice Note must be read in conjunction with paragraph 8.23 of the Listing Requirements.

2.0 Clarification on Requirements

2.1 The following clarifications apply for the purpose of paragraph 8.23(1)(ii) of the Listing Requirements:

2.1.1 Ordinary course of business

A transaction in the "ordinary course of business" means a transaction which would reasonably be expected to be carried out by the listed issuer and its subsidiaries given the particular business the listed issuer and its subsidiaries are involved in. The fact that the transaction is envisaged in the memorandum of association of the listed issuer and its subsidiaries is not a conclusive factor of determination.

As an example, in respect of a listed issuer involved in manufacturing activities ("**Manufacturing Company**"), the following transactions, which are by no means exhaustive, are considered to be in the ordinary course of business of the Manufacturing Company:

- (a) the purchase of materials and supplies for its manufacturing activities;
- (b) the sale of products either directly or through appointed distributors;
- (c) the purchase and/or lease of machines, equipment, vehicles and spares for its operations and office supplies;
- (d) the treatment and disposal of waste from its plants; and
- (e) the construction of plant and/or other infrastructure facilities for its operations.

2.1.2 Necessary to facilitate

In determining what constitutes "necessary to facilitate the ordinary course of business", the listed issuer must take into account whether the provision of financial assistance is essential to the listed issuer or its subsidiaries entering into, proceeding with and/or completing a transaction to the extent that if such financial assistance were not rendered, it would result in the listed issuer or its subsidiaries being unable to enter into, proceed with and/or complete such transaction.

Examples of what is necessary to facilitate the ordinary course of business, which are by no means exhaustive, are as follows:

- (a) provision of corporate guarantee or performance bond to a third party in favour of a main contractor in order for a listed issuer to secure work as a sub-contractor; and
- (b) provision of advances or collateral to or in favour of sub-contractors of the listed issuers to enable them to commence and/or complete the work for the listed issuer.

2.2 Subscription to or acquisition of debt securities and/or redeemable preference shares which are regulated by any written law and are subject to supervision by the SC, Bank Negara Malaysia or an equivalent foreign regulatory authority as the Exchange deems appropriate, by a listed issuer or its subsidiaries not listed on any stock exchange, are not considered as provision of financial assistance within paragraph 8.23 of the Listing Requirements. However, where such subscription or acquisition is a related party transaction, the listed issuer must comply with paragraph 10.08 of the Listing Requirements.

3.0 Disclosure obligations

- 3.1 A listed issuer must announce the financial assistance rendered or made by the said listed issuer or its subsidiaries not listed on any stock exchange pursuant to paragraph 8.23(1)(ii) of the Listing Requirements for each quarter of its financial year, if any, simultaneously with its quarterly report pursuant to paragraph 9.22 of the Listing Requirements and in any event not later than 2 months after the end of each quarter of a financial year. The listed issuer must include in its announcement the information set out in Annexure PN11-A.
- 3.2 Paragraph 3.1 above does not apply to provision of financial assistance in respect of the business of share financing, share margin financing or hire purchase carried out by a listed issuer or its subsidiaries not listed on any stock exchange in the ordinary course of business, or such other similar business that may be determined by the Exchange.
- 3.3 Where a listed issuer and/or its subsidiary lends or advances money in the ordinary course of its business as a moneylender pursuant to paragraph 8.23(1)(ii) of the Listing Requirements, the listed issuer must include in its announcement referred to in paragraph 3.1 above the information prescribed under Appendix 8D of the Listing Requirements.

	3 August 2009, 22
	September 2011, 3

	January 2015

1.0 Introduction

- 1.1 Paragraph 10.08 of the Listing Requirements stipulates the obligations that a listed issuer must comply with in relation to a related party transaction.
- 1.2 Paragraph 10.08 must be read together with paragraph 10.09 of the Listing Requirements which is in relation to a Recurrent Related Party Transaction.
- 1.3 This Practice Note sets out the following:
- (a) clarification of the disclosure obligations in relation to Recurrent Related Party Transactions;
 - (b) clarification of the application of paragraphs 10.08 and 10.09 to Recurrent Related Party Transactions ("**Requirements**"); and
 - (c) the information required for the circular and announcement referred to under paragraphs 10.09(2)(c) and (e).
- 1.4 This Practice Note must be read in conjunction with the Listing Requirements.
- 1.5 For the purpose of this Practice Note, a "**listed issuer**" includes the listed issuer's subsidiaries.

