

Bursa Malaysia Derivatives Berhad
(261937-H)

Date: 11 January 2021

Trading Participant Circular: 01/2021

**BUSINESS CONTINUITY PLAN (BCP) SIMULATION EXERCISE ON 10 APRIL
2021 AND 23 OCTOBER 2021**

This circular is to give advance notice to Trading Participants (TPs) that two BCP Simulation Exercises will be conducted on the following dates:

Saturday, 10 April 2021 – CME Globex production trading platform will be made available for TPs to conduct the simulation on their own Disaster Recovery (DR) facilities to evaluate the readiness of their organization's BCP if there is a failure to trading facilities at their main site. Participation in this exercise is mandatory for all TPs unless they have conducted their live BCP test in 2021 or TPs who have their main site and DR site operating simultaneously on a day-to-day basis.

Saturday, 23 October 2021 – This BCP Exercise will simulate a failover from CME's main site in Chicago to CME's DR site in New York. Concurrently, Bursa will failover from Bursa's main site to Bursa's DR site. Participation in this exercise is mandatory for all TPs as it is essential that TPs are well prepared and familiar with the procedures to handle such situations.

A follow-up circular outlining the schedule, tasks and expectations will be issued later prior to the BCP simulation exercise. TPs are to make the necessary arrangements with their respective order management system vendors for participation in the upcoming exercise.

Should you have any queries, please do not hesitate to contact the Derivatives Trading Operations Department.
