Dear Sir/Madam

Date and Time Format for Announcements via Bursa LINK

We refer to the above.

We wish to remind all LINK users to ensure that the date/time setting for the PC used in relation to Bursa LINK should be using the date format as **dd/MM/yyyy** and the time format as **h:mm:ss tt.**

Any date/time specified in the LINK announcement templates are based on the PC date setting. By having a different format, it can confuse the investors/public when they read the announcements via the website.

Kindly advise the relevant person (s) in your organisation in respect of the above matter.
