### **FTSE4GOOD BURSA MALAYSIA INDEX (F4GBM)**

Launched in December 2014, the F4GBM Index measures the performance of public listed companies (PLCs) demonstrating strong Environmental, Social and Governance (ESG) practices. The F4GBM Index constituents are drawn from the companies on the FBM EMAS Index, comprising PLCs from across the small, medium and large market capitalisation segments.

Following the December review, **seven companies were added, and three companies were removed** from F4GBM as below. Pursuant to the revision, F4GBM is made up of 80 constituents.

The reason for the addition is that the stock now meets FTSE4Good criteria while the exclusions are due to the stocks being deleted from the FTSE Bursa Malaysia EMAS Index. The F4GBM Index measures the performance of public-listed companies, drawn from the FTSE Bursa Malaysia EMAS Index, demonstrating strong Environmental, Social and Governance practices.
