- (1) A Participating Organisation must register the Participating Organisation's proposed Registered Person under all categories applicable to that proposed Registered Person.
- (2) A Participating Organisation registering a person under two or more categories of Registered Person need not pay the fees the Exchange stipulates (if any) for each category. The Participating Organisation must pay the fees the Exchange stipulates (if any) for the category with the highest total fees charged.

For example:

A Head of Dealing must be registered as both a Head of Dealing and a Dealer's Representative.

The total admission, application and monthly subscription fees (for the first month) for the registration of a Head of Dealing and Dealer's Representative is set out below.

As the amount payable for the registration of a Head of Dealing is higher than a Dealer's Representative, that person must pay the fees for the registration of a Head of Dealing. That person need not pay any fees for registering as a Dealer's Representative.

	Total fees payable for the first month of registration	Head of Dealing (RM)	<u>Dealer's Representative</u> (RM)
<u>(a)</u>	Application fee	1,000.00	Ξ
<u>(b)</u>	Registration fee	2,500.00	500.00
<u>(c)</u>	Monthly subscription fee	300.00	Ξ.
	Aggregate fees payable	3,800.00	<u>500.00</u>

4 Rules 301.8 and 302.12

Rule 301.8 requires a Participating Organisation to pay the Exchange all fees and charges the Exchange stipulates in the manner and within the period the Exchange specifies. Rule 302,12 requires a Participating Organisation to pay the Exchange all fees and charges the Exchange stipulates for the registration of a Registered Person in the manner and within the period the Exchange specifies

In connection with the above Rules, a Participating Organisation must comply with the following directives:

4.1 Admission or registration fees

- (1) The fees payable to the Exchange in connection with any application for admission or registration under Chapter 3 are set out in Schedule 1 of this Directive.
- (2) Unless the Exchange decides otherwise, subscription fees will be charged on a monthly basis and pro-rated accordingly.

4.2 System maintenance fee

A Participating Organisation must pay to the Exchange a fee at the rate of 0.0025% of the Contract Value defined in Rule 1101.1(1) for maintaining and managing the ATS

Comment [B65]: Previously, Rule 1004.1.

Deleted: the Exchange shall levy on Participating Organisations

Deleted: as determined by the Exchange from time to time

Comment [B66]: Incorporating the rate specified in R/R 2 of 2001 here. Rule 301.8 already sets out the principle that the Exchange must pay the Exchange all fees and charges the Exchange stipulates. As such, there is no need to further state that the Exchange shall levy on POs a fee as determined by the Exchange from time to time to maintain and manage the system. This directive requires a PO to pay a fee at the rate of 0.0025% of the Contract Value defined in Rule 1001.1(1) for maintaining and managing the ATS.

Comment [B67]: "ATS" is defined in Rule 101.1(1) to mean the automated and computerised securities trading system established by the Exchange which includes SCORE, Participants' front end operations and back office systems

Comment [B68]: Deletion in line with keeping the rules flexibles.

Comment [B69]: Unnecessary as Rule 301.8 requires a PO to pay us all fees and charges we prescribe within the period we specify.

Deleted: . Such fee shall be a percentage of the contract value on all bought and sold contracts. All Participating Organisations shall remit such fee to the Exchange within one (1) week from the Exchange's billing date.

- (2) The following terms have the following meanings in this Directive unless the context requires otherwise:

<u>Term</u> <u>Meaning</u>

<u>Participant</u> <u>Both a Participating Organisation and Registered Person.</u>

1. Rule 311.1(1)

This Rule empowers the Exchange to take such action automatically as the Exchange thinks fit against a Participating Organisation or Registered Person(s) to protect the interests of Clients, the public or the Exchange if the Exchange is of the opinion that:

- (a) the manner in which the Participating Organisation or Registered Person(s) conducts the Participating Organisation's business is detrimental to Clients, the public or the Exchange:

The circumstances when the Exchange may take action against a Participant under Rule 311.1(1) include:

1.1 Circumstances and actions

1

- (1) If any of the following circumstances arise in relation to a Participant, the Exchange may take any one of more of the actions referred to in Paragraph 1.1(2) against that Participant:

Comment [B1]: To introduce a new rule that allows us to take immediate action in certain circumstances. The circumstances upon which we can take action under this new rule are limited and are restricted to those circumstances that are detrimental to Clients, the public or the stock market.

We have incorporated previous Rule 302.4(1) into this rule as Rule 302.4(1) sets out specific circumstances when the Exchange can take action against a Participant and the types of action the Exchange can take. See also our comments in the deleted Rule 302.4(1).

Comment [B7]: According to Ballentine's Law Dictionary, "summarily" means expeditiously; dispensing with formalities which merely delay action. The intention here is for the Exchange to be able to immediately take action against the Participant for failure to comply with any of the terms of the notices referred to in Paragraphs 1.1(3) and 1.2(1) without having to go through the disciplinary procedures under Rule 1402.

7. Rule 502.3(2)(a)

This Rule requires a Participating Organisation or a Dealer's Representative to ensure that a Trading Clerk does not carry out the functions of a Dealer's Representative.

7.1 Functions of a Dealer's Representative

- (1) A Trading Clerk will be considered to have carried out the functions of a Dealer's Representative if:
 - (a) the Trading Clerk inputs orders through ATS without any prior instructions from a Dealer's Representative; or
 - (b) the Trading Clerk takes instructions or solicits orders directly from a Dealer's Representative's Client or any other person for the purpose of trading in Securities.

8. Rule 503.1(1)(a)

This Rule requires a Participating Organisation to obtain all essential information about the Client relevant to the services to be provided before a Participating Organisation opens a trading account for the Client.