2.0 Application of paragraphs 10.08 and 10.09 to Recurrent Related Party Transactions

- 2.1 In addition to the obligation to immediately announce a related party transaction, paragraph 10.08(2) states that where any one of the percentage ratios of a related party transaction is 5% or more, a listed issuer must issue a circular to its shareholders, obtain specific shareholder approval of the transaction and appoint an independent adviser.
- 2.2 Further, paragraph 10.08(4) states that where any one of the percentage ratios is 25% or more, in addition to the foregoing, a listed issuer must also appoint a main adviser.

Practice Note 12
Recurrent Related Party Transactions

- 2.3 However, pursuant to paragraph 10.09, a listed issuer is allowed to obtain a mandate from its shareholders in respect of Recurrent Related Party Transactions (“**Mandate**”).
- 2.4 Where a listed issuer has obtained a Mandate in respect of any Recurrent Related Party Transactions, the requirements of paragraph 10.08 will not apply to the Recurrent Related Party Transaction which are comprised in the Mandate. This means, during the period of validity of the Mandate, the disclosure obligation as set out in paragraph 10.09(1) of the Listing Requirements, as well as the obligation to procure shareholder approval as set out under paragraph 10.08 will not apply to the Recurrent Related Party Transactions which are comprised in the Mandate.
- 2.5 However, pursuant to paragraph 10.09(2)(e) of the Listing Requirements, a listed issuer is required to immediately announce to the Exchange when the actual value of a Recurrent Related Party Transactions entered into by the listed issuer, exceeds the estimated value of the Recurrent Related Party Transaction disclosed in the circular by 10% or more.

3.0 Clarification on the Requirements

- 3.1 A listed issuer that wishes to obtain a Mandate must comply with all the requirements set out in paragraph 10.09 of the Listing Requirements. This paragraph sets out the clarification in relation to the following requirements stipulated under paragraph 10.09(2):

3.1.1 Recurrent Related Party Transactions

In this respect, the frequency or regularity of the transaction has to be considered. A transaction which has been made or will be made by the listed issuer at least once in 3 years in the course of its business will be considered recurrent.

3.1.2 Revenue nature necessary for day-to-day operations

In this respect, a related party transaction of a revenue nature which is necessary for day-to-day operations must either contribute directly or indirectly to the generation of revenue for the listed issuer. As an example, in the case of a plantations company, the following transactions, which are by no means exhaustive, are considered to be of a revenue nature:

- (a) the purchase and sale of seeds, fertilizers and machines in relation to its plantation business;
- (b) the appointment of sub-contractors to clear its land;
- (c) the appointment of third parties to sell its products;
- (d) the purchase of insurance policies for its properties, assets and employees;
- (e) the purchase of office supplies; and
- (f) the provision of transportation, storage and other infrastructure facilities.

Practice Note 12
Recurrent Related Party Transactions

3.1.3 In the ordinary course of business

A related party transaction is in the ordinary course of business, if it is a transaction which would reasonably be expected to be carried out by the listed issuer given the type of business the listed issuer is involved in. The fact that the transaction is envisaged in the memorandum of association of the listed issuer will not be a conclusive factor of determination. As an example, in respect of a listed issuer involved in manufacturing activities, the following transactions, which are by no means exhaustive, are considered to be in the ordinary course of business of the listed issuer:

- (a) the purchase of raw materials and supplies for its business;
- (b) the sale of finished products either directly or through appointed distributors;
- (c) the construction of plant and/or other infrastructure facilities for its business;
- (d) the purchase and/or lease of machines, equipment, vehicles and spares for the operations of its factories;
- (e) the purchase of general insurance for its factories and employees;
- (f) the waste treatment and disposal of waste; and
- (g) the requisition of management and support services for its manufacturing business.

