Bursa LINK Users

Dear Sir/Madam

UPDATE ON BURSA LINK COST

We refer to the above matter.

Please be informed that we have updated Bursa LINK related charges as per Appendix I in relation to the annual fee for the Web Browser Common User Id. We also wish to inform that no additional annual fee will be imposed for having both options i.e. Client R7 and Web Browser as Client R7 would serve as a backup to the Web Browser. However, users will be subject to the installation fee of RM160 per PC as per the current practice.

Kindly be advised that Bursa Malaysia Securities Berhad ("Bursa Securities") has the rights to revise the charges whenever appropriate.

Please take note that you should upgrade to Client R7 and/or Web Browser soonest possible as the Client R4.6 will be phased out soon. Bursa Securities will notify LINK users on the date for the termination of Client R4.6, in the near future.

For further information on the LINK Technology Refresh, the document is available via our Bursa LINK Bulletin Board webpage at http://www.bursamalaysia.com/website/bm/bursalink.html

Kindly advise the relevant person (s) in your organisation in respect of the above matter.

Should you require further clarification on the above, please contact the following:

(1) Roseliliwati Md Ghazali – 2034 7006
(2) Faizatul Adlin Mohd Adnan – 20347576
(3) Sharifah Norzana Syed Jaafar – 2034 7130

Thank You.

Yours faithfully

JOHAN ABDULLAH
Deputy Chief Regulatory Officer

Encl.
