Bursa LINK Users

Dear Sir/Madam

BURSA LINK TEMPLATE UPDATES – INSTRUMENTS' PROFILE

We refer to our letter dated 21 March 2007 in relation to the above.

We wish to advise that the Instruments' Profile template has been enhanced and we would like to highlight on the usage of that template.

The intended use of the Instruments' Profile template is to provide issuers with a standard disclosure format on the salient terms and conditions of an instrument listed on the Exchange. The issuers of the respective instruments shall be the main users of the template.

In this connection, the issuers are required to disseminate the Instruments' Profile via the Bursa LINK prior to the listing of the instruments. Please also be informed that the instrument's specific stock name and code should be used in the header of the template instead of the mother / underlying shares.

For further details on Instruments' Profile template, please refer to the Appendix I.

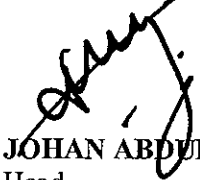

The download procedures can be obtained via our new Bursa LINK Bulletin Board webpage at <http://www.bursamalaysia.com/website/bm/bursalink.html> (Kindly note that the new template update is available for downloading and you may download between **8:45am to 4:30pm** to avoid any interruption to the users that need to submit announcements after 5:00pm)

Should you require further clarification on the above, please contact the following persons:

- (1) Roseliliwati Md Ghazali – 2034 7006
- (2) Sharifah Norzana – 2034 7130
- (3) Nor Sarizah Zakaria – 2034 7324

Thank You.

Yours faithfully

JOHAN ABDULLAH
Head
Listing Division
Group Regulations

Encl.