3.1.4 Annual renewal

The Mandate is subject to annual renewal. In this respect, any authority conferred by a Mandate will only continue to be in force until -

- (a) the conclusion of the first annual general meeting of the listed issuer following the general meeting at which such Mandate was passed, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
- (b) the expiration of the period within which the next annual general meeting after that date is required to be held pursuant to section 143(1) of the Companies Act, 1965 ("CA") (but must not extend to such extension as may be allowed pursuant to section 143(2) of CA); or
- (c) revoked or varied by resolution passed by the shareholders in general meeting,

whichever is the earlier.

3.1.5 Annual report

In making the disclosure of the aggregate value of Recurrent Related Party Transactions conducted pursuant to the Mandate in a listed issuer's annual report, a listed issuer must provide a breakdown of the aggregate value of the Recurrent Related Party Transactions made during the financial year, amongst others, based on the following information:

- (a) the type of the Recurrent Related Party Transactions made; and

- (b) the acquisition or disposal of vessels, air crafts and plants;
- (c) the entry into a lease of -
 - (i) a property for a period exceeding 3 years; or

- (g) the grant or exercise of an option in relation to matters set out in subparagraph (a), (b), (c) and (e) above; and
- (h) such other transactions as may be determined by the Exchange from time to time.

3.3 Notwithstanding paragraph 3.2 above -

- (a) a listed issuer classified under the Exchange's property sector may procure a Mandate for acquisition or disposal of land or land-based property provided that the transaction is a Recurrent Related Party Transaction and any one of the percentage ratios is not more than 10%; and
- (b) a listed issuer under paragraph 9.20(2)(a), (b) and (c) of the Listing Requirements may procure a Mandate for acquisition or disposal of securities which is a Recurrent Related Party Transaction.

3.4 Notwithstanding paragraph 3.2(d) above and subject to paragraph 10.09 of the Listing Requirements and the other provisions of this Practice Note, a listed issuer may obtain a Mandate in respect of the following Recurrent Related Party Transactions:

- (a) the pooling of funds within the listed issuer's group of companies via a centralised treasury management function or such similar arrangements which entails the provision of financial assistance by the listed issuer, its subsidiaries not listed on any stock exchange, or both, on a short or medium term basis provided that -

If the percentage ratio of the amount of financial assistance provided or rendered in excess of the Estimate is 5% or more, the listed issuer must comply with paragraph 10.08 of the Listing Requirements.

For purposes of this paragraph -

PRACTICE NOTE 14

PRINCIPLE OF AGGREGATION FOR TRANSACTIONS

Details		Cross References
Effective date:	1 January 2003	Paragraph 10.12
Revision date:	3 August 2009	

1.0 Introduction

- 1.1 Pursuant to paragraph 10.12 of the Listing Requirements, the Exchange may aggregate separate transactions and treat such transactions as if they were one transaction in certain circumstances ("**Rule of Aggregation**").
- 1.2 This Practice Note sets out the considerations which the Exchange takes into account when applying the Rule of Aggregation.

2.0 Principles of aggregation

- 2.1 The Exchange generally considers the following principles in applying the Rule of Aggregation:
- (a) a transaction will be aggregated with an earlier transaction for the purpose of determining the obligations applicable in respect of the latest transaction except in the following circumstances:
- (i) a transaction that has been announced earlier pursuant to Chapter 10 of the Listing Requirements, will not be aggregated with the latest transaction when determining whether an announcement is required; and
- (ii) a transaction which has been approved by shareholders or which was the subject of aggregation with a transaction which has been approved by shareholders pursuant to Chapter 10 of the Listing Requirements, will not be aggregated with the latest transaction when determining whether any obligations are applicable; and
- (b) if the aggregation of transactions results in a requirement for shareholder approval under Chapter 10 of the Listing Requirements, then that approval is required only for the latest transaction. The earlier transaction(s) would only require disclosure in the circular which must include the information prescribed under the Listing Requirements.

