

The Rising Star of Asia – Bursa Malaysia Derivatives

The Bursa Malaysia – Chicago Mercantile Exchange strategic partnership was sealed in September 2009 to develop the Malaysian Derivatives market. On the 3rd anniversary of this collaboration, Bursa Malaysia Derivatives (BMD) won two awards at the Futures & Options World (FOW) Awards for Asia held in September 2012. BMD emerged runner up and was highly commended for the 'Asian Derivatives Exchange of the Year'. BMD's technology infrastructure also won the 'Best Technology Innovation by an Asian Exchange'.

BMD would like to thank and attribute this recognition to the Ministry of Finance, Securities Commission, Bank Negara Malaysia, our Trading Participants and all our valued stakeholders for being with us on this journey, to grow and internationalise the Malaysian derivatives market. Together, let's create greater chapters to come.

Find out how you can be part of this exciting derivatives industry from our Trading Participants.