In discharging the obligations under the above Rule, a Participating Organisation must comply with the following directives:

8.1 Essential information

- The essential information referred to in Rule 503.1(1)(a) includes essential facts about the Client's background including:
 - (a) the Client's investment objectives.
 - (b) the Client's knowledge and experience in dealing in Securities;
 - (c) the Client's financial position:
 - whether the Client is associated, within the meaning in Section 3 of the Capital

 Markets and Services Act, to an employee, a director or a Dealer's Representative of
 the Participating Organisation; and
 - whether the Client is trading for himself as a Beneficial Owner or as an Authorised Nominee or Exempt Authorised Nominee.

9. Rule 503.1(1)(b)

This Rule requires a Participating Organisation to verify the genuineness and authenticity of the Client and the application to open a trading account with the Participating Organisation.

In discharging the obligations under the above Rule, a Participating Organisation must comply with the following directives:

9.1 Authentication of account opening application form

Comment [B67]: Setting out what the Exchange considers as part of the functions of a DR will be set out in the directives elaborating on the principle in this Rule. See further our note in Rule 503.3(2)(a).

Comment [B68]: Previously, part of Rule 404.4(1)(b). This requirement also incorporates previous Rule 404.3(3) that requires a PO to implement and maintain appropriate guidelines on its DRs to assist them in learning essential facts about the DR's client's backgrounds, including the client's investment objectives, knowledge and experience in dealing in securities, financial background and any other information as may be required by the Exchange from time to time.

Deleted: standing or credit worthiness and clients investment objectives) are obtained

Comment [B69]: Previously, Rule 404.4(2)(g). The information in this rule is now information that a PO needs to obtain upfront before a PO opens a trading account for a Client. This is for the PO to ascertain whether the PO may grant credit facilities to the applicant. Under the revamped rules, a PO may not grant credit facilities to:

(1) any of the PO's directors, employees, CDRs or PDTs – see Rule 609.2(6);

(2) the spouse, parent or child of the PO's director, employee or PDT – see Rule 609.2(6); and

(3) any other person who is prohibited under Section 94(2) of the CMSA — to note that Section 94(2) prohibits a PO from giving credit to the PO's employee or a person who, to the knowledge of the PO is associated with such employee if the credit is given to the person to purchase or subscribe for any securities. This is why we have fashioned this rule to follow the wording in Section 94(2) of the CMSA.

Consequential to simplifying the rule on authentication of account opening application forms. To note that the general principle that a PO must take reasonable steps to verify the identity of the applicant and the information in the applicant's account opening application form would still apply to an applicant that is not an individual. And this verification must be done based on reliable sources. It is only the requirement for the applicant to be present before the specified persons and to have those persons verify the information that is dispensed with for non-individual applicants.

To clarify that a PO may determine the mode and manner the statement of account is sent to a Client.

Page 12: [89] Comment [B97] Bursa 25-02-09 10:57:00 AM

To require the PO to obtain the Client's prior revocable consent if the PO wishes to issue the statement of account in electronic form.

We are looking to standardise the requirement on consent for issuing electronic statements of account with the current SC's requirements for issuing electronic contract notes currently contained in SC's Guidelines on Electronic Contract Notes so that the requirements are the same for monthly statements and contract notes. This is why we have stated that any requirement imposed by the Exchange or the Commission on consent to the issue and delivery of electronic contract notes are to apply equally in relation to the consent required under this Rule.

An example of the requirements on consent for issue of electronic contract note in the SC's Guidelines on Electronic Contract Notes is that there must be (1) consent for the issuance and delivery of the contract note in electronic form:

(2) consent as to the manner of issuance and delivery of the electronic contract note, either through email or accessing a website; (3) consent to receive contract note through other modes in the event of systems failure etc.

Deleted as the main principle is that a PO must obtain the PO's Directors' approval to write off any amounts.

Unnecessary as there is an existing obligation in these Rules that obliges a PO to give the Exchange access to all information, books and records as the Exchange requests.

Previously Rule 1104.3. Moved here as the details of what should be included in the audited financial statements in relation to suspension of interest and provision for bad and doubtful debts should be included in the PO Manual and not in the Rules.

Calculate the Position Risk Requirement for each net equity position using the formula below. Net long and net short positions must both generate positive Position Risk Requirements.

Mark To Market

x PRF PRR equity position value of net position

Where,

PRF = Applicable Position Risk factor, as stipulated in Schedule 3

Step 2

Calculate the Position Risk Requirement based on the Standard Approach for each country portfolio as follows;

Aggregate of PRR applicable to the net long and net $\mathsf{PRR}_{\mathsf{\;country\;portfolio}}$ short position within the country portfolio

Step 3

Calculate the total Position Risk Requirement based on the Standard Approach as follows:

Standard = Aggregate of the PRRs of all country portfolios Approach

(7) **Building Block Approach**

(a) Additional qualifying criteria

> A Participating Organisation may use the Building Block Approach on equity and equity equivalent positions if:

- within a country's portfolio, there are at least 5, net long or 5, net short (i) positions held in listed and quoted securities that form part of the component stock of any market index maintained or acceptable to the Exchange. Schedule 4 sets out the Recognised Market Indices; and
- a particular net long or short position exceeds 20% of the gross value of the (ii) country's portfolio, Here, only the amount up to 20% may be treated under the Building Block Approach. The excess amount must be treated under the Standard Approach.

(b) Methodology,

A Participating Organisation must calculate the total Position Risk Requirement based on the Building Block Approach on a country by country basis as the sum of the specific risk and general market risk. This is illustrated below.