Illustration 1:**Facts:**

Listed issuer, Z Bhd started to conduct business with a non-related party, Mr B in 2002. The transactions entered into between Z Bhd and Mr B during the year are as follows:

Transactions	Date of Transactions	Relevant Percentage Ratio
Transaction 1	January 2002	1%
Transaction 2	February 2002	4%
Transaction 3	Early March 2002	1%
Transaction 4	End March 2002	5%
Transaction 5	April 2002	6%
Transaction 6	November 2002	10%

Based on the above facts, the application of the principles set out in sub-paragraphs (a) and (b) above is as follows:

- (i) Transaction 2 will be aggregated with Transaction 1 to determine the obligations that are applicable. As the aggregate percentage ratio of Transactions 1 and 2 is 5%, Transaction 2 must be announced pursuant to paragraph 10.06 of the Listing Requirements. The announcement must include information on Transaction 1 which must include the information set out in Appendix 10A of the Listing Requirements;
- (ii) Transactions 1 and 2 will be aggregated with Transaction 3 to determine the obligations that are applicable. However for purposes of determining whether an announcement is required, Transactions 1 and 2 will be excluded from aggregation with Transaction 3 as they have already been announced. As the percentage ratio of Transaction 3 is only 1%, no announcement is required. As the aggregate percentage ratio for Transactions 1 to 3 is 6%, no other obligation is triggered;
- (iii) Transaction 4 will be aggregated with Transactions 1 to 3 to determine the obligations that are applicable. However for purposes of determining whether an announcement is required, Transactions 1 and 2 will be excluded from aggregation with Transaction 4 as they have already been announced. As the aggregate percentage ratio for Transactions 3 and 4 is 6%, an announcement is required. The announcement must include information on Transaction 3 which must include the information set out in Appendix 10A of the Listing Requirements. As the aggregate percentage ratio of Transactions 1 to 4 is 11%, no other obligation is triggered;
- (iv) Transaction 5 will be aggregated with Transactions 1 to 4 to determine the obligations that are applicable. However, for purposes of determining whether an announcement is required, Transactions 1 to 4 will be excluded from aggregation with Transaction 5 as they have all been announced. As the percentage ratio for Transaction 5 is 6%, Transaction 5 on its own requires an announcement; and

Practice Note 14
Principle of Aggregation for Transactions

- (v) Transaction 6 will be aggregated with Transactions 1 to 5 to determine the obligations that are applicable. However for purposes of determining whether an announcement is required, Transactions 1 to 5 will be excluded from aggregation with Transaction 6 as they have all been announced. As the percentage ratio for Transaction 6 is 10%, Transaction 6 on its own requires an announcement. As the aggregate percentage ratio for Transactions 1 to 6 is 27%, shareholder approval is required in respect of the latest transaction, i.e. Transaction 6. In this respect, information on Transactions 1, 2, 3, 4 and 5 must be included in the circular issued which must include the information set out in Appendix 10B of the Listing Requirements.

Illustration 2:**Facts:**

In addition to the facts set out in Illustration 1, Z Bhd entered into Transaction 7 with Mr B in December 2002. In this case, shareholder approval had been sought for Transaction 6 in November 2002.

Based on the above facts, and the application of the principles set out in sub-paragraph (a) above, Transactions 1 to 6 will be excluded from aggregation with Transaction 7 for purposes of determining whether any obligation is triggered as they have all been announced and shareholder approval has been sought for Transaction 6 based on aggregation with Transactions 1 to 5.

Illustration 3:**Facts:**

Listed issuer A Bhd entered into the following transactions with a related party, Mdm Y in 2002:

Transactions	Date of Transactions	Relevant Percentage Ratio
Transaction 1	February 2002	3%
Transaction 2	April 2002	2%

Based on the above and applying the principles set out in sub-paragraph (a) and (b), Transaction 2 will be aggregated with Transaction 1 thus requiring Transaction 2 to comply with paragraph 10.08(2) of the Listing Requirements. In this respect, information on Transaction 1 must be included in the circular issued which must include the information prescribed under Appendix 10B and Part A of Appendix 10D of the Listing Requirements.

Transactions	Date of Transactions	Relevant Percentage Ratio
Transaction 3	October 2002	3%

Practice Note 14
Principle of Aggregation for Transactions

In this case, the parties subsequently entered into Transaction 3 in October 2002. Transaction 3 will not be aggregated with Transactions 1 and 2 as shareholder approval for Transaction 2 has been obtained based on aggregation with Transaction 1. Transaction 3 on its own must be announced pursuant to paragraph 10.08(1) of the Listing Requirements.

