

SERVICES SCHEDULE

Network Access Services for Information Vendors (via 3rd Party Network Service Provider)

A. Subscriber Requirements

(1) EQUIPMENT

Subscriber need not purchase the Equipment prescribed by Bursa Malaysia for each Subscription. However, the Subscriber will have to meet the equipment specifications of their Third Party Network Service Provider ("NSP").

(2) TELECOMMUNICATIONS SUBSCRIPTION

- (i) Subscriber shall subscribe directly to any NSP approved by Bursa Malaysia for the requisite connection(s).
- (ii) Subscriber shall be solely responsible for the telecommunications / network services subscription charges and to pay directly to the respective NSP.
- (iii) The Subscriber shall coordinate with Bursa Malaysia in relation to the installation, testing and commissioning of network access service with Bursa Malaysia's network.

B. Subscription Services

Bursa Malaysia shall configure and manage Bursa Malaysia's firewall and core network to enable the Subscriber to access Bursa Malaysia's trading system.
