

OVERVIEW

- BMD is connected to the CME Globex ® trading platform
- If your firm/client has an existing connection to CME Globex ®, infrastructure wise, you are already connected to BMD
- Your firm/client is only required to have a relationship with a BMD Broker, who will provide the iLink id (trading id) for your trading purpose and clear your trades
- If your firm/client already has a connection to CME Globex ®, however do not have a relationship with a BMD Broker, do get in touch with our Business personal (please see the *Business Contact List*) and we will facilitate the relationship
- If your firm/client is not connected to CME Globex ®, and do not have a relationship with a BMD broker, we will facilitate both connectivity and relationship

CLIENT-BMD BROKER RELATIONSHIP

Connectivity

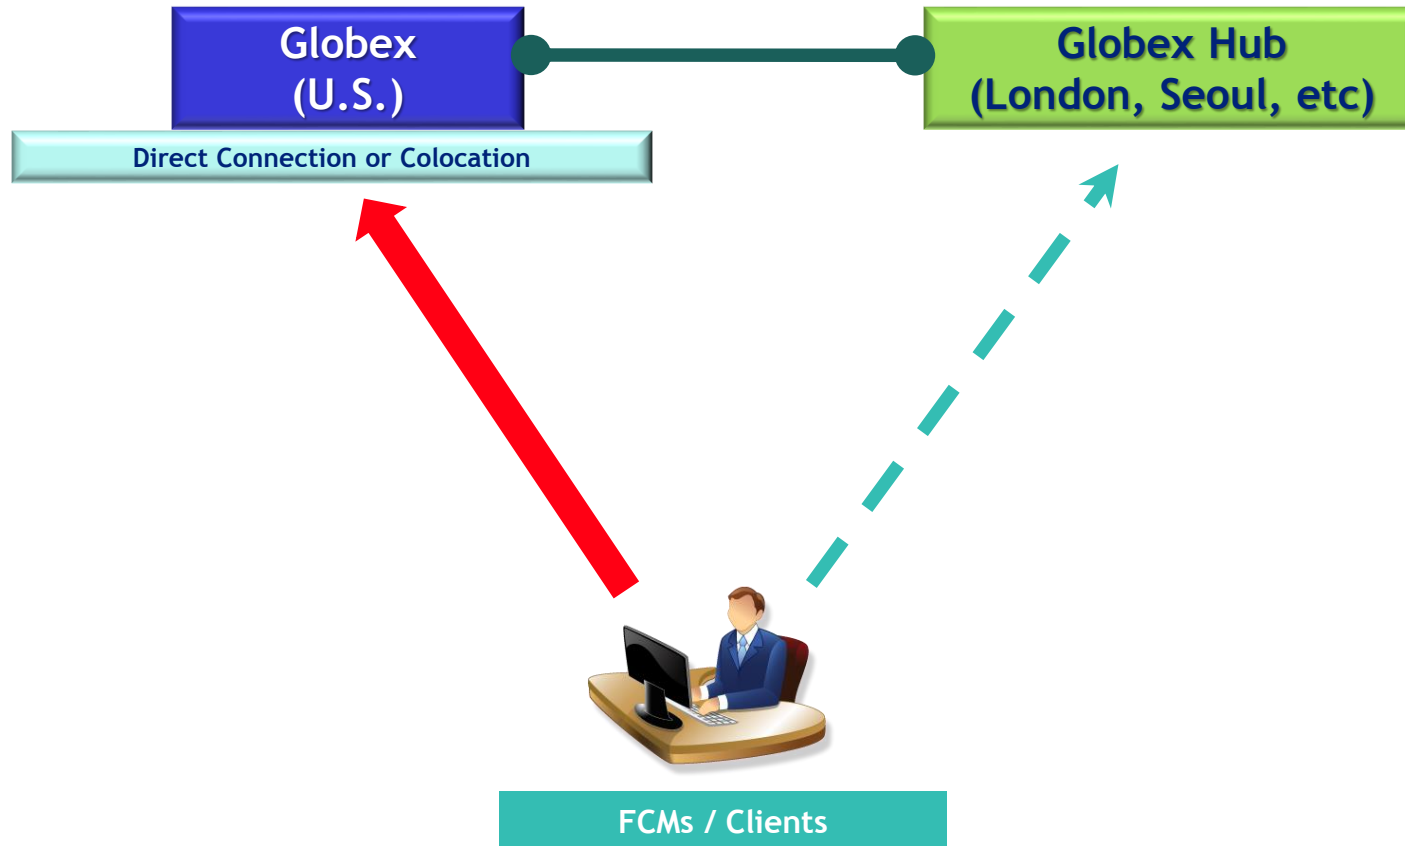

PLUG AND TRADE:

For Traders who have existing connection to CME Globex®, they only need to:

1. Establish a relationship (Trading and Clearing) with Malaysian FCM directly or through a FCM; and
2. Request iLink session from FCM to access BMD's Products.