PRACTICE NOTE NO 10/2001

LEVEL OF OPERATIONS

Issued in relation to paragraph 8.16 of the Listing Requirements;

And

Pursuant to paragraphs 2.08 and 2.19 of the Listing Requirements.

1.0 Introduction

- 1.1 A listed issuer must maintain a level of operations which, in the opinion of the Exchange, is adequate to warrant continued trading and/or listing on the Official List as set out under paragraph 8.16 of the Listing Requirements.
- 1.2 In this connection, this Practice Note enumerates the following in relation to a listed issuer:-
- (a) circumstances which may be an indication that a listed issuer has a level of operations that is inadequate to warrant continued trading and/or listing on the Official List (such level of operations shall hereinafter be referred to as “inadequate level of operations”); and
 - (b) the obligations of such listed issuer.
- 1.3 It must be noted that the circumstances set out under paragraphs 2.1 and 2.2 of this Practice Note are by no means exhaustive.
- 1.4 Nothing in this Practice Note shall be read to restrict the generality of paragraph 8.16 of the Listing Requirements.

2.0 Determination of adequacy of level of operations

- 2.1 The following are some of the circumstances, the occurrence of any one of which, may lead the Exchange to determine a listed issuer as having inadequate level of operations pursuant to paragraph 8.16 of the Listing Requirements:-

- (a) where the assets of the listed issuer on a consolidated basis consist of 70% or more of cash and/or short term investments (hereinafter referred to as "Cash Company"). As a minimum requirement, the listed issuer must make a determination as to whether it is or has become a Cash Company when it disposes its assets and/or business on a group basis or prepares its financial statements or accounts.

For the purpose of this paragraph, "short term investments" means investments which are by their nature readily realisable and intended to be held for 12 months or less including interests (equity or otherwise) in companies;

- (b) the listed issuer has suspended or ceased:-
 - (i) all of its business or its major business; or

- (ii) its entire or major operations,
for any reasons whatsoever including, amongst others, due to or as a result of:-
- (aa) the cancellation, loss or non-renewal of a licence, concession or such other rights necessary to conduct its business activities;
 - (bb) the disposal of the listed issuer's business or major business; or
 - (cc) a court order or judgment obtained against the listed issuer prohibiting the listed issuer from conducting its major operations on grounds of infringement of copyright of products etc.

For the purpose of this paragraph, "major" means such proportion that contributes or generates 70% or more of the listed issuer's revenue on a consolidated basis based on its latest annual audited accounts; or

- (c) the listed issuer has an insignificant business or operations. For the purpose of this paragraph, "insignificant business or operations " means business or operations which generates revenue on a consolidated basis that represents 5% or less of the issued and paid-up capital (excluding any redeemable preference shares) of the listed issuer (hereinafter referred to as "Capital") based on its latest annual audited accounts.

For the purpose of computation, where there is/are a change/changes to the Capital in that financial year, the weighted average Capital for that financial year shall be used. The weighted average Capital means the total amount of the Capital at the beginning of the financial year, adjusted by the amount of increase or reduction in the Capital during that financial year multiplied by a time-weighting factor. The time-weighting factor is the number of days that the specific Capital is outstanding as a proportion of the total number of days in that financial year.

Example - Weighted Average of Capital		Issued and Paid up Capital (RM)
1 January 2000	Balance	60,000,000
1 June 2000	Issue of 10,000,000 new shares for cash	70,000,000
1 Dec 2000	Issue of 12,000,000 new shares for cash	82,000,000
Computation of weighted average:		
$(60,000,000 \times 151/365) + (70,000,000 \times 183/365) + (82,000,000 \times 31/365) = 66,882,185$		

- 2.2 Where a listed issuer falls within any one of the circumstances set out in paragraph 2.1 above, the Exchange will make a determination as to whether the listed issuer has inadequate level of operations after consideration of all relevant facts and circumstances relating to the listed issuer's business and operations as well as the prevailing macro-economic conditions. If the Exchange determines the listed issuer as having inadequate level of operations, the Exchange will notify the listed issuer of this determination (hereinafter referred to as "the Notice").
